Future-Ready Simulation Management Built to Grow **WITH** You.

Education Management Solutions (EMS) is advancing the future of healthcare training with a structured modular vision for our foundational simulation management solutions.

Strategically developed to adapt to an evolving educational landscape, EMS modular solutions provide the flexibility to support organizations at every stage, whether you're launching a new simulation program, expanding existing capacity, or refining your existing workflows.

Start strong. Expand confidently. Achieve more.

GENERAL INFORMATION

GENERAL
INFO

GENERAL INFORMATION

WELCOME

Welcome to IMSH 2026!

It is my privilege to welcome you to the International Meeting on Simulation in Healthcare (IMSH) 2026, here in vibrant San Antonio, Texas.

This year's theme, "**UNBOUND**," invites us to push past barriers and challenge assumptions about what healthcare simulation can achieve. We are not confined by tradition, geography, or discipline. We are unbound! Free to innovate, collaborate, and reimagine the future of patient care.

Over the next several days, you'll experience one of the most ambitious programs in IMSH history. With nearly **800 sessions** drawn from more than **1,300 submissions**, four inspiring keynote speakers, a sold-out Exhibit Hall, immersive workshops, and dynamic mainstage events, IMSH 2026 showcases the creativity, expertise, and energy of our global simulation community.

We also continue to celebrate the spirit of connection and fun that defines IMSH, through the **SimFit 5K Run, Walk, and Roll**, the **second annual IMSH Cornhole Tournament** benefitting the SSH Fund, and countless opportunities to meet new colleagues and strengthen long-standing partnerships.

Whether you're here to refine your skills, explore emerging technologies, build collaborations, or simply be inspired by the extraordinary work of your peers, your participation advances SSH's shared vision: to serve a global community of practice dedicated to improving the quality and safety of healthcare.

As you engage in sessions, hands-on learning, and meaningful conversations, I encourage you to live the theme fully. **Be bold. Share your ideas. Ask challenging questions. Take creative risks.** Together, let's imagine what healthcare simulation can accomplish when it is truly **unbound**!

Lastly, I want to thank you for being here and for the work you do every day to make healthcare safer, stronger, more equitable, and more humane. I look forward to connecting with you throughout the meeting and to all that we will achieve together.

With appreciation and optimism,

A stylized, handwritten signature in black ink, consisting of several overlapping loops and a long horizontal stroke extending to the right.

WELCOME TO IMSH2026!

Friends and colleagues,

On behalf of the Planning Team, welcome to San Antonio and the 2026 International Meeting on Simulation in Healthcare!

While President Jared Kutzin has shared the broader vision of this year's theme, **UNBOUND**, we want to highlight what makes this year's meeting special — and how you can get the most from your time here.

This year's program is our most ambitious yet, with nearly **800 sessions** drawn from over 1,300 submissions. Whether you're seeking skill-building workshops, cutting-edge research, immersive experiences, or inspiring mainstage presentations, you'll find countless opportunities to learn and grow.

Some highlights you won't want to miss:

- **Keynote Speakers** who will challenge and energize your thinking.
- A **sold-out Exhibit Hall** with 130+ partners showcasing the latest tools, technologies, and collaborations.
- **Immersives and workshops** designed to let you learn by doing.
- **Networking and community events** — from the President's Diamond Ball, to the SimFit 5K Run, Walk, and Roll, to our second annual Cornhole Tournament supporting the SSH Fund.

This year, we also worked to make IMSH more **inclusive and accessible** than ever. Through the conference app, you'll be able to see food choices available each day, plan your schedule with greater ease, and quickly access information to help you navigate the program and spaces comfortably. These small but meaningful changes reflect our belief that when every attendee feels included and supported, our community grows stronger.

And don't forget — IMSH 2026 is also about experiencing the spirit of San Antonio. We encourage you to take time to explore the River Walk, enjoy the city's vibrant food scene, and soak in the culture and hospitality that make this city so unique.

Our goal as a Planning Team was simple: to design a meeting that sparks new ideas, fosters collaboration, and leaves you with practical takeaways you can bring back to your work — all in effort to push healthcare simulation forward in a new era.

Thank you for being here, and thank you for the passion and expertise you bring to this community. We hope this week is both rewarding and memorable — and that you leave San Antonio energized, inspired, and truly **unbound**.

Sincerely,

The IMSH 2026 Planning Team

John E. Alex, M.D., CHSE-A, CHSOS-A, RDMS, FACEP, FAAEM

Amy Follmer, CHSOS-A, CHSE, FSSH

Syretta Spears, CHSOS-A, CHSE

One Action Changes Everything

GENERAL INFORMATION

REGISTRATION

Location: San Antonio Convention Center Main Entrance Lobby

Registration Hours

Friday: 11:00 AM – 4:30 PM

Monday: 7:00 AM – 4:30 PM

Saturday: 7:00 AM – 4:30 PM*

Tuesday: 7:00 AM – 4:30 PM

Sunday: 7:00 AM – 4:30 PM

Wednesday: 7:00 AM – 9:00 AM

*Check in for President's Diamond Ball Attendees will be open at 6 PM
(outside of Grand Hyatt Lone Star Ballroom on 2nd floor)

SSH CENTRAL

Location: San Antonio Convention Center Main Entrance Lobby

SSH Central Hours

Friday: 11:00 AM – 4:30 PM

Monday: 7:00 AM – 4:30 PM

Saturday: 7:00 AM – 4:30 PM

Tuesday: 7:00 AM – 4:30 PM

Sunday: 7:00 AM – 4:30 PM

Wednesday: 7:00 AM – 9:00 AM

GENERAL INFORMATION

Stop by SSH Central to meet SSH Staff, learn more about SSH Certification and Accreditation, get other event info, and meet your colleagues!

You'll also find:

- IMSH Information
- IMSH Attendee Map (show us where you're from!)
- SSH Fund: Pushing the boundaries of innovation and research and expanding access to the Society
- Foundation for Healthcare Simulation Safety

PRESENTER CENTER

Location: San Antonio Convention Center Main Entrance Lobby

Presenter Center Hours

Friday: 11:00 AM – 4:30 PM

Monday: 7:00 AM – 4:30 PM

Saturday: 7:00 AM – 4:30 PM

Tuesday: 7:00 AM – 4:30 PM

Sunday: 7:00 AM – 4:30 PM

Wednesday: 7:00 AM – 11:00 AM

Whether you are faculty for an educational course, presenting an abstract, or showcasing a new idea, stop by the SSH Presenter Center to test your presentation equipment.

Any other onsite questions about your presentation? Presenter Center is your place!

**Train smarter with IVS.
Record. Review. Improve.**

**See VALT in action.
Stop by for a quick demo.**

CHSE AND CHSOS EXAM INFORMATION

While we are not offering the CHSE or CHSOS exams on site at IMSH this year, there are still options to test if you completed your application and have been approved to take your exam. You can take your exam in your hotel room using live remote proctoring or schedule your exam at a nearby testing center in San Antonio.

SSH Pioneer Award for Distinguished Contributions to Healthcare Simulation

In honor of extraordinary vision and leadership to recognize and commemorate the pioneering contributions of

Amitai Ziv

to healthcare safety and excellence through simulation. Through his unwavering dedication, innovative spirit and commitment to excellence in simulation-based training, Dr Ziv transformed healthcare education, vastly impacting the field globally.

Congratulations!

ACCREDITATION STATEMENT

In support of improving patient care, the Society for Simulation in Healthcare (SSH) is jointly accredited by the Accreditation Council for Continuing Medical Education (ACCME), the Accreditation Council for Pharmacy Education (ACPE), and the American Nurses Credentialing Center (ANCC), to provide continuing education for the healthcare team.

This activity was planned by and for the healthcare team, and learners will receive a maximum of 52 Interprofessional Continuing Education (IPCE) credits for learning and change.

JOINTLY ACCREDITED PROVIDER™
INTERPROFESSIONAL CONTINUING EDUCATION

OBTAINING CREDIT FOR ATTENDANCE

Make sure to have your badge scanned as you enter the classroom in order to receive credit.

After each session, you will be able to complete the course evaluation immediately through the mobile app and/or webpage. Once IMSH is over, you will be able to access your full course transcript, course evaluations and IPCE certificate via the mobile app and/or webpage. Deadline to claim your IPCE certificate is March 31, 2026.

DISCLOSURES

The IMSH 2026 Planning Team and SSH Staff have no financial relationships with ineligible companies. Individual presenter disclosures are available on the IMSH Scheduler web page.

SSH Presents: Accreditation Application Readiness

SATURDAY
January 10, 2026
8:00 am - 5:00 pm

Attendees will learn about the application process and connect with reviewers about specific areas of accreditation that interest their program!

Laerdal
helping save lives

Laerdal Medical

TRANSFORM TRAINING. EMPOWER CLINICIANS.
IMPROVE CARE.

Step into a fully immersive simulation environment where advanced simulation tools meet hands-on learning. Join us in booth 401 to explore a powerful lineup of solutions designed to enhance clinical training and improve patient outcomes.

Why visit Laerdal Medical?

- Hands-on demos with product experts
- Live scenario walkthroughs
- Exclusive previews of upcoming innovations
- Giveaways & networking opportunities

Experience the future of healthcare simulation at booth 401.

FOOD & BEVERAGE

Your IMSH registration includes plenary sessions, general session educational courses, program materials, exhibit hall access and receptions, coffee breaks and three lunches. Receptions may include a cash bar option for attendees.

Coffee and tea will be available in the Exhibit Hall during hall hours. Coffee and tea will be available prior to all Plenary Sessions.

Additional food in the Exhibit Hall includes:

SUNDAY

12:30 PM – 2:00 PM: Lunch Open

MONDAY

11:30 AM – 1:30 PM: Lunch Open

4:30 PM – 6:00 PM: Reception with beverages and light snacks.

TUESDAY

11:30 AM – 1:30 PM: Lunch Open

SSH FUND

One great way for your company to invest in the future of healthcare simulation is to support the SSH Fund. Donations to the SSH Fund provide resources for initiatives like research grants, scholarships, SimVentor Awards cash prizes, and a fund for the Chad Epps lecture. Show your support, make an investment in the future field of healthcare simulation, and receive benefits that complement those you get as an exhibitor or sponsor. Go to sshfund.org to learn more.

TECHNOLOGY FORUM

Unleashing Potential – Removing Barriers to Technology Integration

This forum will bring together simulation experts and healthcare leaders to discuss the current state of healthcare simulation and envision its future.

TECHNOLOGY FORUM SCHEDULE

FRIDAY, JAN. 9

- 12:30pm – 1:30pm:** Tech Forum General Opening Session
- 1:30pm – 1:40pm:** Break and Move into Break-Out Sessions
- 1:40pm – 2:55pm:** Breakout Session 1- Modality & barriers to use
- 2:55pm – 3:10pm:** Attendee Break
- 3:10pm – 4:25pm:** Breakout Session 2 – User groups & barriers to implementation
- 4:30pm – 5:30pm:** Closing Session
- 5:30pm – 7:00pm:** Cocktail Reception with the SSH Board of Directors @ Grand Hyatt San Antonio River Walk

SATURDAY, JAN. 10

- 7:30am – 8:15am:** Continental Breakfast
- 8:30am – 8:50am:** Tech Forum General Session: Review of Day 1 and objectives of Day 2
- 9:00am – 10:30am:** Breakout Session 3 – Corporate Roundtable panel on the barriers discussed from day 1
- 10:30am – 10:45am:** Attendee Break
- 10:45am – 12:30pm:** Tech Forum General Closing Session: Final Report Out

LEARNING LABS

Join us as exhibiting members of the SSH Corporate Roundtable showcase products and services to you, the leaders in the field of healthcare simulation. Not all of these Learning Labs are eligible for IPCE credit.

See the SSH Events App for speakers and roundtable details.

SUNDAY, JAN 11, 2026

Lucid Reality Labs Presents: Infinite Simulations, Real-World Readiness: Revolutionizing Healthcare Education with DIVE (Dynamic Infinite Virtual Environments) - 23491

Learning Lab (Hands on 60-minute workshop)

8:30am - 9:30am

San Antonio Convention Center - 301B

Education Management Solutions Presents: Creating a Simulation-Based Signature Assignment to Assess AACN Competencies in one of the four Spheres of Care - 44087

Learning Lab (Hands on 60-minute workshop)

9:30am - 10:30am

San Antonio Convention Center - 301A

Laerdal Medical Presents: Driving Healthcare Improvement Through Translational Simulation and Collaboration - 65787

Learning Lab (Hands on 60-minute workshop)

9:30am - 10:30am

San Antonio Convention Center - 301B

MONDAY, JAN 12, 2026

SIMStation Inc. Presents: Empowering Tomorrow: The Strategic Role of Simulation in AI-Driven Medicine - 89985

Learning Lab (Hands on 60-minute workshop)

9:45am - 10:45am

San Antonio Convention Center - 301A

Intelligent Video Solutions Presents: See It, Show It, Prove It: Leverage Video for Competency-Based Education in Simulation - 52263

Learning Lab (Hands on 60-minute workshop)

9:45am - 10:45am

San Antonio Convention Center - 301B

Gaumard Presents: From Idea to Action: Designing Clinical Scenarios in UNI® 3 - 17440

Learning Lab (Hands on 60-minute workshop)

11:00am - 12:00pm

San Antonio Convention Center - 301A

Biomed Simulation Presents: Simulation as the New Standard of Care: Building Interprofessional Excellence Through ECMO Education and Beyond - 50937

Learning Lab (Hands on 60-minute workshop)

11:00am - 12:00pm

San Antonio Convention Center - 301B

Elevate Presents: Insight into Outcomes - Transforming Simulation Data into Meaningful Change

Learning Lab (Hands on 60-minute workshop)

1:30pm - 2:30pm

San Antonio Convention Center - 301A

SimX Presents: Teaching with AR, VR, MR, XR - 66753

Learning Lab (Hands on 60-minute workshop)

1:30pm - 2:30pm

San Antonio Convention Center - 301B

Tactical Medical Solutions Presents: Building Effective Prehospital Blood Transfusion Simulations: A Hands-On Lab for EMS Educators - 10459

Learning Lab (Hands on 60-minute workshop)

2:45pm - 3:45pm

San Antonio Convention Center - 301A

MEDICAL-X Presents: Structuring Success: Enhancing Debriefing and Simulation Center Efficiency - 81181

Learning Lab (Hands on 60-minute workshop)

2:45pm - 3:45pm

San Antonio Convention Center - 301B

Limbs & Things Presents: Technology-Enhanced Self-Directed Learning: Advancing Cardiorespiratory Examination and Airway Management Competencies Across Medical Specialties and Training Levels - 72248

Learning Lab (Hands on 60-minute workshop)

4:00pm - 5:00pm

San Antonio Convention Center - 301A

TUESDAY JAN 13, 2026

Lumeto Presents: Smarter Sim Starts Here: Building AI-Enabled Scalable Multimodal Learning Pathways - 95405

Learning Lab (Hands on 60-minute workshop)

9:45am - 10:45am

San Antonio Convention Center - 301A

Biomed Simulation Presents: Leveraging High-Fidelity Simulation to Expand Access to Cardiac Surgery in Sub-Saharan Africa - 77657

Learning Lab (Hands on 60-minute workshop)

9:45am - 10:45am

San Antonio Convention Center - 301B

University of Miami Gordon Center Presents: Simulation Innovations for Teaching & Assessing Bedside Cardiopulmonary Clinical Skills - 68403

Learning Lab (Hands on 60-minute workshop)

11:00am - 12:00pm

San Antonio Convention Center - 301A

Body Interact Virtual Patients Presents: Amplifying Clinical Reasoning in Large Groups: Hands-On Simulation with Body Interact - 29505

Learning Lab (Hands on 60-minute workshop)

11:00am - 12:00pm

San Antonio Convention Center - 301B

Leader Healthcare Presents: Designing and Sustaining Longitudinal Simulation Programs: A Blueprint for Lasting Impact - 28471

Learning Lab (Hands on 60-minute workshop)

1:30pm - 2:30pm

San Antonio Convention Center - 301A

PCS.ai Presents: Leveraging AI Intentionally: Transforming Simulation-Based Learning into a Self-Driven Experience - 95876

Learning Lab (Hands on 60-minute workshop)

1:30pm - 2:30pm

San Antonio Convention Center - 301B

CONGRATULATIONS TO OUR 2026

ABSTRACT AWARD WINNERS

26TH INTERNATIONAL MEETING ON SIMULATION IN HEALTHCARE

1st PLACE

**REACHvr: Leveraging Virtual Reality to Prepare Nursing
Students for Rural and Underserved Care**

Authors: Kelly Foltz-Ramos, Bonnie Vest, Clifford Minter

2nd PLACE

**Enhancing Call Centre Response to Adult High-Risk Callers:
Evaluating Simulation-Based Training for Poison
Centre Specialist**

Authors: Jennifer Allegro and Allison Davis

STUDENT AWARD

**Mental Health 'Life Support:' Establishing a simulation-
based suicide prevention communication training in
an urban pediatrics residency program**

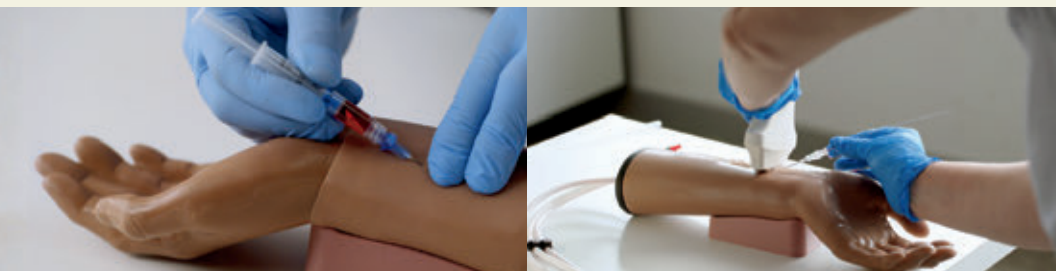

Author: Eesha Farooqi

limbs&
things

SPECIAL EVENT

President's Diamond Ball
Lone Star Ballroom

*Bob Waters Scholarship
Recipient*

Prajjwol Luitel, MBBS
Maharajgunj Medical Campus,
Institute of Medicine, Tribhuvan University
Kathmandu, Nepal

PRE-CONFERENCE IMMERSIVE COURSES

PRE-REGISTRATION / ADDITIONAL FEE REQUIRED

8:00 AM - 12:00 PM

SSH Accreditation: Core, Education, and Human Simulation Standards - 71292
San Antonio Convention Center 225C

SSH Presents: Embedding CBE Principles Across the Simulation Continuum from Prebrief to Assessment - 96113
San Antonio Convention Center 221D

8:00 AM - 5:00 PM

CHSE Course - 9156
San Antonio Convention Center 225A

CHSOS Course - 9158
San Antonio Convention Center 221C

SSH Accreditation: All Standards - 9166
San Antonio Convention Center 225C

SSH Presents: Simulation Grounded Competency Based Education Principles - 9184
San Antonio Convention Center 221D

12:30 PM - 4:30 PM

3D Printing in Healthcare Simulation: From Introduction to Printing - 62994
San Antonio Convention Center 301C

Assessing Learning and Performance Using Simulation: An Introductory Workshop - 67106
San Antonio Convention Center 302B

Burns: What Are They and How Do We Simulate Them? - 40134
Offsite University of Incarnate Word

From Vision to Reality: Building and Implementing a Successful XR Lab for Healthcare Simulation - 39600
Center for Simulation Innovation, University of Texas at San Antonio

Generative Artificial Intelligence in Action: Designing Real-Time, Emotionally Intelligent Healthcare Simulations with AI-Driven Avatars - 33492
San Antonio Convention Center 303A

SimBox in Action: Empowering Simulation Education and QI Across Settings - 76904
San Antonio Convention Center 303C

SSH Accreditation in Fellowship, Systems Integration, Research, and Assessment - 89514
San Antonio Convention Center 225C

SSH Presents: Implementation and Program Evaluation of Simulation in Competency Based Education (CBE) Training - 79280
San Antonio Convention Center 221D

Unbound by Walls: Scalable Simulation Design with Kits, Stories, and Imagination - 34651
San Antonio Convention Center 302A

OPENING PLENARY SESSION – THE CHAD EPPS MEMORIAL LECTURE

11:00 AM – 12:30 PM

Tania Katan is a powerhouse keynote speaker who electrifies audiences worldwide with her signature blend of motivational comedy, bold storytelling, and actionable insights.

From Fortune 500 companies to global summits, she teaches individuals, leaders and teams how to tap into their innate superpower – creativity – to drive innovation, discover unlimited possibilities, and build cultures where people don't just belong but long to contribute. Whether on stage, coaching, or leading workshops, Tania makes creativity and storytelling accessible, unforgettable, and – most importantly – immediately useful.

As a result, Tania is consistently one of the “Highest Ranked Speakers” at Fortune 500 companies, leading tech conferences, idea summits, marketing events, and more. Some of the organizations and major conferences impacted by her talks include: University of California Irvine, CiscoLive!, Sarasota Art Museum, National Association of Social Workers, Humana, Uber, Etsy, TJX, TED Talks, Expedia, Amazon, American Express, Talks at Google, INBOUND, Comedy Central Stage, and more.

Whether it's in a convention center filled with 20,000 people or waiting in line at the grocery store, Tania uses good humor and powerful storytelling to give her audiences the tools and inspiration necessary to crack open their imaginations, find their unique voices, and create necessary connections. Turns out that earning a B.A. in Theatre (with an emphasis on playwriting), was more lucrative than any disparaging academic advisor could have imagined!

This foundation has led to an unexpected and dynamic vocation: bringing more joy and imagination into places, processes, and people where it doesn't obviously belong, but is needed. Katan has proven that the best way to break barriers—whether in business, creativity, or life—is to rewrite the script and dare to play a role no one saw coming.

Beverlee Anderson Education Scholarship Fund

Made possible through the
SSH FUND

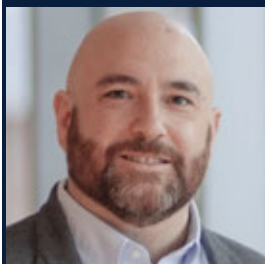

At IMSH 2008, SSH showed its gratitude and appreciation for its first Executive Director, Beverlee Anderson, who retired on July 1, 2008.

Her vision and promotion of simulation helped the Society achieve significant milestones. She was recognized for her efforts at the January 12, 2008 Board of Directors meeting as well as the membership business meeting in San Diego. It was with great honor that the Board of Directors announced the establishment of the Beverlee Anderson Education Scholarship Fund (BAESF) to continue her mission to provide support to attend IMSH and other SSH-sponsored educational activities.

After Beverlee's untimely death in September 2009, the SSH Board of Directors created a memorial fund to build on the already established Scholarship fund. Members are invited to make an online contribution to this fund by visiting sshfund.org. The fund application is tied directly to Beverlee's interest and past commitment of providing "scholarships" to those she identified as having a need for support to attend IMSH.

Scholarship Recipients

John DeMaio,
BS, EMT, EMS-I
Stamford Health
Stamford, Connecticut

Emily Bishop,
Healthcare Simulation
Technician III; CNA; BA
(Anthropology)
Colorado University -
University of Colorado
College of Nursing
(Anschutz Medical Campus)
Aurora, Colorado

Dr. Soheir Elbanna,
MSN, MBA, Master in
Planning for Sustainable
Development
(Institute of National
Planning, Egypt), PhD(c)
The Egyptian Chinese
University
Cairo, Egypt

THE LOU OBERNDORF LECTURE ON INNOVATION AND HEALTHCARE SIMULATION

8:15 AM – 9:30 AM

Kevin Brown's unconventional path to business and personal success has taught him that winning in business and in life requires anything but conventional thinking. He grew up in Muskegon, Michigan where his blue-collar roots taught him the value of hard work and determination. With a streetwise aptitude and a never quit attitude, he worked his way from the front lines in business to the executive boardroom.

Kevin understands what drives organizational excellence and customer loyalty. He knows first-hand how great brands think, feel and act. He is a branding and culture expert with a 30+ year career in franchise development. He spent the last 20 years of his corporate career as part of a leadership team that helped transform SERVPRO® from a little-known family business into the #1 franchise in their industry with annual revenues exceeding \$2 billion dollars. Since 2016, he has traveled the world pursuing a mission to share The HERO Effect® message with as many people and organizations as possible.

The HERO Effect® is a simple philosophy that separates world-class organizations and high-performance people from everybody else. Kevin is passionate about helping people expand their vision, develop their potential, and grow their results. And, as the father of a child with autism he knows firsthand how the principles of true success reach beyond the boardroom and into the lives of real people facing the challenges of everyday life.

As a highly sought-after keynote speaker, Kevin has had the privilege of speaking to a wide variety of organizations including American Express, Delta Airlines, PayPal, ExxonMobil, Nationwide, H&R Block, Sprint, Ernst & Young, Million Dollar Round Table, Merck, Booz Allen Hamilton, and many more.

Kevin is the bestselling author of **The Hero Effect®** (2017/2019). In his second book, **Unleashing Your Hero** (Harper Collins Leadership/Nov 2021), Kevin shares how the heroes who transformed his life are people just like you. This book is a guide to help everyday people discover and unleash their hero at work and in life.

HEAR FROM KEVIN

9:45 AM – 10:45 AM

HANDS-ON WORKSHOP (60 MINS)

AI in Action: The Craft of Custom AI Tools in Simulation - 98745

San Antonio Convention Center 304C

PANEL PRESENTATION (60 MINUTES)

AI Unbound in Simulation: What Worked, What's Emerging, What's Next - 73451

San Antonio Convention Center Lila Cockrell Theater

HANDS-ON WORKSHOP (60 MINS)

Am I as Good as AI in Recognizing Emotions in Debriefing? - 72996

San Antonio Convention Center 302A

PANEL PRESENTATION (60 MINUTES)

Assess, Align, Advance: A Panel Presentation on the Simulation Operations Needs Assessment Tool (SONAT) - 44588

San Antonio Convention Center 209

HANDS-ON WORKSHOP (60 MINS)

Beyond the Manikin: Leveraging AI to Revolutionize Nursing Simulation Curriculum Design - 26531

San Antonio Convention Center 006A

HANDS-ON WORKSHOP (60 MINS)

CHSE-A: Are You Ready to Apply? - 60079

San Antonio Convention Center 006B

CONFERENCE PROCEEDING ORAL PRESENTATION

Conference Proceedings Session 1

San Antonio Convention Center 301C

HANDS-ON WORKSHOP (60 MINS)

Congratulations, Now You're the Simulationist! Where to Begin?! - 35043

San Antonio Convention Center 225A

PANEL PRESENTATION (60 MINUTES)

Coordinated Chaos: Designing and Implementing a Large-Scale Interprofessional Mass Casualty Simulation - 52080

San Antonio Convention Center 210B

HANDS-ON WORKSHOP (60 MINS)

Developing and Supporting Simulation Operations Internship Programs: A Hands-On Approach to Growing the Next Generation of Sim Ops - 98084

San Antonio Convention Center 303B

PANEL PRESENTATION (60 MINUTES)

Flat Frank and the Future: Engaging Youth in Healthcare Through Experiential Simulation - 96089

San Antonio Convention Center 007D

HANDS-ON WORKSHOP (60 MINS)

From Engagement to Empowerment: Unleashing the Power of Your SP Team - 98504

San Antonio Convention Center 225C

PANEL PRESENTATION (60 MINUTES)

From the Control Room to the Board Room - A Pathway for the Simulation Operations Specialist Part 1 - 32532

San Antonio Convention Center 302B

PANEL PRESENTATION (60 MINUTES)

From Vocational to Visionary: Building Career Pipelines for Simulation Technicians Through Votech Education - 26776

San Antonio Convention Center 006D

HANDS-ON WORKSHOP (60 MINS)

Generative AI in Action: Creating Interactive, Real-Time Healthcare Simulations with AI-Driven Avatars - 91592

San Antonio Convention Center 225B

HOT TOPIC PRESENTATIONS

Hot Topics for Educators

San Antonio Convention Center 221A

HANDS-ON WORKSHOP (60 MINS)

How an Interprofessional and Structured Pre-briefing Framework Maximizes Learning Outcomes in Simulation. - 24078

San Antonio Convention Center 305

HANDS-ON WORKSHOP (60 MINS)

How NOT to Get your Simulation Research Paper Published: Re-Visiting Geoff Norman's 12 Tips 12 Years Later - 89735

San Antonio Convention Center 303C

HANDS-ON WORKSHOP (60 MINS)

Let's Make a Sim! 8 Easy Steps to Create a Learning Objective Focused Simulation - 96745

San Antonio Convention Center 304A

HANDS-ON WORKSHOP (60 MINS)

Make Your Average Performance Excellent: Optimizing Healthcare Provider Performance Through Mental Skills Training - 17035

San Antonio Convention Center 006C

HANDS-ON WORKSHOP (60 MINS)

Mastering Expert Debriefing: Overcoming Pitfalls for High Impact Continuous Professional Development - 27778

San Antonio Convention Center 304B

PANEL PRESENTATION (60 MINUTES)

Mission SimPossible: Unbound Leadership Through Complexity - 19245

San Antonio Convention Center 007A

PANEL PRESENTATION (60 MINUTES)

No More Silos: Integrating Expertise into the Simulation Conversation - 51759

San Antonio Convention Center 007B

HANDS-ON WORKSHOP (60 MINS)

QR Quest Part 1: Unbinding the Possibilities of Simulation by Creating Engaging, Innovative and Cost-Effective QR Codes for Simulation - 68055

San Antonio Convention Center 303A

PANEL PRESENTATION (60 MINUTES)

Simulation Without Borders: Empowering Rural Frontlines - 10476

San Antonio Convention Center 007C

HANDS-ON WORKSHOP (60 MINS)

SSH Internal Relations Committee Presents: Leveraging the SSH Member Roadmap: Supporting Your Professional Development - 55817

San Antonio Convention Center 302C

HANDS-ON WORKSHOP (60 MINS)

The Unbound SOS: Merging Physiology and Moulage for Thermal Burns - 75335

San Antonio Convention Center 221C

PANEL PRESENTATION (60 MINUTES)

UNBOUND Engagement: Enhancing Observer Participation in Simulation with Accessible Tech - 29748

San Antonio Convention Center 211

HANDS-ON WORKSHOP (60 MINS)

Unbound Voices: Empowering Novice Facilitators to Navigate Difficult Debriefings with Confidence - 45350

San Antonio Convention Center 225D

PANEL PRESENTATION (60 MINUTES)

Unbound Workforce Development: Scaling Simulation for System-Level Synergy, Collaboration, and Retention - 85755

San Antonio Convention Center 008A

HANDS-ON WORKSHOP (60 MINS)

Unfolding Simulated Case Study Escape Rooms (Next Gen Style) - 27350

San Antonio Convention Center 221D

PANEL PRESENTATION (60 MINUTES)

Virtual Reality Empathy Training - 23713

San Antonio Convention Center 008B

PANEL PRESENTATION (60 MINUTES)

What You Don't See Can Hurt You: Exposing Hidden Dangers Through Mock Codes - 32791

San Antonio Convention Center 210A

HOT TOPIC PRESENTATIONS

FORMAT FOR HOT TOPIC PRESENTATIONS: Every 15-minutes presentations will repeat until the end of the time block. An announcement will be made to rotate to the next station and each presentation will start from the beginning. If the presentation station you hoped to attend was full, please join another station and circle back around.

Hot Topic Presentations for Educators

9:45am – 10:45am (1.0 IPCE)

San Antonio Convention Center 221A

- Training Crisis Resource Management (CRM) and Closed Loop Communication (CLC) Skills for the Pre-Clinical Learner Using VR and Video Games - 27415
- Unbound by the Manikin: Delivering High-Fidelity Nursing Onboarding with VR - 17508
- Flash DASH: Building a Culture of Feedback in Simulation Faculty Development - 52203
- Dedicated to Realism: The Use of Simulation-Specific Faculty in Nursing and Healthcare Education - 45524
- Unbound by the Usual: Real Organs, Real Procedures, Real Impact - 63051
- Enhancing Nursing Psych Simulations: Utilizing an Embedded Participant to Strengthen Students' Communication and Management of a Family Member - 32434
- Medical School Scholars: Empowering Future Clinicians Through Peer-Led Simulation & Skills Integration - 91776
- Building Confidence in PT/OT Critical Care Practice Using Simulation - 59067
- Transforming Simulation Observation Into Active Supervision - 75583
- Improving Processes and Patient Outcomes with Malignant Hyperthermia Simulation Training - 27709
- Peer-Driven Practice: Student Club Designed Simulations - 62218
- The Hidden Code Blue: Physical Safety in Simulation - 88869
- Efficiency versus Effectiveness in Interprofessional Simulation Training - 95285
- Determining Appropriate Movement Methods for Virtual Reality Training Platforms - 74844
- A Real Hot Topic: A Pediatric Hyperthermia Simulation for Emergency Medicine Resident Physicians and Pharmacy Residents – 27984

CONFERENCE PROCEEDING ORAL PRESENTATIONS

FORMAT FOR RESEARCH & TECHNOLOGY ORAL PRESENTATIONS: 10-minute formal presentations followed by a brief question & answer portion. You must stay for all presentations to claim IPCE credit for this session. All presenters will have their manuscript published following IMSH 2026.

Conference Proceeding Oral Presentations

9:45am – 10:45am (1.0 IPCE)

San Antonio Convention Center 301C

- Collaborative Care in Action: Early Reflections from a Simulation Event on Complex Pain Management
- Design, Development, Implementation, and Evaluation of Healthcare Simulation Experiences for Elementary Students to Expose Them to Future Rural Healthcare Careers
- Understanding eHealth Complexity through Simulation: Development and Evaluation of a Policy-Focused Serious Game
- Simulation Scenario for Nursing Teleconsultation in Well-Child Care: Validation of a Rapid Cycle Deliberate Practice Approach

11:00 AM – 12:00 PM

PANEL PRESENTATION (60 MINUTES)

An Interdisciplinary Mass Casualty Incident Through the Eyes of A Sim Ops Specialist (From Design to Implementation) - 39998
San Antonio Convention Center 210B

HANDS-ON WORKSHOP (60 MINS)

Blueprint to Bedside: Crafting Custom Task Trainers and Moulage Wounds with 3D Printing - 73524
San Antonio Convention Center 221C

CONFERENCE PROCEEDING ORAL PRESENTATION

Conference Proceeding Oral Presentations
San Antonio Convention Center 301C

HANDS-ON WORKSHOP (60 MINS)

Crafting Complex Team Simulations: Quality Improvement Methodologies to Design a Large-Scale In Situ Experience - 56758
San Antonio Convention Center 302A

PANEL PRESENTATION (60 MINUTES)

Establishing the Professional Identity of the Simulation Operations Specialist: Update on the U.S. Department of Labor Occupational Classification Effort - 29506
San Antonio Convention Center 008B

PANEL PRESENTATION (60 MINUTES)

Everyone Can Sim: Practical Pediatric Training for Local Champions Utilizing Mentorship and Community of Practice - 72933
San Antonio Convention Center 008A

HANDS-ON WORKSHOP (60 MINS)

From Simulation to Success: Designing a Hybrid Clinical Readiness Bootcamp - 94428
San Antonio Convention Center 303B

HANDS-ON WORKSHOP (60 MINS)

From Silos to Systems: Building a Unified Simulation Strategy Across Health Professions - 80994
San Antonio Convention Center 304C

PANEL PRESENTATION (60 MINUTES)

Global Voices, Shared Barriers: Unpacking the Challenges of Competency Assessment - 53414
San Antonio Convention Center 007A

HANDS-ON WORKSHOP (60 MINS)

Graduated Learning in Action: Revamping a Simulation Curriculum Within Yale's Emergency Medicine Residency - 62729
San Antonio Convention Center 225A

SIMVENTOR SHOWCASE DEMONSTRATIONS

FORMAT FOR SIMVENTOR SHOWCASE DEMONSTRATIONS: Short 5-minute presentations followed by a brief questions & answer portion. Presenters will remain at their table ready to give demonstrations until the end of the time block. SimVmentor award winners will be announced at 1:15pm.

Simventor Showcase Demonstrations

12:00pm – 1:30pm (1.5 IPCE)

San Antonio Convention Center Exhibit Hall

- **Table 1** - Immersive Three-dimensional (3D) Visualization of a Heart using a Collaborative Extended Reality Platform - 46197
- **Table 2** - Realities Merging - 86574
- **Table 3** - Simulating the Future: AI-Powered VR Training for Advanced Practice OSCE Readiness - 39189
- **Table 4** - ASCEND: Bridging Clinical Education and Access through Smartphone-Based XR Dental Simulation - 71254
- **Table 5** - Porcine Model for Neonatal Lumbar Puncture - 30445
- **Table 6** - Meet Althea: the AI Nurse Chatbot That Helps Prepare Graduating Medical Students to Take Overnight Call - 82014
- **Table 7** - Clnsertion – A VR Simulator for Intracochlear Electrode Insertion - 54782
- **Table 8** - Ballooning to Success: A Novel and Reproducible Sengstaken-Blakemore Model for Educating Emergency Medicine Trainees - 22119
- **Table 9** - Fundamentals of Microsurgery Skills: Preliminary Evaluation of Five Microsurgery Tasks - 44186
- **Table 10** - The Use of Immersive Extended Reality to Improve Understanding, Retention and Recall in Physician Assistant Students - 96473
- **Table 11** - Sim | Rx™: A Human-Centered Simulation System - 11134
- **Table 12** - VISION: Virtual Immersive Simulated Object-based Naming - 51678
- **Table 13** - Talking with the Expert: An Emotionally and Socially Intelligent Avatar - 37317
- **Table 14** - Development of a Real-Time Feedback System for Anatomic Endoscopic Enucleation of the Prostate Simulation Using Inertial Measurement Unit and Spatial Mapping - 40572

- **Table 15** - The PREP Kit: A Simulation Toolkit for Mass Casualty Mastery - 60599
- **Table 16** - Showing Nursing XR app central line dressing changes - 86487
- **Table 17** - CODE BRICK: The In-Hospital Response Mass Casualty Incident Table-top Role-playing Game - 35912
- **Table 18** - Empowering Nursing Education through Sustainable Innovation: Repurposed IV Catheter Insertion Task Trainer - 80761
- **Table 19** - Reusable Non-toxic Biodegradable Silicone Alternative - 23282
- **Table 20** - Little Louie Nursemaid Elbow Task Trainer - 45085
- **Table 21** - Mr. Luxo dislocation mannequin - 12608
- **Table 22** - Ballistic Colposcopy: Simulation in Female Pelvic Procedure Education and Skill Development in Colposcopy - 79587
- **Table 23** - Modified Airway Partial Task Trainer That Hemorrhages and Has Secretions - 57164
- **Table 24** - Low-Cost Transvenous Pacing Simulator - 38678
- **Table 25** - Adaptive Training for Advanced Life Support Using Electrodermal Activity Changes: Real-Time Difficulty Modulation Based on Trainee Stress - 27681
- **Table 26** - Advanced Ultrasound IV Line Trainer - 56149
- **Table 27** - Wearable Arterial Blood Gas (ABG) arm - 18443
- **Table 28** - Moulage Application Design (MAD) Assistant - 57961
- **Table 29** - Medogogy in Action: Scaling Clinical Reasoning and Communication Skills Through AI-Driven Virtual Patient Encounters - 23882
- **Table 30** - Pelvic Binder Redesign: Affordable, Accessible, and Effective - 92871
- **Table 31** - A Cost-Effective Simulator Adaptation for Postpartum Hemorrhage Training: Enhancing Boggly Fundus Recognition using any full body manikin manikin. - 22809
- **Table 32** - Design of a Catheter Agnostic Optical Tracking System for Endovascular Training. - 21053
- **Table 33** - A low-cost reusable task trainer to coach faculty emergency physicians in ultrasound-guided pericardiocentesis - 34536
- **Table 34** - Hemorrhaging Thigh Sarcoma Surgical Model - 14640
- **Table 35** - Using 3d-printed models and moulage to create a simulated cadaver for pathology post-mortem findings - 63440
- **Table 36** - Consult Cast 360 – Empowering Remote Expertise in Healthcare - 81475
- **Table 37** - Low-cost ultrasoundable knee model in combination with VR to identify anatomical structures for joint injection - 85998
- **Table 38** - Does the Slit Lamp Intimidate You? Not For Long - 89567
- **Table 39** - Fake it till you make it – cost-effective transplantation simulation - 54005
- **Table 40** - Low-Cost, High-Fidelity Hematemesis Simulator for Airway Training - 50801
- **Table 41** - One Body, Two Patients: A Low-Cost Low-Fidelity Model for the Multidisciplinary Simulation of Conjoined Twins - 65989
- **Table 42** - Reuseable Silicone-to-silicone Moulage Patches - 39944
- **Table 43** - SCULL: Simulated Cranial Ultrasound for Longitudinal Learning - A Simulated Task Trainer for Emergency Medicine Residents - 44634
- **Table 44** - Ready, Set, Flush! Clean and Dry Multiple IV Arms in Minutes- Anywhere, Anytime. - 69834
- **Table 45** - Peritonsillar Abscess Trainer - 59904
- **Table 46** - High Fidelity Cricothyrotomy Training - 57305
- **Table 47** - The Conference Championship Cup: A Longitudinal Gamification of EM Residency Didactics - 12095

- **Table 48** - From Mothballs to MRI - modifying mannequins for use in the MRI setting - 92361
- **Table 49** - Print a Stoma - A Customizable & Low-Cost Solution - 61100
- **Table 50** - MCI Simulator Boardgame - 55816
- **Table 51** - Less Session Disruption between Codes through Use of Hybrid A/P Defib Pads with Zoll® R Defibrillator and Live Energy - 97811
- **Table 52** - Femoral Nerve Block Task Trainer: Ballistics Gel Simulation Model - 75369
- **Table 53** - Abscess Incision & Drainage: A Low-Cost Alternative with High Fidelity - 61321
- **Table 54** - CHAD - Cardiac Hybrid Approach and Detection - 85022
- **Table 55** - A low-resource, replicable, and high fidelity hip model for ultrasound-guided nerve blocks - 54445
- **Table 56** - Realistic DIY Implanted Port Trainer - 16248
- **Table 57** - Layered Silicone and Mesh Casting: A Method for a Realistic Cost-Effective Suture Pad - 68256
- **Table 58** - Distance Makes the Rhythm Smarter: An Innovation for Simulation Techs - 85008
- **Table 59** - Realism Without the Price Tag: An Ultrasound-Compatible Biologic Model for Vascular Access Training - 67552
- **Table 60** - AmniGo: The Green Sim - 63393
- **Table 61** - Zoll Harness 2.0: A safer way to interact with your manikin. - 88581
- **Table 62** - Situational Infusion Pump - 82345
- **Table 63** - Ur-ine Trouble: Creating an Intra-Operative Simulation Task Trainer for Surgical Team Proficiency - 90024
- **Table 64** - Seeing Through the Chest: Augmented Reality for Procedural Mastery in Thoracostomy - 28398
- **Table 65** - Ultrasound Capable Pediatric Pericardiocentesis Trainer - 38059
- **Table 66** - Pediatric Ultrasound for Lumbar Puncture - A Simulated Task Trainer for Emergency Medicine Residents - 97065
- **Table 67** - Development and Validation of a Cost-Effective 3D-Printed Cricothyrotomy Simulator for Emergency Airway Training - 55315

OPEN HOUSE SCHEDULE

9:45am-10:45am

- In Situ & Mobile Outreach Simulation Affinity Group
- SP Methodology Section
- Federal Medical Simulation Training Consortium Affinity Group
- Hospital Based Simulation Programs Section

11:00am-12:00pm

- Virtual Simulation Section
- Anesthesiology Section
- New to Simulation Affinity Group
- Pharmacy Special Interest Group

12:30pm-1:30pm

- OB/GYN Section
- Simulation in Dentistry Affinity Group
- Value-Based Simulation Affinity Group

1:30pm-2:30pm

- InSiM: Inclusive Simulation and Mentoring Affinity Group
- Psychological Safety Affinity Group
- Disaster Simulation Affinity Group

1:30 PM – 2:30 PM

PANEL PRESENTATION (60 MINUTES)

A Beginners Guide to Extended Reality Medical Simulation, an Interactive Panel Discussion - 84828

San Antonio Convention Center
008A

HANDS-ON WORKSHOP (60 MINS)

A Pipeline Program Story: Leveraging Simulation to Promote Early Exposure to Healthcare and Simulation Careers - 85871

San Antonio Convention Center
006A

CONFERENCE PROCEEDING ORAL PRESENTATION

Conference Proceeding Oral Presentations

San Antonio Convention Center
301C

HANDS-ON WORKSHOP (60 MINS)

Creation of a Comprehensive Onboarding Guide for Operations Specialists New to Healthcare Simulation - 94691

San Antonio Convention Center
303B

PANEL PRESENTATION (60 MINUTES)

Developing a Medical Student Simulation-Based Communication Curriculum: Lessons Learned - 70008

San Antonio Convention Center
210B

HANDS-ON WORKSHOP (60 MINS)

Enhancing Realism: Strategies for Increasing Fidelity and Moulage in Simulation Training - 82554

San Antonio Convention Center
221C

HANDS-ON WORKSHOP (60 MINS)

From Theory to Action: Embedding Extended Reality (XR) into Your Simulation Practice - 12933

San Antonio Convention Center
305

HANDS-ON WORKSHOP (60 MINS)

Hollywood on a Budget: Leveraging the use of AI and Mobile Phones - 77191

San Antonio Convention Center
302A

HOT TOPIC PRESENTATIONS

Hot Topics for Educators

San Antonio Convention Center
221A

HANDS-ON WORKSHOP (60 MINS)

How to Become an Expert in Gamification of Simulation: Part One - 90837

San Antonio Convention Center
302B

HANDS-ON WORKSHOP (60 MINS)

Immersion to Interpretation: Using LLMs to Analyze Learner Data from Immersive VR Simulations - 50564

San Antonio Convention Center
304B

HANDS-ON WORKSHOP (60 MINS)

Improv for Debriefing Part 1 - 29178

San Antonio Convention Center
302C

PANEL PRESENTATION (60 MINUTES)

Laying the Foundation EMT Training and Simulation as a First Step in Medical School - 73137

San Antonio Convention Center
007B

HANDS-ON WORKSHOP (60 MINS)
Leveraging Peer-to-Peer Moderation Models in Simulation: A Constructivist Approach to Support Engagement, Outcomes, and Resource Optimization in Nursing Education - 11502
 San Antonio Convention Center 225C

PANEL PRESENTATION (60 MINUTES)
New Technology Everywhere: What Else is On the Horizon? - 54278
 San Antonio Convention Center 209

PANEL PRESENTATION (60 MINUTES)
Novice to Expert Situationist: Mentoring Across the Miles to Achieve Best Practice - 24973
 San Antonio Convention Center 008B

RESEARCH ABSTRACT (POSTER) PRESENTATIONS
Professor Rounds
 San Antonio Convention Center Exhibit Hall

HANDS-ON WORKSHOP (60 MINS)
Proving Your Worth – How to Quantify the Value of Simulation Education to Get What You Need - 59236
 San Antonio Convention Center 304C

PANEL PRESENTATION (60 MINUTES)
SSH Accreditation Presents: Building A New Set of Accreditation Standards - 13764
 San Antonio Convention Center 007A

PANEL PRESENTATION (60 MINUTES)
SSH Advocacy Committee Presents: Healthcare Simulation Advocacy in Action: From Local Voices to Global Impact - 40338
 San Antonio Convention Center 006D

PANEL PRESENTATION (60 MINUTES)
SSH Anesthesia Section Presents: Beyond the Mask: Breaking Boundaries in Anesthesia Simulations - 15169
 San Antonio Convention Center 007C

PANEL PRESENTATION (60 MINUTES)
SSH IPE Affinity Group Presents: Sim IPE Rapid Fire: Current Innovations, Challenges, and Wins Across Clinical and Academic Settings - 89611
 San Antonio Convention Center 210A

PANEL PRESENTATION (60 MINUTES)
SSH Nursing Section Presents: Onboarding, Training and Continued Professional Development Panel Discussion - 42931
 San Antonio Convention Center 211

MAINSTAGE PRESENTATION (60 MINUTES)
Teaching Unbound: Lessons in Practice, Teamwork, and Growth from Mr. Miyagi and Coach Lasso - 93050
 San Antonio Convention Center Lila Cockrell Theater

HANDS-ON WORKSHOP (60 MINS)
The Trial of AI: The People vs. Artificial Intelligence - 73751
 San Antonio Convention Center 304A

HANDS-ON WORKSHOP (60 MINS)
Unbound by Walls Part I: Designing Sustainable In-Situ Simulation for Lasting Change - 88796
 San Antonio Convention Center 303A

HANDS-ON WORKSHOP (60 MINS)
UNBOUND Development:
Cultivating the Next
Generation of Simulation
Faculty Educators - 15284
San Antonio Convention Center
225D

HANDS-ON WORKSHOP (60 MINS)
Unbound: Leveraging
TeamSTEPPS Planning Canvas
to Create Adaptable Escape
Box Education for Any Team,
Anywhere - 16349
San Antonio Convention Center
303C

HANDS-ON WORKSHOP (60 MINS)
Unbound Potential: Simulation
Strategies at the Forefront of
Hospital Openings - 17797
San Antonio Convention Center
221D

PANEL PRESENTATION (60 MINUTES)
UNBOUND Together: From
Silos to Standardization – The
CHRISTUS Simulation Institute
Journey Presented Through
Collaborative Panel Dialogue -
42157
San Antonio Convention Center
007D

HANDS-ON WORKSHOP (60 MINS)
Unleashing Your Potential as
a Simulationist: Mastering
Leadership and Professional
Growth - 70513
San Antonio Convention Center
225A

HANDS-ON WORKSHOP (60 MINS)
Using Simulation to Fill the
EPA-13 Assessment Void:
Fostering Safe Practice, Error
Reporting, and System Failure
Awareness in Medical Students
- 65115
San Antonio Convention Center
225B

Realistic, Innovative and Easy to Use

Join **Simulab Corporation** in the exhibit hall to see what's new! Our latest simulation solutions are built on your feedback and designed to enhance realism and improve learning outcomes. We're continually improving, because your success drives ours—and together, we're shaping the future of simulation.

Join us in the
Exhibit Hall
at Booth #100

HOT TOPIC PRESENTATIONS

FORMAT FOR HOT TOPIC PRESENTATIONS: Every 15-minutes presentations will repeat until the end of the time block. An announcement will be made to rotate to the next station and each presentation will start from the beginning. If the presentation station you hoped to attend was full, please join another station and circle back around.

Hot Topic Presentations for Educators

1:30pm – 2:30pm (1.0 IPCE)

San Antonio Convention Center 221A

- Planning Behind the Scenes: Keys to Success for Implementing Large-Scale Interprofessional Simulations - 52166
- Sim at the Interview: How to reveal Non-Technical Skills for High Stakes Candidate Selection - 13690
- Portfolio Assessment for Performance Evaluation in Healthcare Simulation Fellowship Programs - 40771
- First Five Minutes Program: New In-Situ Approach to non-ICU floors in Urban Pediatric Hospital - 95663
- Creating Buzz: Innovative Events to Attract New Simulation Enthusiasts - 87679
- Simulating Success: Enhancing Nursing Competency in Medication Administration - 53957
- The State University of New York (SUNY) Nursing Simulation Fellowship as a Scalable Model for Workforce Transformation - 16661
- Comprehensive Approach to Workplace Violence and Crisis Response: From Simulation to Action - 51937
- From Soil to Stethoscope: A Collaborative Summer Camp to Inspire Future Healthcare Professionals - 21888
- Improving HCAHPS scores in Phlebotomy through Simulation - 49595
- Incorporating AI to Develop & Run a Virtual Reality Simulation - 23015
- Simulating death safely: Restoring baseline emotional state after simulated termination of resuscitation - 97732
- Adult and Pediatric Mass Shooting Simulation with Weapon Confiscation - 80017
- Talking with the Expert: Real-Time Clinical Coaching with Emotionally Intelligent AI Avatars - 15505
- An Hour in the Life: Development of a High-Fidelity Mock Emergency Room for Resident Education - 80516

CONFERENCE PROCEEDING ORAL PRESENTATIONS

FORMAT FOR RESEARCH & TECHNOLOGY ORAL PRESENTATIONS: 10-minute formal presentations followed by a brief question & answer portion. You must stay for all presentations to claim IPCE credit for this session. All presenters will have their manuscript published following IMSH 2026.

Conference Proceeding Oral Presentations

1:30pm – 2:30pm (1.0 IPCE)

San Antonio Convention Center 301C

- Simulation as a Method to Investigate Gender Bias in Cardiovascular Medical Training
- Disaster Day Interprofessional Simulation: A Special Report on an IPE
- Simulation-Based Refresher Training for Temporary Transvenous Pacing in Academic Emergency Physicians: A Prospective Cohort Study

POSTER PRESENTATIONS

FORMAT FOR PROFESSOR ROUNDS POSTER PRESENTATIONS: Short 3-minute presentations followed by 2 minutes of questions & answers. Presenters will remain at their posters ready to give presentations until the end of the time block. Posters will remain on display in the Exhibit Hall until Tuesday January 13, 2026 at 2:00pm.

Professor Rounds Poster Presentations

1:30pm – 2:30pm (2.0 IPCE)

- Escape Room: A Novel Way to Study Ethics - 70072
- Feasibility for In-Situ Code Blue Simulation Drills in Developing Countries: Challenges and Future Directions - 91741
- Exploring the Role of Simulation-Based Education in Advancing Patient Safety Among Final-Year Health Students - 47704
- Mindfulness Meets the Manikin: Cultivating Psychological Safety Through Spiritual and Reflective Practice in Simulation-Based Nursing Education - 21607
- One Year Follow Up: Longitudinal Internal Medicine Curriculum - 38506
- What does Simulation Fellowship Look Like? A systematic literature review and personal experience - 16862
- Simulation Curriculum Design for Anesthesia Residents: Iteratively Refining Scenario Sequence and Complexity to Match Trainee Competence - 14170
- Clinical Outcomes from the Emergency Department-Stroke In Situ (ED-SIS) Study - 78809
- In-Situ Tabletop Simulation to Identify Latent Safety Threats in Emergency Department Workflow Change - 75858
- Operation COBRA: Enhancing Latent Safety Threat Reporting and Best Practices in Non-Indigenous Snake Envenomation Response - 67843
- Keeping it real: The role of standardized patient factors in realism and psychological safety in breaking bad news and sensitive topics. - 73287
- Effects of Virtual Reality Simulation on Cognitive Load in Undergraduate Nursing Education: An Integrative Review - 99025
- From Page to Practice: The Development of a Guide for the Safe Use of Animal/Biological Tissue for Simulation Based-Education. - 69577
- Introduction to Medical Simulation: An Undergraduate Course Exploring Interprofessional Healthcare Training Through Medical Simulation - 59460
- Impact of an Aerosol Box During Cardiopulmonary Arrest on the Anxiety and Stress of Healthcare Providers: A Randomized Multicenter Study - 23197
- Interprofessional Health Education: A Transdisciplinary Telesimulation Model to Promote Role Clarification and Collaboration - 47424
- Using Medical Simulation and Interaction Analysis to Support Inclusive Healthcare for Autistic Patients: Insights from a Collaborative Project Involving Patient Partners and Healthcare Providers - 69870
- Interprofessional Faculty Development Using Simulation with Standardized Patients - 40645
- Effectiveness of a Simulation-based Point-of-care Ultrasound Course for Prehospital Providers - A Single Group Quasi-Experimental Study - 29313
- Improving response to emergencies in the operating room: development and implementation of a comprehensive simulation program for team training and mitigating latent safety threats. - 89395
- Malignant Hyperthermia Simulation Trainings Improve Knowledge and Performance Outcomes - 46354
- Where is Flat Stanley: A Tabletop Simulation to Prevent Patient Elopement - 54590
- UNBOUND by Tradition: Enhancing Cardiac Arrest Competency Through Immersive VR Simulation - 62826
- Low Tech, High Impact: Using Hybrid Tabletop Simulations to Elevate Regional Fetal Transfusion Care - 88390
- Mixed-methods study of teaching self-efficacy in interprofessional simulation contexts - 10567
- Greener Labs, Smarter Budgets: Enhancing Efficiency and Sustainability in Nursing Skills and Simulation Lab Operations - 42116
- Patient Safety Quality Bundles for Compliance on K cards: Simulation to the Rescue! - 80870
- Assessment of a Novel Peritonsillar Abscess Task Trainer - 58562

- Perceived Effectiveness of Using Online Videos for Simulation Helper Orientation - 93547
- Virtual Reality Prework: Investigating Effects on Self-Efficacy, Simulation Effectiveness, and Prebriefing Practices - 95565
- Operationalizing Team Leadership Skills for Medical Students with a Simulation-Based Approach to Crisis Management - 74046
- Emergency airway and difficult airway management scenario with high-fidelity simulator as a teaching-learning tool for novice simulation-based learners - 70703
- A comparative study on learning outcomes and student satisfaction using team-based learning versus simulation-based learning in teaching medical and surgical emergency conditions for clinical-year medical students - 22761
- Simulating Success: Engagement and Learning in Graduate Nursing - 81491
- Does the Absence of Handshakes Impact Patient Rapport in Medical Student Standardized Patient Encounters? - 96237
- Simulation of Thoracotomy Using Novel 3D Printed Model - 85666
- Simulation of Ultrasound-Guided Pericardiocentesis Using Novel 3D Printed Model - 47281
- Using Simulation to Assess and Practice Language Interpreter Use In Clinical Scenarios - 44387
- Breaking Barriers: Enhancing Psychological Safety for Athletic Training Students - 46624
- Fundamentals of Microsurgery Skills: Preliminary Evaluation of Five Microsurgery Tasks - 68843
- MiSafeSpinalSam: Development and Preliminary Evaluation of an Infant Spinal Anesthesia Task Trainer - 35290
- Breaking Down Silos: Environmental Sustainability in Healthcare Simulation - 86352
- Bridging the Gap: A Simulation-Based Approach to Improving Prehospital to ER Handover and Communication - 72458
- Assessing and Improving Medical Student Interview Skills on Socioeconomic Status Using Standardized Patients - 93592
- Bridging Gaps in Suicide Risk Assessment: A Simulation-Based Intervention for Primary Care Residents - 83712
- Airway Drills: A Structured Deliberate Practice Curriculum to Develop Airway Macro- and Microskills in the Novice Learner - 55512
- Mock Intubation in Clinical Practice: The Role of In Situ Simulation - 68928
- Improvements In The Physical Examination Skills, Diagnostic Competencies And Confidence Of Year-Two Medical Students Trained With A Learning Sciences-Based, Computer Driven Abdominal Simulator - 76198
- Use Of A Structured Debriefing Tool For Clinical Assessment Of Student Registered Nurse Anesthetist: Impact On Self-Assessment Accuracy Of Performance Over Time - 88111
- Enhancing Team Competency in Complex Fetal Anomalies Through Simulation-Based Clinical Rehearsal (SbCR) within the ACTIONS framework - 33347
- Post-Partum Hemorrhage Simulation in Undergraduate Training: A Randomized Controlled Study To Compare High-Fidelity Manikin And Hybrid Low-Cost Simulation Modality - 16582
- Production and evaluation of low-cost medium-fidelity simulator model for post-partum hemorrhage. - 57898
- Breathing Easy: Standardizing Pulmonary Rehabilitation Training Using a Hybrid Simulation-Based Education Approach - 40732
- Controllers, Hands, or Gloves: Impact of Interaction Methods in Extended Reality Healthcare Simulation - 39352
- Management of Acute Chest Syndrome and Septic Shock: A Simulation for Pediatric Trainees - 79875
- Breaking Boundaries: A Multilevel Simulation of Infectious Disease Transmission and Health Equity in Public Health Education - 33887
- "Beyond the Plus-Delta": Adapting Structured Debriefing to EMS Simulation Improves Confidence, Psychological Safety, and Facilitation Clarity - 10066
- Psychomotor skill analysis in nursing procedures: A Comprehensive Study of Manual Operations in Clinical Practice - 79181
- Outcomes of Goal-Oriented, Repetitive ACLS Simulation Based on the High-Performance Team Concept: Enhancing Professional Team Efficacy Through Structured Team Communication Practice - 41800
- Escape-based Debriefing for Gaining Excellence (EDGE) – Enhancing Medical Training Through Innovative Simulation - 30917
- Leveraging Artificial Intelligence for Objective and Individualized Skills Assessment - 32845
- A Multi-Site Study to Evaluate a Simulation Tool to Enhance Psychological Safety (STEPS) - 82221

- Unbound: Empowering Simulation Facilitators with AI-Supported Debriefing” - 96478
- Simulation in Action: Unveiling the Hidden Influences on Medical Students’ Speaking Up Behaviors in Error Disclosure - 11444
- Progressive Simulation in the Integration of Multimodal Instruction for Graduate Nursing Education - 36742
- Creating Comprehensive Virtual Reality Education for Emergency Department Staff Yields Positive Results - 30760
- A Pilot Evaluation of Prompt Engineering for Autonomous Agents in Immersive Medical Simulation - 13322
- Point-of-Care Ultrasound in the Hands of Fourth-Year Medical Students: Knowledge, Accuracy, and Informed Decisions - 82479
- Is in situ simulation in Emergency Medicine safe? Estimating the impact of in situ simulation on patient safety in community Emergency Departments. - 61508
- A National, Distributed, Simulation-based Assessment of the Clinical Skills of Medical Students - 71311
- Development of a Simulation-Based Session on Managing Inpatient Behavioral Emergencies for Fourth-year Medical Students - 14836
- Enhancing Tactical Combat Casualty Care Documentation and Handoff Proficiency Through Peer-Led Instruction - 36208
- Simulation Training in Patient Handovers Transfers to Learners in a Combat Training Environment - 16563
- The Effect of Computer-Based Simulation on Knowledge and Performance in Scrub Role Training for Nurses and Technologists: A Systematic Review - 44892
- More Than Skin Deep: Evaluating Simulation Mediums in Teaching Suturing to PA Students - 95051
- Integration of Pediatric Pharmacists into Interprofessional Simulation: Insights from a Qualitative Study - 78951
- Family Focus: Using Simulation to Improve Confidence and Competence in Patients’ Caregivers - 50356
- Eye of the Storm: AI-Augmented Virtual Reality Simulations for Evaluating Interprofessional Education in Health-related Professions - 16032
- Impact of a 24/7 Accessible Simulation Center on Self-Directed Clinical Skills Learning by Undergraduate Medical Students: A Mixed-Methods Retrospective Study - 79169
- Improving Pediatric and Pharmacy Residents Confidence in Managing Neonatal Hypoglycemic Seizures: A Simulation-Based interprofessional Study on MCAD Deficiency - 61835
- Chatbot-Guided Versus Video-Guided Instruction for Learning Tendon Repair: A Simulation-Based Study in Medical Students - 35965
- From Waveforms to Pathologies: The Impact of a Color-Coded Card Game on ECG Learning and Short-Term Retention in Undergraduate Medical Education - 19486
- Gaming the Airway: The Impact of Video Games on Bronchoscopy Learning in High-Fidelity Simulation - 27082
- Is Distributed Practice the Benchmark? A Comparative Study of Four Simulation-Based Methods for Teaching Endotracheal Intubation - 80697
- Is Price a Barrier? Effectiveness of a Low-Cost 3D Bronchopulmonary Model in Teaching Navigation Skills to Medical Students through a Distributed Simulation Program - 97372
- Disseminated Intravascular Coagulation (DIC) in a High-Risk Pediatric Oncology Patient: A Simulation Case for Residents and Fellows - 42583
- Comparative AI Research (CompAir): A Pilot Study Comparing Large Language Models Simulation Scenarios Designs - 40115
- Understanding the Role of Simulation Operations Specialists in Canada: Insights from Workforce Analysis and Expert Perspectives - 56422
- Enhancing Competency-Based Nursing Education: Using High-Fidelity Simulation to Foster Mastery of AACN Essentials - 59877
- Virtual Clinical Simulation to Teach Mental Health Concepts: A Scoping Review - 88979
- Simulations Improve Cultural Competency in the NICU - 73523
- Implementation and Sustainability of a Novel Neonatal Resuscitation Telesimulation Program in Rural Delivery Hospitals: A Qualitative Study - 24657
- Perspectives of standardized patients who portray people living with serious illness - 29954
- Validating Simulation Based Self-Efficacy Measures: An Exploratory Study - 74788
- Development Of Clinical Judgement In Prelicensure Nursing Students Through Simulation: A Longitudinal Study - 31892

- Building Teams: Enhancing Interprofessional Competencies for Physician Assistant and Prelicensure Nursing Students through Simulation-Based Learning - 94395
- Fostering Interprofessional Competence in Physical Therapy and Nursing Students through High-Fidelity Simulation - 78243
- Forging Readiness: The Impact of Scaffolded Deliberate Practice and Simulation on Nurse Graduates' Transition to Practice - 76613
- Trachs of the Trade - A Model and Simulation of Tracheostomy Bleeding for Emergency Medicine Residents - 31044
- Mastering the Debrief: Feedback and Coaching to Improve Quality of Debriefing Among Nurse Educators - 97231
- How Rapid Cycle Deliberate Practice Compares to Traditional Simulation: A Mixed Methods Study Investigating Retention and Learner Perceptions - 49625
- Impact of a Simulation-Based, Interactive, Educational Video Intervention on Gender Bias Knowledge, Skills, and Attitudes - 42499
- Iterative Simulation and Healthcare Failure Mode Effects Analysis Improves Child Abduction Response Systems Over 4 Years of Testing in a Children's Hospital - 78061
- Beyond Documentation: Pre-licensure Nurse Development of Clinical Judgment in a Simulated EHR Environment - 42863
- AI Simulation: Therapeutic Communication with Mental Health Patients - 29072
- Seeing Red: A Hemodialysis Fistula Model and Simulation for Emergency Medicine Trainees - 29451
- Creating a Virtual Reality Scenario to Improve Knowledge and Confidence in SRNA caring for Transgender Patients. - 94594
- Evaluating the Efficacy and Feasibility of a Self-Directed Asynchronous Ultrasound Curriculum to Learn Point-of-Care Ultrasound (POCUS) - 90478
- Impact of a Simulation-Based Training Program in Veterinary Medicine on Communication Skills in Telehealth Applications - 89310
- Team-Based VR EMS Simulation: Assessing Performance, Usability and Training Utility - 12280
- Building Confidence and Competence: A Pilot Study on Pediatric Emergency Training for Daycare Staff - 74157
- Technology-Enhanced Peer Role-Play: A Teaching Method Empowering Students for Active Learning - 68630
- Using Clinical Escape Rooms to Enhance Interprofessional Teamwork amongst Medical Students, Residents, and Nurses - 71828
- Attitudes and Readiness of Pham Ngoc Thach University of Medicine Students Towards Integrating Interprofessional Education into the Medical Curriculum - 26999
- Enhancing Knowledge, Attitudes, and Teamwork in Eclampsia Management: First Evaluation of In Situ Simulation at Hung Vuong Hospital in Vietnam - 72115
- Setting Pass Scores for OSCE Stations on BMI and Waist-Hip Ratio Using the Angoff Method: Implementation at a Simulation Center in Vietnam - 33097
- Assessment of Blood Pressure Measurement Knowledge and Skills Among Third-Year Medical Students at Pham Ngoc Thach University of Medicine in the Academic Year 2023-2024 - 83138
- Engaging and supporting standardized patients involved in equity-seeking healthcare training: a qualitative study - 83729
- Assessing Self-Directed Rapid Cycle Deliberate Practice Simulation for Improving Trainee Skills - 62126
- Using Sequential Microsimulation to Aid in Differentiating Etiology and Management of Atrial Fibrillation Cases - 15545
- Interprofessional implementation of TeamSTEPPS in a surgical ward – a five year follow up of sustainment - 48394
- Preparing Dental Students for Clinical Practice Through Learner-Centered Educational Approaches: A Mixed-Methods Study - 57107
- Retention of Advanced Cardiac Life Support (ACLS) Skills Following Simulation-Integrated Flipped Learning in Final-Year Medical Students - 76174
- Engaging simulated patients as patient proxies in telehealth visits: outcomes of a telehealth etiquette curriculum - 15265
- Accuracy of AI Scoring of Student Interview Skills in a Standardized Patient Simulation with a Year-One School of Medicine Objective Structured Clinical Examination (OSCE) - 61598
- Piloting an Interdisciplinary Simulation-Based Educational Experience with Nurse Anesthesia, Nurse Midwifery, and Prelicensure Nursing Students - 30962

- Evaluating the Effectiveness of Increased Simulation Time using a Blended Approach: A Quality Improvement Project - 49410
- Acute Coronary Syndrome Training for Emergency Medical Services Using Simulation - 75864
- Virtual Reality Interprofessional Simulation Education to Improve Teamwork and the Culture of Safety in the Emergency Department - 26936
- A realist evaluation of a simulation programme for healthcare workers in Papua New Guinea - 67744
- The Effect of a Simulated Ward Environment on Confidence and Learning Satisfaction on First-Year Nursing Students: A Quasi Experimental Study in Karachi, Pakistan - 97849
- Unbound by Convention: CCEI 2.0 Redefines Student Assessment Through Immersive Virtual Reality - 64358
- Application of Standardized Patient Simulation for Communication Sciences and Medical Student Interdisciplinary Collaboration: A Pilot Project - 92052
- Machine Learning-Driven Physiological Profiling Enhances Objective Competency Evaluation in Medical Simulation Training - 67506
- Comparison of drama and standardised patient method to develop humanistic approach in breaking bad news training - 45776
- Revealing the Secondary Victim Status of Standardized Patients through the Escape Room Method - 71076
- Simulation-Based First Aid Education for Mothers: Bridging the Knowledge Implementation Gap in Childhood Injury Prevention in South Asia - 43358
- AI won't replace your checklists, it will enhance them: A multimodal, context-aware assessment approach in simulation-based training - 62212
- Preparing PTA Students for Inpatient Care: A Simulation-Based Approach - 87103
- Impact of Human Actor Voice versus AI-Generated Voice on Communication Skills, Engagement, and Psychological Fidelity in Clinical Simulation: A Randomized Experimental Study in Fourth-Year Medical Students in Slovakia - 99067
- Clinical Reasoning Pathways in Nursing: A Decision Tree-Based Analysis of Simulated Scenarios - 93822
- Development and Validation of a Clinical Simulation Scenario for Teaching the Nursing Process in Heart Failure Cases - 18714
- Development and Implementation of Medical Escape Room and its outcomes in comparison to Standard Simulation: A Pilot Study - 50108
- Bridging the Gap: A Simulation-Based Approach to Interprofessional Training in Dysphagia Management - 56649
- Development and Implementation of Adaptive Aptitude Assessment by AI(A4) for Undergraduate Nursing Students - 25898
- Enhancing Simulated Participant Representation to Reflect University of Mississippi Medical Center's Patient Demographics: A Data-Driven Strategy - 82741
- Development and Evaluation of Infection Control Nursing Simulation Education Program for Nurses in a NICU - 83315
- Evaluating the Impact of Peer-led Prehospital Trauma Training on the Competencies of 119 EMS Personnel: A Pilot Study - 24479
- The Impact of Simulation-Based Education on Emergency Medicine Training for Medical Students - 33432
- Stronger Together: Advancing Medical Simulation Education Through Inter-Institutional Collaboration - 50709
- The Impact of the Implementation of a Pre-Clinical Simulation Scenario for First-Year Associate Degree Nursing Students - 27730
- Comparing The Outcomes Of Learning Via Simulation: Participation Versus Observation - 89572
- Post Return of Spontaneous Circulation Simulation for Interns - 32248
- Crucial First Minutes: In Situ Simulation to Uncover Hidden Barriers in In-Hospital Cardiac Arrest Response - 91854
- Simulation-Based Education in Pharmacology Training: A Review of the Current Literature on a Specified Area - 70829
- The K is Not Okay: Spontaneous Pediatric Tumor Lysis Syndrome - 94843
- Simulation Scenario Design Priorities: Insights from a Mixed-Method Study of Expert Perspectives - 72610
- Effectiveness of simulation-based nursing education for home care nurse -Implementation of a scenario-based simulation workshop program - 81982

2:45 PM – 3:45 PM

HANDS-ON WORKSHOP (60 MINS)

Building the Perfect Patient: Improving Patient/Provider Communications with AI-Driven Synthetic (Virtual) Patients - 47398

San Antonio Convention Center
304B

PANEL PRESENTATION (60 MINUTES)

Continuous Improvement in Mass Casualty Simulation: Key Insights From Two Years of In Situ Drills - 34919

San Antonio Convention Center
007C

HANDS-ON WORKSHOP (60 MINS)

Customizable Tabletop Training for Emergency Crisis Resource Management Simulations - 22804

San Antonio Convention Center
305

HANDS-ON WORKSHOP (60 MINS)

Designing Implicit Bias Simulations for Inclusive Care: A Scenario Design Workshop - 67299

San Antonio Convention Center
303B

HANDS-ON WORKSHOP (60 MINS)

Educational Scholarship in Simulation: Using MededPORTAL to Disseminate Your Work and Build your CV - 25444

San Antonio Convention Center
006C

PANEL PRESENTATION (60 MINUTES)

Enhancing Procedural Competency: Pearls and Pitfalls of Simulation-Based Education for Skill Maintenance, from Medical Student to Faculty - 43480

San Antonio Convention Center
211

PANEL PRESENTATION (60 MINUTES)

From Blueprint to Bedside: Using Simulation for a Safer Hospital Opening by Bridging Expertise - 58371

San Antonio Convention Center
007D

HANDS-ON WORKSHOP (60 MINS)

Game On! Designing Effective Gamified Learning Experiences for Healthcare Professionals - 29787

San Antonio Convention Center
225D

PANEL PRESENTATION (60 MINUTES)

Homegrown and High-Impact: Lessons Learned in Building and Scaling Internal Facilitator Training Programs - 56685

San Antonio Convention Center
210A

HOT TOPIC PRESENTATIONS

Hot Topics Operations Specialist

San Antonio Convention Center
221A

HANDS-ON WORKSHOP (60 MINS)

How to Become an Expert in Gamification of Simulation: Part Two - 35243

San Antonio Convention Center
302B

HANDS-ON WORKSHOP (60 MINS)

I'm New to Reviewing a Simulation Article for a Journal: A How-To Guide - 41623

San Antonio Convention Center
302A

HANDS-ON WORKSHOP (60 MINS)

Improv for Debriefing Part 2 - 62646

San Antonio Convention Center
302C

HANDS-ON WORKSHOP (60 MINS)

Interacting with Intelligence: Preparing Healthcare Professionals to Safely Engage with AI Tools Using Simulation-Based Education - 20010

San Antonio Convention Center
225A

PANEL PRESENTATION (60 MINUTES)

Maximizing Participant Learning Outcomes in Immersive Virtual Reality Simulation - 79766

San Antonio Convention Center
209

HANDS-ON WORKSHOP (60 MINS)

Micro-Sim! Create Brief Simulation Experiences to Highlight Critical Inflexion Points in a Resuscitation or Procedures - 65819

San Antonio Convention Center
221C

HANDS-ON WORKSHOP (60 MINS)

Psychological Safety First Aid: How to Recover When a Meeting, Debriefing, or Feedback Conversation Goes Sideways - 15930

San Antonio Convention Center
225B

HANDS-ON WORKSHOP (60 MINS)

Readiness Planning Workshop: Bridging the Gap between Simulation and Frontline Healthcare - 97360

San Antonio Convention Center
304A

HANDS-ON WORKSHOP (60 MINS)

“Show Me the Money!”: Turning Sim Labs into Revenue Cash Cow - 16941

San Antonio Convention Center
225C

PANEL PRESENTATION (60 MINUTES)

Simulation as a Corrective Tool: Leveraging Sim for Quality, Safety, and Systems Improvement - 41989

San Antonio Convention Center
008B

HANDS-ON WORKSHOP (60 MINS)

SimGHOSTS Presents: Increase Your Efficiency and Reliability with Planned Scenario Programming Utilizing Laerdal SimDesigner - 10561

San Antonio Convention Center
221D

HANDS-ON WORKSHOP (60 MINS)

Simulation Scholarship: Grounded in History, Growing Toward Discovery - 38593

San Antonio Convention Center
303C

HANDS-ON WORKSHOP (60 MINS)

SSH Corporate Roundtable Presents: Healthcare Simulation Products – The R&D Process and Assessing the Needs of the Community

San Antonio Convention Center
304C

PANEL PRESENTATION (60 MINUTES)

SSH Education Committee Presents: Fundamentals in Simulation Series - Curriculum Development

San Antonio Convention Center
006D

PANEL PRESENTATION (60 MINUTES)

SSH SP Methodology Section Presents: Bridging the Divide - An Interactive Discussion of the Silos of Human and Mechanical Simulation - 85434

San Antonio Convention Center
007A

PANEL PRESENTATION (60 MINUTES)
SSH Technology Committee
Presents: Technology Panel -
25710

San Antonio Convention Center
 301C

HANDS-ON WORKSHOP (60 MINS)
Unbound by Walls Part II: From
Simulation Design to Safer
Clinical Practice - 49240

San Antonio Convention Center
 303A

PANEL PRESENTATION (60 MINUTES)
Value-Based Simulation in
Healthcare: An Updated
Outcomes Model - 85885

San Antonio Convention Center
 007B

HANDS-ON WORKSHOP (60 MINS)

Visualizing Learning with
Simulation Data: Creating
Interactive Learning Data
Dashboards in Excel - 19449

San Antonio Convention Center
 006A

PANEL PRESENTATION (60 MINUTES)
What Else? Answering your
Lingering Questions from the
Standards, Core Competencies
and Best Practices in Healthcare
Simulation Workshop - 48639

San Antonio Convention Center
 210B

HOT TOPIC PRESENTATIONS

FORMAT FOR HOT TOPIC PRESENTATIONS: Every 15-minutes presentations will repeat until the end of the time block. An announcement will be made to rotate to the next station and each presentation will start from the beginning. If the presentation station you hoped to attend was full, please join another station and circle back around.

Hot Topic Presentations for Operations Specialists

2:45pm – 3:45pm (1.0 IPCE), San Antonio Convention Center 221

- Using Low-Code + AI to Streamline Simulation Operations - 43672
- Enhancing Fidelity in Oncology Simulation Through Built-In AI Functionality, a Simulation Specialist Perspective - 75527
- Creating Realism in Pediatric Simulation: Tools, Tech, and Tactics - 29644
- From Scripted Scenarios to On-the-Fly Adjustments: Navigating Real-Time Changes in the Control Room as a Simulation Technology Specialist - 55065
- SOS Onboard - The first 90 days - 29255
- Sustainability in Simulation Operations - 73031
- EMTs and Campus-Based EMS: Sources of Sim Techs and Innovative Ideas - 93667
- Enhancing Simulation Fidelity with Low-Cost Moulage in Disaster Scenarios - 68275
- Peer-Led Simulation in Medical Education: Empowering Students to Lead, Design, and Deliver Clinical Learning - 13165
- Shared Space, Shared Standards: Facilitating Operational Excellence in a Multidisciplinary Simulation Center - 60209
- Bridging the Gap: Learning Theories for the Simulation Tech. - 94341
- Creating a Continuous Bladder Irrigation (CBI) system for use with a SP - 66139
- Lessons in Progress: Integrating a New Simulation Platform - 79458
- Streamlining Simulation Operations and Resources with Microsoft SharePoint - 37722

4:00 PM – 5:00 PM

HANDS-ON WORKSHOP (60 MINS)

AI, Spreadsheets & Chaos: A DIY Toolkit for ED Prioritization Tracking Board Scenario Design - 84382

San Antonio Convention Center 302B

PANEL PRESENTATION (60 MINUTES)

Automated Secure Data and Video Transfer from Exam Software Programs in a Distributed Clinical Skills Assessment Pilot Program - 46892

San Antonio Convention Center 210B

HANDS-ON WORKSHOP (60 MINS)

Beyond the Basics: Next Level Artificial Intelligence Skills for Simulation - 86213

San Antonio Convention Center 302C

HANDS-ON WORKSHOP (60 MINS)

CHSOS-A Application Overview and Strategies for Success - 73130

San Antonio Convention Center 303A

PANEL PRESENTATION (60 MINUTES)

Code Blue Pit Crew: Developing Foundational Skills for Adult Code Blue Response in the Medical-Surgical Care Areas through Rapid Cycle Deliberate Practice Simulation - 77108

San Antonio Convention Center 007A

PANEL PRESENTATION (60 MINUTES)

CRM in Medicine & Simulation: A Clarion Call for Change - 51811

San Antonio Convention Center 210A

HANDS-ON WORKSHOP (60 MINS)

Debriefing For Narcissists - 31535

San Antonio Convention Center 304B

PANEL PRESENTATION (60 MINUTES)

Driving Excellence: Creating a Mobile Simulation Unit - 20052

San Antonio Convention Center 008B

HANDS-ON WORKSHOP (60 MINS)

From Clinician to Simulation Educator: A Structured Onboarding Pathway for Upskilling and Program Sustainability - 88176

San Antonio Convention Center 225A

HANDS-ON WORKSHOP (60 MINS)

From Sim Lab to System Impact: Breaking Down Silos in Health Professions Education - 16768

San Antonio Convention Center 304A

HANDS-ON WORKSHOP (60 MINS)

From Zero to Scenario: Build & Deploy Mixed Reality Simulations in 10 Minutes - 81553

San Antonio Convention Center 305

HOT TOPIC PRESENTATIONS

Hot Topics for Educators

San Antonio Convention Center 221A

HANDS-ON WORKSHOP (60 MINS)

HSSOBP Cornerstone: Applying the HSSOBPTM Prebriefing: Preparation and Briefing Standard to Improve Simulation Effectiveness - 55200

San Antonio Convention Center 225B

HANDS-ON WORKSHOP (60 MINS)

Innovative Faculty Development in Nursing Education: Leveraging Healthcare Partnerships for Simulation-Based Clinical Instruction - 60329

San Antonio Convention Center 225D

HANDS-ON WORKSHOP (60 MINS)
Intubate — and Fast: A Cohesive ICU intubation Escape Room - 33060
 San Antonio Convention Center 221C

PANEL PRESENTATION (60 MINUTES)
IPE Simulation: Making Strides to Improve Patient Outcomes - 11670
 San Antonio Convention Center 007D

HANDS-ON WORKSHOP (60 MINS)
On the Road to Success: Navigating Technical and Logistical Roadblocks in Mobile Simulation - 32844
 San Antonio Convention Center 221D

HANDS-ON WORKSHOP (60 MINS)
Resuscitation Field Day! Building a Fast-Paced, Engaging Resuscitation Skills Training Circuit - 54996
 San Antonio Convention Center 304C

PANEL PRESENTATION (60 MINUTES)
Scenario-Based Simulation Interviews; Does it Work? - 58349
 San Antonio Convention Center 008A

HANDS-ON WORKSHOP (60 MINS)
Servant Leadership with a Simulation Mindset: How Mentoring, Executive Coaching, and Simulation Principles Build a Foundation for New and Current Leaders - 22011
 San Antonio Convention Center 006A

PANEL PRESENTATION (60 MINUTES)
SimWars Unbound: Advancing Inter-Professional Education Through Large-Scale Simulation Competitions - 90397
 San Antonio Convention Center 007B

HANDS-ON WORKSHOP (60 MINS)
SQUIRE-SIM Reporting Guidelines: Using these New Guidelines to get Your Simulation-Based QI Project Published - 87294
 San Antonio Convention Center 303C

HANDS-ON WORKSHOP (60 MINS)
SSH Research Committee Presents: Research Speed Mentoring Event - 92634
 San Antonio Convention Center 225C

HANDS-ON WORKSHOP (60 MINS)
Starting Smart: Key Insights While Preparing Your Systematic Review Regarding Simulation - 99764
 San Antonio Convention Center 006B

HANDS-ON WORKSHOP (60 MINS)
Striving for Perfection: Using MERSQI to Assess—and Plan—Simulation Research - 64882
 San Antonio Convention Center 303B

HANDS-ON WORKSHOP (60 MINS)
Talent Scouts Wanted: Unlocking the Secrets to Hiring and Keeping Great Simulation Ops Teams - 23043
 San Antonio Convention Center 006C

PANEL PRESENTATION (60 MINUTES)
The Role of In-person Simulation and Skills intensives in the Education of Emergency Nurse Practitioners - 37572
 San Antonio Convention Center 211

MAINSTAGE PRESENTATION (60 MINUTES)
The Wisdom of the Crowd! - Findings from the Recent Simulation 2050 Forum
 San Antonio Convention Center Lila Cockrell Theater

PANEL PRESENTATION (60 MINUTES)
Understanding the Pharmacist—
Using Simulation to Strengthen
Pharmacist Professional Identity
Intra and Interprofessionally -
21926

San Antonio Convention Center
 209

HANDS-ON WORKSHOP (60 MINS)
Validity Frameworks: A
Primer for Simulation-Based
Assessment - 15034

San Antonio Convention Center
 302A

PANEL PRESENTATION (60 MINUTES)
Value-Based Simulation in
Healthcare: Returning to the
Stakeholders - 60467

San Antonio Convention Center
 007C

HOT TOPIC PRESENTATIONS

FORMAT FOR HOT TOPIC PRESENTATIONS: Every 15-minutes presentations will repeat until the end of the time block. An announcement will be made to rotate to the next station and each presentation will start from the beginning. If the presentation station you hoped to attend was full, please join another station and circle back around.

Hot Topic Presentations for Educators

4:00pm – 5:00pm (1.0 IPCE)

San Antonio Convention Center 221A

- When Minutes Matter: Lights, Sirens, and Simulation to Strengthen EMS-Nursing Collaboration - 38329
- Critical Conversations in Healthcare Simulation: AI Avatars and XR for High-Stakes Debriefing - 84927
- Development of a Role-Reversal and Standardized Patient Simulation to Teach Residents Effective Communication Practices for Patients with Limited English Proficiency - 20617
- Simulating Connection: Reducing Stress and Enhancing Socialization through Healthcare Simulation - 14359
- Chaplains' Unbound: A Collaborative Partnership Between Chaplain Service & Simulation - 48446
- Breaking the Debriefing Mold: Rebuilding EMS Simulation Reflection Through Structure, Safety, and Resilience. An evidence-based approach to elevate EMS simulation debriefing with structure, psychological safety, and resilience. - 73192
- Exploring the Efficacy of ChatGPT in Developing Complex Patient Simulations: A Feasibility Study - 38039
- Expanding Simulation Programs Across HealthCare Systems - 57191
- Synergy in Simulation: Blending Maternity and Medical Surgical Nursing - 90672
- Progressive Parkinson's SP Simulation for Communication Sciences and Medical Student Interdisciplinary Collaboration: A Pilot Project - 68507
- Elevating Simulation: Unlocking Potential with an Electronic Scenario Database - 51337
- From Hypertension to Peripartum Cardiomyopathy: A Guide to Progressive Simulation in Acute Obstetric Emergencies - 83917
- The Impact of Mindfulness on Anxiety and Cognitive Load in Simulation - 46206
- High Stakes, High Impact: Informing FNP Competency Assessment Through Experiences with High-Stakes Simulation - 39378
- Empowering Residents as Simulation Educators: Development of a Pediatric Resident Simulation Elective - 30478

#IMSH2026

IMSH™
Society for Simulation in Healthcare

UNBOUND

JANUARY 10–14, 2026
SAN ANTONIO, TX

TUESDAY, JANUARY 13

TUESDAY

TUESDAY JANUARY 13

Exhibit Hall Hours 9:30 AM - 3:00 PM

Complete session details are in the SSH Events App, available for Apple and Android platforms.

7:00 AM – 8:00 AM

MEETING

ASCEND 2026 Cohort Meeting (By Invitation Only)

San Antonio Convention Center
225D

MEETING

SSH Section, SIG and Affinity Groups Chairs and Vice Chairs Meeting (By Invitation Only)

San Antonio Convention Center
221D

OPEN HOUSE SCHEDULE

11:00am-12:00pm

- Simulation Operations and Technology Section
- Designing Simulations Affinity Group
- Assessment Affinity Group
- Patient Safety and Simulation Collaborative Affinity Group

12:30pm - 1:30pm

- Nursing Section
- Workplace Violence Prevention Affinity Group

1:30pm - 2:30pm

- Pediatrics Section

MICHAEL S. GORDON CENTER LECTURE ON MEDICAL EDUCATION

8:15 AM - 9:30 AM

As a globally recognized innovation strategist and bestselling author, **Shawn Kanungo** works at the intersection of creativity, business, and technology. He spent 12 years at Deloitte working closely with leaders to help them better plan for the opportunities associated with disruptive innovation. In his high energy keynotes, Kanungo draws on his extensive experience to provide audiences with an optimistic roadmap for the future; one that embraces unexpected approaches to innovation to remain competitive and relevant.

Since leaving Deloitte, Kanungo has worked with hundreds of organizations on their journey to digital transformation. He's led complex projects incorporating artificial intelligence, cloud technologies, behavioral economics, Web3, and more. Today, Kanungo is a Partner with Queen & Rook, where he advises leading organizations and executives on disruptive trends and invests in early-stage ventures.

Kanungo is the first innovation expert to have a streaming special, released on Apple TV and Prime Video in August 2023. It complements and shares the name of his bestselling debut book, *The Bold Ones*, a playbook for individuals to become bolder and push their careers and organizations forward. It has been touted as one of McKinsey's top decision-making books for leaders. Kanungo's work has also been featured in the *Globe and Mail*, *The Guardian*, *CBC*, and *CTV*.

A prolific content creator, Kanungo's content on innovation has garnered millions of views across LinkedIn, TikTok, YouTube, and Facebook. He's been recognized by *Edify* magazine as one of their "Top 40 Under 40" and was called the "best virtual keynote speaker I've ever seen" by *Forbes* in 2021.

HEAR FROM SHAWN

9:45 AM – 10:45 AM

HANDS-ON WORKSHOP (60 MINS)

Advanced Curriculum Development for Simulation - Developing a Mastery Learning Curriculum - 57920

San Antonio Convention Center
304B

PANEL PRESENTATION (60 MINUTES)

AI as Clinical Preceptor: Exploring Evaluation of Graduate Nurse Simulations - 29187

San Antonio Convention Center
007A

HANDS-ON WORKSHOP (60 MINS)

ASPE Presents: Innovative Applications for Actor Training Techniques: Coach Simulated Patients (SPs) for Authentic Portrayals and/or Health Sciences Students in Nonverbal Communication Skills - 40459

San Antonio Convention Center
006C

HANDS-ON WORKSHOP (60 MINS)

Beyond the Basics: Taking Maternal Simulation Beyond Hemorrhage and Hypertension into Maternal Code Stroke using Multidisciplinary Collaboration - 75321

San Antonio Convention Center
225D

HANDS-ON WORKSHOP (60 MINS)

Beyond the Manikin: Leveraging Extended Reality to Transform Resident Education in Anatomy, Crisis Management, and Procedures - 90509

San Antonio Convention Center
304A

HANDS-ON WORKSHOP (60 MINS)

Build Your Own GPT Model: From Concept to Deployment - 68543

San Antonio Convention Center
225A

PANEL PRESENTATION (60 MINUTES)

Creating an Inaugural Simulation Fellowship: Considerations for Training Sim Leaders - 33245

San Antonio Convention Center
008B

RESEARCH ABSTRACT (DPP) ORAL PRESENTATIONS

**DPP Orals Session 1
(By Invitation Only)**

San Antonio Convention Center
302A

RESEARCH ABSTRACT (DPP) ORAL PRESENTATIONS

**DPP Orals Session 2
(By Invitation Only)**

San Antonio Convention Center
302B

RESEARCH ABSTRACT (DPP) ORAL PRESENTATIONS

**DPP Orals Session 3
(By Invitation Only)**

San Antonio Convention Center
302C

RESEARCH ABSTRACT (DPP) ORAL PRESENTATIONS

**DPP Orals Session 4
(By Invitation Only)**

San Antonio Convention Center
303A

RESEARCH ABSTRACT (DPP) ORAL PRESENTATIONS

**DPP Orals Session 5
(By Invitation Only)**

San Antonio Convention Center
303B

RESEARCH ABSTRACT (DPP) ORAL PRESENTATIONS

**DPP Orals Session 6
(By Invitation Only)**

San Antonio Convention Center
303C

PANEL PRESENTATION (60 MINUTES)

Empowering Teams, Enhancing Care: Integrating Simulation Across the Enterprise - 31791

San Antonio Convention Center
007C

HANDS-ON WORKSHOP (60 MINS)

Escape the Crash: Nursing Simulation and Gamification for Rapid Recognition and Response to Patient Decline - 17693

San Antonio Convention Center
221D

PANEL PRESENTATION (60 MINUTES)

Family Focus: Creating a Simulation Curriculum to Improve Competence and Confidence in Patients' Caregivers - 83133

San Antonio Convention Center
007B

PANEL PRESENTATION (60 MINUTES)

From Complexity to Clarity: Exploring Infusion Pump Errors via Human Factors Research and Simulation - 47012

San Antonio Convention Center
006D

HANDS-ON WORKSHOP (60 MINS)

From the Control Room to the Board Room - A Pathway for the Simulation Operations Specialist Part 2 - 47024

San Antonio Convention Center
007D

HOT TOPIC PRESENTATIONS

Hot Topics Session 6 - Innovator Group 1

San Antonio Convention Center
221A

PANEL PRESENTATION (60 MINUTES)

Implementing Haptics in Healthcare Simulation: A Panel Discussion of Evidence, Challenges, and Strategies - 51921

San Antonio Convention Center
211

HANDS-ON WORKSHOP (60 MINS)

Orientation Planning for Simulation Center Staff - 48125

San Antonio Convention Center
225C

PANEL PRESENTATION (60 MINUTES)

Reimagining IPE Simulation by Leveraging Human Simulation - 89714

San Antonio Convention Center
008A

HANDS-ON WORKSHOP (60 MINS)

Reimagining Prebriefing and Orientation to Foster Psychological Safety and Mindfulness - 21059

San Antonio Convention Center
304C

PANEL PRESENTATION (60 MINUTES)

Rescuing the Learning When Debriefs Derail - 92162

San Antonio Convention Center
210A

PANEL PRESENTATION (60 MINUTES)

Scaling Empathy and Safety: Behavioral Health Simulation Programs Across a Municipal Healthcare System - 61430

San Antonio Convention Center
210B

PANEL PRESENTATION (60 MINUTES)

Sim Wars: Leveraging the Power of Edutainment to Elevate Simulation Value and Leadership Engagement - 95761

San Antonio Convention Center
225B

HANDS-ON WORKSHOP (60 MINS)

Simulation in Healthcare Peer Reviewer Workshop: Insights and Practices from the Editors - 80911

San Antonio Convention Center
301C

HANDS-ON WORKSHOP (60 MINS)

Simulation in Sync: Reimagining Nurse Residency Through Collaboration and Integration - 91523

San Antonio Convention Center
006A

HANDS-ON WORKSHOP (60 MINS)

Simulation Synergy: A Walk Through the US Healthcare System Using a Common Injury or Ailment - 78949

San Antonio Convention Center
221C

PANEL PRESENTATION (60 MINUTES)

SSH Presents: From Passion to Policy: Building Your Advocacy Plan for Healthcare Simulation - 96767

San Antonio Convention Center
Lila Cockrell Theater

HANDS-ON WORKSHOP (60 MINS)

The Patient Perspective: A Workshop on How to Train Simulated Participants to Give Effective Feedback to Learners - 87294

San Antonio Convention Center
006B

PANEL PRESENTATION (60 MINUTES)

The Tortured QA Department: Swiftly Tailoring your SP Program - 75865

San Antonio Convention Center
209

HOT TOPIC PRESENTATIONS

FORMAT FOR HOT TOPIC PRESENTATIONS: Every 15-minutes presentations will repeat until the end of the time block. An announcement will be made to rotate to the next station and each presentation will start from the beginning. If the presentation station you hoped to attend was full, please join another station and circle back around.

Hot Topic Presentations for Innovators

9:45am – 10:45am (1.0 IPCE)

San Antonio Convention Center 221A

- Development and Implementation of a Virtual Reality Training Platform for Nurses: A Multi-Industry Collaboration - 39204
- Train Your Brain: Emergency Preparedness Escape Room - 73626
- Development and Implementation of the Simulation Alliance For Ethiopia (SAFE): A Sustainable Simulation Curriculum for Pediatric Emergency and Critical Care Fellows in Ethiopia - 53549
- Remote Learning: Positively Impacting GN Training with Technology - 50655
- Designing Medical and Nursing Simulation Centers Based on Real-World Healthcare Facilities and Systems - 85814
- Blueprint to Excellent Veteran Care: Optimizing VA Clinical Spaces Through Simulation - 90195
- Preparing Nurses for End-of-Life Care: Innovative Learning Through Simulation - 51790
- Scaling Up Virtual Reality Simulation Through Faculty-Supported Peer Facilitation - 69108
- Locked, Loaded, and Sim Ready: Creating a DIY Pyxis on a Budget! - 75833
- From Innovation to Infrastructure: Scaling a Shared Simulation Platform Across Post-Secondary Institutions - 58739
- Virtual Clinic: Supplementing Student Learning in a Medical School Curriculum Through AI-enabled Simulated Patient Encounters - 51954
- Bridging the Gap: Empowering Simulationists with CT-to-3D - 18399
- Unbound: A Bold Approach to Simulation Educator Development Using Boot Camp Training and Generative AI - 32305
- Architecting LLM Agents for Simulation Scenarios - 97517
- Designers Take: Creating Adaptable SIM Environments for Current & Future Needs - 55650

RESEARCH ORAL PRESENTATIONS

FORMAT FOR RESEARCH ORAL PRESENTATIONS: 10-minute formal presentations followed by a brief question & answer portion. You must stay for all presentations to claim IPCE credit for this session. All presenters will have their abstract or manuscript published following IMSH 2026.

Research Abstract Award Winner Oral Presentations

9:45am – 10:45am (1.0 IPCE)

San Antonio Convention Center 305

- IMSH 2026 1st place Abstract: REACHvr - Leveraging Virtual Reality to Prepare Nursing Students for Rural and Underserved Care
- IMSH 2026 2nd place Abstract: Enhancing Call Centre Response to Adult High-Risk Callers - Evaluating Simulation-Based Training for Poison Centre Specialists
- IMSH 2026 Student Winner: Mental Health 'Life Support.' Establishing a simulation-based suicide prevention communication training in an urban pediatrics residency program
- IMSH 2026 FIRES Manuscript Presentation: Checking the Pulse - Assessing the Use of Simulation in OB/GYN Resident Education – 80606

11:00 AM –12:00 PM

PANEL PRESENTATION (60 MINUTES)

AI in Simulation: Capabilities, Concerns, and Compassionate Care - 64977

San Antonio Convention Center
211

PANEL PRESENTATION (60 MINUTES)

Boot Camp for the Brain: Simulation-Based Onboarding to Hardwire CRM in Pediatric Critical Care - 60485

San Antonio Convention Center
210B

HANDS-ON WORKSHOP (60 MINS)

Bridging Reflection and Innovation: AI in Debriefing Guide Creation - 34620

San Antonio Convention Center
006B

Hands-on Workshop (60 mins)

Climbing Together: Experiential Learning on Simulated Mt. Everest for Ad Hoc Teamwork and Communication - 93173

San Antonio Convention Center
006A

HANDS-ON WORKSHOP (60 MINS)

Creating 360° Virtual Reality for Healthcare Education: The Age of the Understatement and the Illusion of choice. - 25623

San Antonio Convention Center

DPP Orals session 12 (By Invitation Only)

San Antonio Convention Center
303C

HANDS-ON WORKSHOP (60 MINS)

From Avoidance to Action: Phased Separation of Emotions and Practice in Simulation (PSEPS) for Emotionally Activating Scenarios - 63055

San Antonio Convention Center
006C

HANDS-ON WORKSHOP (60 MINS)

From Dream to (Virtual) Reality: How to Design Policies to Prepare Your Program, Learners, and Detractors for Engaging in VR Simulations - 49514

San Antonio Convention Center
304C

PANEL PRESENTATION (60 MINUTES)

From Simulation Consumers to Simulation Champions: Building Sustainable In-Situ Training Capacity in OBGYN Departments - 71652

San Antonio Convention Center
007C

HOT TOPIC PRESENTATIONS

Hot Topics Session 7 - Mixed Content

San Antonio Convention Center
221A

HANDS-ON WORKSHOP (60 MINS)

I'm New Here: An Introduction to the World of Extended Reality - 66901

San Antonio Convention Center
221C

PANEL PRESENTATION (60 MINUTES)

It Takes Two to Simulate: Partnering for Successful AI Integration - 14807

San Antonio Convention Center
210A

PANEL PRESENTATION (60 MINUTES)

Keys to Designing Non- clinical Procedural Training Using Healthcare Simulation Curriculum Development Frameworks - 53783

San Antonio Convention Center
007B

HANDS-ON WORKSHOP (60 MINS)

Manikin vs Metaverse: One, the Other or Both? - 13246

San Antonio Convention Center
221D

HANDS-ON WORKSHOP (60 MINS)

Mass Casualty Triage and Mass Fatality Survivability: Learn Through Sim! - 50413

San Antonio Convention Center
304A

HANDS-ON WORKSHOP (60 MINS)

Scalpels Out: Storytelling Meets Simulation in a One-Act Medical Mystery - 71558

San Antonio Convention Center
225A

PANEL PRESENTATION (60 MINUTES)

Should I Drop a Bomb in the Debriefing or Let it Go Since it Wasn't part of the Objectives? A Debate on Debriefing Disclosures - 40226

San Antonio Convention Center
209

HANDS-ON WORKSHOP (60 MINS)

SimSAFE: A 60-Minute Toolkit for Emotional Safety in Simulation - 62687

San Antonio Convention Center
225B

PANEL PRESENTATION (60 MINUTES)

SSH Technology Committee

Presents: Pitch Room (By Invitation Only) - 23070

San Antonio Convention Center
008B

PANEL PRESENTATION (60 MINUTES)

SSH Presents: Accreditation Top 10 - 28887

San Antonio Convention Center
006D

HANDS-ON WORKSHOP (60 MINS)

Stagecraft in Simulation: Using Forum Theater for Large-Group Learning - 58856

San Antonio Convention Center
304B

PANEL PRESENTATION (60 MINUTES)

The Move: A Multi-Disciplinary Approach to Simulation of New Hospital Spaces and Patient Movement - 93660

San Antonio Convention Center
007A

PANEL PRESENTATION (60 MINUTES)

Transforming the Educational Landscape to Engage the GenZ Learner - 91553

San Antonio Convention Center
007D

PANEL PRESENTATION (60 MINUTES)

Unbound but Overbooked: Leveraging Utilization Data to Sustain Simulation Center Excellence Beyond 70% Capacity - 63207

San Antonio Convention Center
Lila Cockrell Theater

HANDS-ON WORKSHOP (60 MINS)

Unbound by Design: Standardizing Templates Across Healthcare Disciplines - 74847

San Antonio Convention Center
225D

PANEL PRESENTATION (60 MINUTES)

UNBOUND Interprofessional Education: A Live, Unplugged Podcast from IMSH 2026 - 39733

San Antonio Convention Center
008A

HANDS-ON WORKSHOP (60 MINS)

Who Spoke for Me? Centering the Patient Voice in Interprofessional Simulation - 94804

San Antonio Convention Center
301C

HOT TOPIC PRESENTATIONS

FORMAT FOR HOT TOPIC PRESENTATIONS: Every 15-minutes presentations will repeat until the end of the time block. An announcement will be made to rotate to the next station and each presentation will start from the beginning. If the presentation station you hoped to attend was full, please join another station and circle back around.

Hot Topic Presentations for Administrators, Educators, Ops Specialist, & Researchers

11:00am – 12:00pm (1.0 IPCE)

San Antonio Convention Center 221A

- Integrating In-Situ Simulation, FMEA, and Resilience Engineering to Identify Latent Safety Threats Prior to Opening a New Pediatric Emergency Department - 36223
- The Great Merge: Designing Interpretational Simulations That Unite Disciplines - 36041
- From Curiosity to Advancing the Field: A Mentorship Model for Novice Simulation Researchers - 75416
- The Hidden Threats in New Spaces: Latent Safety Threat Discovery During Simulation in Newly Opened Clinical Locations - 23678
- Rethinking the Prebrief: Arts and Humanities Practices to Prepare for Brave Simulation Conversations - 29041
- The Virtual Standardized Patient Project - 18208
- The Hidden Hazard: Proactive Strategies to Mitigate Training Scars in EMS Simulation - 84726
- Unlocking the Power of Operational Data in Healthcare Simulation Centers - 18391
- Getting a Grip on VL: Finding the Optimal Grip for Video Laryngoscopy - 29201
- Revolutionizing Healthcare Education: A Step-by-Step Guide to Integrating Virtual Reality - 48943
- Is Artificial Intelligence Competent in Designing Simulations? - 34607
- DIY Custom AV Debrief System - 13847
- Heads Up! How a Patient Safety Concern Sparked AI-Driven Simulation" - 63758

12:00 PM – 1:00 PM

MEETING

OB/GYN Section Meeting

San Antonio Convention Center
225C

MEETING

SP Methodology Section Collaboration Forum

San Antonio Convention Center
225D

MEETING

Simulation Program Leadership (Formerly Directors) Section Meeting

San Antonio Convention Center
225B

1:30 PM – 2:30 PM

HANDS-ON WORKSHOP (60 MINS)

Applying the Human Simulation Standards to SP Training - 27922

San Antonio Convention Center
225A

PANEL PRESENTATION (60 MINUTES)

Building a Medically Ready Force: Joint Operational Readiness Training for Active Duty and Reserve Teams - 98397

San Antonio Convention Center
008B

HANDS-ON WORKSHOP (60 MINS)

Code Brick: Leveling-Up Multi-Disciplinary In-Hospital Mass Casualty Incident Education Using Role Playing Game Theory and a Well Known Interlocking System of Brick - 32212

San Antonio Convention Center
305

HANDS-ON WORKSHOP (60 MINS)

Communication Remediation - Using Applied Theatre Techniques to Improve Interprofessional Communication - 94713

San Antonio Convention Center
006B

RESEARCH ABSTRACT (COMPLETED STUDIES) ORAL PRESENTATIONS

Completed Studies Orals Session 1

San Antonio Convention Center
302A

RESEARCH ABSTRACT (COMPLETED STUDIES) ORAL PRESENTATIONS

Completed Studies Orals Session 2

San Antonio Convention Center
302B

RESEARCH ABSTRACT (COMPLETED STUDIES) ORAL PRESENTATIONS

Completed Studies Orals Session 3

San Antonio Convention Center
302C

RESEARCH ABSTRACT (COMPLETED STUDIES) ORAL PRESENTATIONS

Completed Studies Orals Session 4

San Antonio Convention Center
303A

RESEARCH ABSTRACT (COMPLETED STUDIES) ORAL PRESENTATIONS

Completed Studies Orals Session 5

San Antonio Convention Center
303B

RESEARCH ABSTRACT (COMPLETED STUDIES) ORAL PRESENTATIONS

Completed Studies Orals Session 6

San Antonio Convention Center
303C

PANEL PRESENTATION (60 MINUTES)

Developing the Future Nurse Like an Elite Athlete: Coaching, Simulation, and Competency-Based Education for Unbound Performance - 84444

San Antonio Convention Center
210A

HANDS-ON WORKSHOP (60 MINS)

Developing a Diverse Simulation - 84647

San Antonio Convention Center
221D

HANDS-ON WORKSHOP (60 MINS)

Elevating Role Playing to the Next Level in Simulation - 64565

San Antonio Convention Center
006A

HANDS-ON WORKSHOP (60 MINS)

Enhancing Interprofessional Collaboration at the Student Level: Looking Through a Different Lens; Physician Assistant and Pharmacy Students Peer Assisted Learning Focused on Patient Care - 32763

San Antonio Convention Center
225D

HANDS-ON WORKSHOP (60 MINS)

**From Reactive to Resilient:
Applying Safety II and Human
Preparedness in Complex Systems
- 35656**

San Antonio Convention Center
304B

HANDS-ON WORKSHOP (60 MINS)

**From Virtual to Reality: An
Introduction to ChatGPT
Strategies for Medical Simulation
- 14680**

San Antonio Convention Center
301C

HANDS-ON WORKSHOP (60 MINS)

**Hands-On Applications of AI and
Emerging Technologies in Medical
Simulation Research: From Theory
to Practice - 24256**

San Antonio Convention Center
006C

HANDS-ON WORKSHOP (60 MINS)

**How to Make My First Healthcare
Simulation Education Grant
Proposal Compelling? - 49257**

San Antonio Convention Center
304A

HOT TOPIC PRESENTATIONS

**Hot Topics Session 8 - Innovator
Group 2**

San Antonio Convention Center
221A

PANEL PRESENTATION (60 MINUTES)

**INACSL Presents: Advancing
Excellence in Healthcare
Simulation: What's New, What's
Next at INACSL - 50364**

San Antonio Convention Center
225B

HANDS-ON WORKSHOP (60 MINS)

**Not So Scary Sim: Heroes,
Monsters, and Campfire Stories for
Youth Engagement - 11513**

San Antonio Convention Center
225C

PANEL PRESENTATION (60 MINUTES)

**Nursing Unit Orientation- Lessons
Learned Through System
Implementation - 83992**

San Antonio Convention Center
007A

PANEL PRESENTATION (60 MINUTES)

**Ready or Not: Promise and Pitfalls
of Developing AI-Powered Tools
for Communication Skills Training
and Assessment - 63159**

San Antonio Convention Center
211

PANEL PRESENTATION (60 MINUTES)

**Scaling Excellence: Designing and
Sustaining a Dynamic Pediatric
Emergency Medicine Simulation
Curriculum for a Broad Group of
Residents - 91346**

San Antonio Convention Center
008A

HANDS-ON WORKSHOP (60 MINS)

**Scenario Development with AI:
Using Prompt Engineering to
Save Time and Align Content with
Learning Goals - 50408**

San Antonio Convention Center
304C

PANEL PRESENTATION (60 MINUTES)

**SSH Presents: Core Accreditation
Standards - 83784**

San Antonio Convention Center
006D

PANEL PRESENTATION (60 MINUTES)

**Streamlining Success: Mastering
Sim Center Data Organization
and Collection Systems - 68945**

San Antonio Convention Center
007C

**MAINSTAGE PRESENTATION
(60 MINUTES)**

**The International Liaison
Council on Simulation: Charting
the Future of Research In
Simulation**

San Antonio Convention Center
Lila Cockrell Theater

PANEL PRESENTATION (60 MINUTES)

The Keystone Model – A Collaborative Approach to Crisis Management - 70199

San Antonio Convention Center
210B

HANDS-ON WORKSHOP (60 MINS)

Wait...That's Not Real? The Fundamentals of Moulage - 21965

San Antonio Convention Center
221C

PANEL PRESENTATION (60 MINUTES)

Using Just-in-Time Remediation and Simulation to Evaluate and Enhance EPA Competency in a Transition to Residency Course - 14781

San Antonio Convention Center
007D

PANEL PRESENTATION (60 MINUTES)

Would the Real Rapid Cycle Deliberate Practice (RCDP) Please Stand Up? - 80393

San Antonio Convention Center
007B

HOT TOPIC PRESENTATIONS

FORMAT FOR HOT TOPIC PRESENTATIONS: Every 15-minutes presentations will repeat until the end of the time block. An announcement will be made to rotate to the next station and each presentation will start from the beginning. If the presentation station you hoped to attend was full, please join another station and circle back around.

Hot Topic Presentations for Educators, Innovators, & Operations Specialist

1:30pm – 2:30pm (1.0 IPCE)

San Antonio Convention Center 221A

- Using AI-enabled SP encounters to Bridge the Gap in SP Diversity and Travel in a Rural Setting - 63562
- Quantifying Team Measurement in Simulation-Based Training - 65466
- Enhancing Simulation Fidelity with a Low-Cost, Reusable IV Infusion Labeling System - 30279
- Human Simulation- The Innovation: A Visual-Narrative Pain Scale - 46938
- Enhancing Learner Engagement and Clinical Preparedness Through a Hybrid Immersion Room Experience - 61833
- Leveraging Virtual Reality for Safe and Effective CRRT Training for ICU Nursing - 17807
- Doctor-Approved, Budget-Friendly Suture & Staple Trainer - 87230
- Innovative Simulation Solutions: Maximizing Realism with Creative, Budget-Friendly Solutions - 69953
- High-Fidelity In-Situ Simulation: A Unique Approach to Fostering Synergy Among Interprofessional Healthcare Teams in a New Clinical Research Space - 38441
- Lightsabers and Ligaments: A StarWars EM Sports Medicine Challenge - 32182
- The 3d medium is the message: relative benefits of 3d printing, VR, plastinates - 59308
- Meet ViCA! BCIT's Virtual CBC Analyzer: A 3D Simulation Tool for Mastering Instrumentation Principles and Diagnostic Interpretation - 82405
- Creation of a Virtual Reality training for prevention of workplace violence in healthcare - 85953
- Breaking Boundaries: Leveraging Your Learning Management System to Revolutionize Standardized Patient Training - 35165

RESEARCH ORAL PRESENTATIONS

FORMAT FOR RESEARCH ORAL PRESENTATIONS: 10-minute formal presentations followed by a brief question & answer portion. You must stay for all presentations to claim IPCE credit for this session. All presenters will have their abstract or manuscript published following IMSH 2026.

Completed Studies Orals: Interprofessional Education (IPE) & Team-Based Training - Session 1

1:30pm – 2:30pm (1.0 IPCE)

San Antonio Convention Center 302A

- Co-Designing a University-Based Simulation Operations Minor Program Using Participatory Action Research: A Multi-Stakeholder Implementation Strategy - 11231
- Enhancing CRNA Proficiency: Structured Cricothyrotomy Training to Improve Knowledge, Skills, and Confidence - 28640
- High Superficial Resemblance vs High Functional Task Alignment Simulation for Central Venous Catheterization Training: A Randomized Crossover Study - 34817
- Improving Communication with Patients of Limited English Proficiency Through Simulation - 16022
- Inattention blindness: An exploratory descriptive study in practicing nurses - 54449
- SonoGuar: A Self-healing Hydrogel for Higher Fidelity Ultrasound-guided Procedure Training - 59207

Completed Studies Orals: Virtual Reality & Standardized Patient Innovations - Session 1

1:30pm – 2:30pm (1.0 IPCE)

San Antonio Convention Center 302B

- Beyond Identification of Unsafe Conditions: A Description of the Safety Facilitator Pilot Initiative to Report, Track, and Mitigate Unsafe Conditions Identified Through In-Situ Simulation - 60962
- Improving outpatient pediatric emergency preparedness utilizing multidisciplinary, in-situ simulations: a pilot study - 66870
- Improving Pediatric Resuscitation Preparedness Through In-Situ Simulation - 56401
- Improving Trauma Interventional Radiology Alert Protocols Through In-Situ Simulation - 58586
- Procedure Induced Palpitations: The Role of TVP Simulation in Confidence and Competency - 50938
- The Impact of Priming Literature on Emergency Medicine Resident Performance and Attitudes in De-Escalation Simulation - 77919
- Beyond Identification of Unsafe Conditions: A Description of the Safety Facilitator Pilot Initiative to Report, Track, and Mitigate Unsafe Conditions Identified Through In-Situ Simulation - 60962
- Improving outpatient pediatric emergency preparedness utilizing multidisciplinary, in-situ simulations: a pilot study - 66870
- Improving Pediatric Resuscitation Preparedness Through In-Situ Simulation - 56401
- Improving Trauma Interventional Radiology Alert Protocols Through In-Situ Simulation - 58586
- Procedure Induced Palpitations: The Role of TVP Simulation in Confidence and Competency - 50938
- The Impact of Priming Literature on Emergency Medicine Resident Performance and Attitudes in De-Escalation Simulation - 77919

Completed Studies Orals: Curriculum Design & Instructional Innovation - Session 1

1:30pm – 2:30pm (1.0 IPCE)

San Antonio Convention Center 302C

- Branching Simulation Powered by Mathematical Error Stratification: A New Model for Case Scenario Design - 84275

- Comparing AI Voice Commands and VR Controllers in Advanced Life Support Training: Effects on Performance, Presence, and Confidence - 56221
- Development and Implementation of Essential Stroke Life Support: An Online Virtual Simulation Course - 38367
- Distributed Simulation-Based Training for Endotracheal Intubation Skills with Varying Levels of Difficulty in Medical Students: Development and Outcomes of a Structured Curriculum - 78106
- Obstetric Life Support Simulation Training in Resource-Limited Settings: Identifying Barriers and Facilitators to Equitable Implementation - 34027
- SimBegin: Student facilitator training effectively develops debriefing competencies - 13936

Completed Studies Orals: Simulation-Based Clinical Education & Program Effectiveness - Session 1

1:30pm – 2:30pm (1.0 IPCE)

San Antonio Convention Center 303A

- Are We Asking the Right Questions? A Scoping Review of Evaluation Tools for Simulation Technologies - 61411
- CODE BRICK: Exploring the use of a novel table-top role playing game to train in-hospital disaster medicine skill sets to health care professionals. - 77414
- Current Practice of Simulation-Based Medical Education in Medical Education Centers in Thailand - 55478
- Enhancing Call Centre Response to Adult High-Risk Callers: Evaluating Simulation-Based Training for Poison Centre Specialists - 91676
- Essential or Non-Essential: Pre-licensure Nursing Psychomotor Skills for Entering Nursing Practice: A Delphi Study - 80744
- Perceived Effectiveness and Social Presence in Holographic vs. Video-Based Simulation: A Quasi-Experimental Study in Undergraduate Nursing Education - 63913

Completed Studies Orals: Deliberate Practice & Skills Training - Session 1

1:30pm – 2:30pm (1.0 IPCE)

San Antonio Convention Center 303B

- Conducting a Simulated Cold Weather Operation to Examine Anxiety and Capabilities to Perform Combat Casualty Care Skills - 56344
- Elevating Simulation Practice: Understanding Facilitator Cognitive Load to Promote Best Practices - 52072
- Exploring the impact of individual and contextual factors on medical students' speaking-up in simulated medical error scenarios - 15516
- Focused Scalpel Bougie Front of Neck Access Workshop for Staff Anesthesia Providers - 37660
- Impact of Individual Members on Team Performance in a Longitudinal Neonatal Resuscitation Telesimulation Program - 83269

Completed Studies Orals: Simulation-Based Clinical Education & Program Effectiveness - Session 2

1:30pm – 2:30pm (1.0 IPCE)

San Antonio Convention Center 303C

- Advancing BLS Training: Comparing Mixed Reality to Blended Virtual and Manikin-Based Methods - 97326
- Development of Vignette-Based Item Set Generator using AI (VEGA) for Nursing Students - 83143
- Ensuring basic skills prior to surgery on patients: A new immersive virtual reality simulator for volar locking plate fixation of distal radius fractures. - 42877
- Evaluating a Co-Created Mental Health Virtual Simulation for Nursing Education - 81003
- Evaluating the Effectiveness of Mixed Reality Simulation for Peripheral IV Placement in Emergency Medical Technician Trainees - 89458
- Interprofessional Team-Based Alzheimer's Care Education in the Metaverse - 12888

2:45 PM – 3:45 PM

HANDS-ON WORKSHOP (60 MINS)

After the Action: Reports That Drive Change - 39078

San Antonio Convention Center
304B

PANEL PRESENTATION (60 MINUTES)

AI at the Point of Care: Transforming Language Access in Simulation and Clinical Practice

San Antonio Convention Center
Lila Cockrell Theater

PANEL PRESENTATION (60 MINUTES)

Autonomous vs. Expert-Facilitated Simulation: Redefining Roles in the Era of AI and Immersive Technology - 82584

San Antonio Convention Center
007D

RESEARCH ABSTRACT (COMPLETED STUDIES) ORAL PRESENTATIONS

Completed Studies Orals Session 7

San Antonio Convention Center

San Antonio Convention Center
303C

HANDS-ON WORKSHOP (60 MINS)

Debriefing Doesn't Always Work! Know when to teach, coach, or debrief by implementing "With Good Judgment" across the SimZones - 67655

San Antonio Convention Center
225B

PANEL PRESENTATION (60 MINUTES)

Developing IPE Simulations that Break Down Silos and Solve Problems - 88758

San Antonio Convention Center
209

PANEL PRESENTATION (60 MINUTES)

From Curiosity to Career: Engaging Youth in Healthcare Through Simulation - 60019

San Antonio Convention Center
007A

HOT TOPIC PRESENTATIONS

Hot Topics Session 9 - Educator Group 5

San Antonio Convention Center
221A

PANEL PRESENTATION (60 MINUTES)

Immersive Futures: Where XR Meets the Next Generation of Health Education - 75038

San Antonio Convention Center
210B

PANEL PRESENTATION (60 MINUTES)

Latent Safety Threat Reporting Practices to Support Mitigation - 83381

San Antonio Convention Center
007B

HANDS-ON WORKSHOP (60 MINS)

Level Up Your Simulation Ops Game: Roles, Skills, and Pathways for Simulation Operations Specialists - 67218

San Antonio Convention Center
225A

HANDS-ON WORKSHOP (60 MINS)

Leveraging Data to Drive Simulation Program Success - 46514

San Antonio Convention Center
006B

HANDS-ON WORKSHOP (60 MINS)

Mastery in Motion: Continuous Education for Critical Care Transport Teams through Simulation-Based Curriculum - 26406

San Antonio Convention Center
221C

HANDS-ON WORKSHOP (60 MINS)

Play to Learn, Train to Heal: Gamified Strategies for Simulation - 26697

San Antonio Convention Center
006A

HANDS-ON WORKSHOP (60 MINS)

Practices in Psychological Safety for SPs Working Traumatic Simulations - 45447

San Antonio Convention Center
225D

HANDS-ON WORKSHOP (60 MINS)

Practice with Purpose: Using OSTEs to Cultivate Simulation Teaching Excellence - 48533

San Antonio Convention Center
225C

HANDS-ON WORKSHOP (60 MINS)

Saving Mothers, Changing Outcomes: Using Mobile Simulation and Education to Improve Maternal Health in Georgia - 93227

San Antonio Convention Center
221D

HANDS-ON WORKSHOP (60 MINS)

SimBox: Making Simulation Accessible — For All! - 10609

San Antonio Convention Center
304A

HANDS-ON WORKSHOP (60 MINS)

Simulation Debriefing Model to Improve the Capacities for Resilient Performance in Healthcare Systems - 29294

San Antonio Convention Center
301A

PANEL PRESENTATION (60 MINUTES)

SSH Education Committee Presents: Fundamentals in Simulation Series - Simulation 101

San Antonio Convention Center
006D

HANDS-ON WORKSHOP (60 MINS)

“SSTOP” to Start! Integrating In Situ Simulation Against All Odds - 11137

San Antonio Convention Center
006C

PANEL PRESENTATION (60 MINUTES)

Stressing the Learner: Psychological Safety versus Realism in Simulation - 64554

San Antonio Convention Center
008A

HANDS-ON WORKSHOP (60 MINS)

The Ultimate Blueprint for Designing Strong Simulation Research Study Protocols - 23132

San Antonio Convention Center
301B

HANDS-ON WORKSHOP (60 MINS)

Thinking and Rethinking, Utilizing Generative AI for Simulation Research: Sharing Our Research Journey Steps and Supporting You in Yours - 75181

San Antonio Convention Center
305

PANEL PRESENTATION (60 MINUTES)

Threading the Needle Between Building Construction and Patient Care: Delivering a Simulation-based Clinical Systems Testing Program for a New Emergency Department - 30886

San Antonio Convention Center
007C

HANDS-ON WORKSHOP (60 MINS)

Unbound Collaboration: Designing, Implementing, and Evaluating Interprofessional Simulation for EMS and Hospital Teams - 52289

San Antonio Convention Center
301C

PANEL PRESENTATION (60 MINUTES)

Utilizing In Situ Simulation to Tackle Quality Initiatives for a Aystem-Wide Hospital Network: Implementation and Extrapolation Simulation Data - 84392

San Antonio Convention Center
211

PANEL PRESENTATION (60 MINUTES)

Who's in Charge Here? A Closer Look at Simulation Program Reporting Structures and Their Organizational Impact - 77415

San Antonio Convention Center
008B

HOT TOPIC PRESENTATIONS

FORMAT FOR HOT TOPIC PRESENTATIONS: Every 15-minutes presentations will repeat until the end of the time block. An announcement will be made to rotate to the next station and each presentation will start from the beginning. If the presentation station you hoped to attend was full, please join another station and circle back around.

Hot Topic Presentations for Educators

2:45pm – 3:45pm (1.0 IPCE)

San Antonio Convention Center 221A

- From Hallways to Help: The Role of Mock Codes in Non-Traditional Environments - 84899
- Outpatient Simulation Champions: A Recipe for Success in Pediatric Emergency Response - 89172
- Flipping the SBAR Triangle: Using Simulation to Explore Reasoning Styles Across Professions - 36835
- Talk the Talk: Telehealth Training for Better Follow-Up Phone Calls - 47416
- Letting Go of the Role: The Art of De-Rolling in Healthcare Simulation - 97852
- Student Volunteers vs Community Volunteers in Poverty Simulation Ethical, Educational, and Practical Considerations - 75009
- Unbound & Unconventional: Expanding SP-Based Simulation Beyond the Clinical Core - 58389
- Discovering the Clues to Effective Cueing - 68993
- Prebriefing: A "check-in" survey to ensure efficiency and psychological safety. - 65295
- I Feel The Need...The Need, for a Needs Assessment - 41908
- AI in the Classroom: Leveraging the AI to Enhance Communication Integrating Health Equity and Promote Health Literacy into the Care of an Adolescent Client - 40549
- Simulating the Unexpected: A Multidisciplinary Travel Code Simulation Featuring Nursing and Radiography - 17395
- Passing the Baton: Preparing Residents to Author & Lead Healthcare Simulations - 22956
- Strengthening Transitions in Care and Advancing Rural Health through Immersive Virtual Reality Simulation - 80662

RESEARCH ORAL PRESENTATIONS

FORMAT FOR RESEARCH ORAL PRESENTATIONS: 10-minute formal presentations followed by a brief question & answer portion. You must stay for all presentations to claim IPCE credit for this session. All presenters will have their abstract or manuscript published following IMSH 2026.

Completed Studies Orals: Interprofessional Education (IPE) & Team-Based Training - Session 2

2:45pm – 3:45pm (1.0 IPCE)

San Antonio Convention Center 302A

- Ethics in Action: High-Fidelity Simulation to Boost Nurses' Communication and Ethical Confidence - 90973
- High-Fidelity Biocontainment Simulation: Evaluating Obstetric and Neonatal Management of Suspected Ebola-Zaire Cases in a Healthcare Preparedness Drill - 54803
- Impact of Virtual Patient Format on Medical Students' Communication Behaviors: An Experimental Study - 41557
- The impact of simulation-based education on medical students' self-confidence and satisfaction: A study in the early phase of implementation in Vietnam - 39930
- Undergraduate Student Nurses' Satisfaction, Self-confidence, and Perception of High-fidelity Simulation-based Learning on Critically-ill Patients - 37473
- Using MI-TRAC to Reduce Preparation Cost in High-Stakes Resident Assessment - 80029

Completed Studies Orals: Virtual Reality & Standardized Patient Innovations - Session 2

2:45pm – 3:45pm (1.0 IPCE)

San Antonio Convention Center 302B

- Enhancing Medical Students' Performance Through Group Video Feedback: A Simulation-Based Study on Cervical Cytology Collection - 74970
- Improving Pediatric Residents' Confidence in Managing Altered Mental Status and Recognizing Steroid Induced Mania - 80155
- Optimizing Tutor Time: A Simulation Model Combining Rapid Cycle Deliberate Practice and Spaced Learning for Laparoscopic Suturing Skills in Medical Students — A Pilot Study - 62420
- Procedure Induced Palpitations: The Role of TVP Simulation in Confidence and Competency - 80474
- Psychometric Evaluation of the Modified Neonatal Resuscitation Program® Team Performance Tool When Utilized to Assess In Situ Simulation and Telesimulation Scenarios - 67000

Completed Studies Orals: Curriculum Design & Instructional Innovation - Session 2

2:45pm – 3:45pm (1.0 IPCE)

San Antonio Convention Center 302C

- A Defragmented Debriefing Model for Online Simulation Training to Support Competency Formation - 13363
- Curriculum by Design: Applying Kern's Framework to Improve NG Tube Training Outcomes - 26086
- NEPHRO-SIM-ACE: Nephrology Simulation for Advanced Competency and Excellence - 32470
- Simulation-based mastery learning curriculum for laparoscopic basic skills training in Chinese hospital - 17126

- Strengthening Future Clinical Practice Through VR Dementia Simulation and Structured Debriefing: A Collaborative Model with DoD SkillBridge Service Members - 88223
- Training and Assessment of Skills in Neuraxial Access - A Scoping Review of Educational Approaches to Lumbar Puncture, Epidural Anesthesia, and Spinal Anesthesia - 95584

Completed Studies Orals: Simulation-Based Clinical Education & Program Effectiveness - Session 3

2:45pm – 3:45pm (1.0 IPCE)

San Antonio Convention Center 303A

- A Stepwise Pathway to Developing Valid Manikin-based Simulation for Summative Assessment in Undergraduate Medical Education - 13994
- Mental Health 'Life Support:' Establishing a simulation-based suicide prevention communication training in an urban pediatrics residency program - 68672
- Progressive Simulation as a Strategy for Multimodal Instruction in Graduate Nursing Education - 97205
- Qualitative Insights into the Role of Dedicated Simulation Faculty in Clinical Education - 14960
- Simulating Success: Engagement & Learning in Graduate Nursing - 56059
- When Air becomes the Enemy: Virtual Reality Extracorporeal Membrane Oxygenation (ECMO) Simulation Training for Management of Air Embolism - 89026

Completed Studies Orals: Deliberate Practice & Skills Training - Session 2

2:45pm – 3:45pm (1.0 IPCE)

San Antonio Convention Center 303B

- Acquisition of Vascular Anastomosis Skills in Medical Students Through a 12-Hour Bootcamp-Style Simulation Program - 63476
- Cognitive Workload and Meaningful Learning: Evaluating an Informatics-Focused Simulation Experience - 46347
- From Simulation to Clinic: AI-Driven Performance Assessment Bridges Training and Real-World Practice - 16597
- Interprofessional Simulation Training in Acute Pediatrics using Rapid Cycle Deliberate Practice (IP-STAR) - 36656
- Student perceptions of the effectiveness of simulated versus clinical experiences - 52448

Completed Studies Orals: Simulation-Based Clinical Education & Program Effectiveness - Session 4

2:45pm – 3:45pm (1.0 IPCE)

San Antonio Convention Center 303C

- Comparative Effectiveness of VR and Computer-Based Simulation in Medical Education: A Randomized Controlled Trial with Medical Students - 54772
- Comparing the Effectiveness of AI-Based Extended Reality Simulation and Standardized Patients in Teaching Communication Skills in Mental Health Nursing: A Mixed-Methods Pilot Study - 23362
- Effectiveness Of Cadaver-Based Simulation Education For Teaching Percutaneous Dilatational Tracheostomy - 68609
- Inter-Intra Rater Reliability of Standardized Patients in the Formative Assessment of Medical History-Taking Skills at a Clinical Simulation Center in Vietnam - 81471
- The Impact of Artificial Intelligence on the Healthcare Simulation Scenario Design Process - 24417
- The Virtual Reality Embedded Instructor: A New Perspective - 65581

4:00 PM – 5:00 PM

PANEL PRESENTATION (60 MINUTES)

An 'Up-Skill' Battle: Designing Interprofessional Education and Simulation to Elevate Novices and Engage Experts - 66806

San Antonio Convention Center
007C

HANDS-ON WORKSHOP (60 MINS)

Before the Prebrief: The Part You Didn't Know You Were Missing - 37021

San Antonio Convention Center
304B

PANEL PRESENTATION (60 MINUTES)

Beyond the Grade: Using Formative Assessment in Simulation for Learning and Growth - 96497

San Antonio Convention Center
209

RESEARCH ABSTRACT (COMPLETED STUDIES) ORAL PRESENTATIONS

Completed Studies Orals Session 14

HANDS-ON WORKSHOP (60 MINS)

Driving Towards Improvement: Using Quality Improvement Tools to Design In Situ Simulation for System-Level Change - 48431

San Antonio Convention Center
304C

HANDS-ON WORKSHOP (60 MINS)

Effective Use of Extended Reality in Healthcare Simulation: A Hands-On Workshop for Designing Immersive Learning with Virtual, Augmented and Mixed Reality - 40128

San Antonio Convention Center
225A

HANDS-ON WORKSHOP (60 MINS)

Establishing the Professional Identity of the Simulated Patient (SP) Educator: Update on the U.S. Department of Labor Occupational Classification Effort - 85891

San Antonio Convention Center
301A

PANEL PRESENTATION (60 MINUTES)

Fake Patients, Real Money: Funding Models for Medical Simulation - 94625

San Antonio Convention Center
210B

PANEL PRESENTATION (60 MINUTES)

Fundamentals in Simulation Series: IT/AV

San Antonio Convention Center
006D

PANEL PRESENTATION (60 MINUTES)

Future-Proofing Faculty: Simulation, Technology, and Educator Readiness - 90584

San Antonio Convention Center
008A

PANEL PRESENTATION (60 MINUTES)

Getting Published in STORM: Turning Your Big Ideas into Best Practice for Healthcare Simulation operations - 33524

San Antonio Convention Center
211

HOT TOPIC PRESENTATIONS

Hot Topics Session 10 - Educator Group 4

San Antonio Convention Center
221A

HANDS-ON WORKSHOP (60 MINS)

Misfit Management: Overcoming Simulation Hiccups - 36665

San Antonio Convention Center
225C

PANEL PRESENTATION (60 MINUTES)

Next-Generation Simulation: Leveraging Technology and Data to Advance Learning, Assessment, and Systems Improvement - 59833

San Antonio Convention Center
007A

PANEL PRESENTATION (60 MINUTES)

Perp Walk on the Riverwalk: When Your Realism is Greater Than .08! - 62650

San Antonio Convention Center
210A

HANDS-ON WORKSHOP (60 MINS)

Plan SMART: Strategic Planning for Simulation Programs - 75071

San Antonio Convention Center
305

HANDS-ON WORKSHOP (60 MINS)

Procedural Skills in Simulation-Based Education: A Stepwise Approach - 98293

San Antonio Convention Center
221C

HANDS-ON WORKSHOP (60 MINS)

Pushing the Boundaries of Simulation for Patient-and Family-Centered Care: Going Beyond the Hospital Walls with Outreach Simulation - 28643

San Antonio Convention Center
006B

PANEL PRESENTATION (60 MINUTES)

Reaching Forward as One: The Vision, Strategies, and Lessons of Combining Nursing and Medical School Sim Centers - 86789

San Antonio Convention Center
006C

HANDS-ON WORKSHOP (60 MINS)

Ready, Set, Reflect! A Speed Dating Debriefing Workshop - 41250

San Antonio Convention Center
225B

PANEL PRESENTATION (60 MINUTES)

Simulate First, Fail Less: A Smarter Framework for Building Safer EHR Workflows from the Ground Up - 28143

San Antonio Convention Center
007D

HANDS-ON WORKSHOP (60 MINS)

Simulation for Change: Recognizing and Responding to Microaggressions in Healthcare - 76025

San Antonio Convention Center
304A

HANDS-ON WORKSHOP (60 MINS)

Simulation in Scarce Resource Environments: A Hands-On Workshop Featuring Obstetric Life Support (OBSL) - 17153

San Antonio Convention Center
006A

PANEL PRESENTATION (60 MINS)

SSH Education Committee Presents: Fundamentals in Simulation Series - Tech-Savvy Sim: A Beginner's Guide to IT & AV

San Antonio Convention Center
006D

HANDS-ON WORKSHOP (60 MINS)

Speed Mentoring: A Networking Event with Leaders in Healthcare Simulation - 89664

San Antonio Convention Center
301B

PANEL PRESENTATION (60 MINUTES)

SSH Research Committee Present: International Simulation Data Registry (ISDR): Power, Possibilities, and Future Directions - 58311

San Antonio Convention Center
008B

HANDS-ON WORKSHOP (60 MINS)

Team-Audience Hybrid Simulation (TAHS) - A Novel Method to Scale Simulation - 72980

San Antonio Convention Center
301C

PANEL PRESENTATION (60 MINUTES)

The Do-It-Yourself Electronic Health Record and You: Building Wisely for your Simulation Center - 52431

San Antonio Convention Center
221D

PANEL PRESENTATION (60 MINUTES)

“Whose Patient Is It Anyway?": Using Simulation and Standardized Patients to Teach Conflict De-escalation in Interprofessional Teams - 54609

San Antonio Convention Center
007B

HOT TOPIC PRESENTATIONS

FORMAT FOR HOT TOPIC PRESENTATIONS: Every 15-minutes presentations will repeat until the end of the time block. An announcement will be made to rotate to the next station and each presentation will start from the beginning. If the presentation station you hoped to attend was full, please join another station and circle back around.

Hot Topic Presentations for Educators

4:00pm – 5:00pm (1.0 IPCE)

- Maximizing Student Success using a Low-Cost, Medium-Fidelity Simulation Solution - 56425
- Graduate Medical Education Bootcamp- Constructing an Immersive Initiation to Simulation Education - 91506
- Use of Simulation Education in the Implementation of a Clinical Event Debriefing Tool - 29182
- Safe to Fail: Rethinking Simulation Through the Lens of Psychological Safety - 82394
- Certified Fresh: Using Simulation to Adapt to a Changing Board Certification Environment in Emergency Medicine - 11480
- Psychological Safety for the Simulated Participant: Development of a Structured SP Support Plan in a Sensitive Case of Human Sex Trafficking - 87381
- Build It Better: Crafting a Budget-Friendly Task Trainer That Works - 32105
- Enhancing Clinical Judgment Through AI-Driven Unfolding Case Simulations - 19796
- Bridging the Gap: Simulation Solutions for Pediatric Mental Health Training Challenges - 83042
- Growing a SPETA program – the soil, water and sunlight needed for success - 71933
- Effectiveness of educational activities using simulation training versus traditional methodology to reduce fear of childbirth in pregnant women. - 26751
- Using Forum Theater Simulation to Patient Bias Toward Clinicians - 88367
- Gamify or Lecture? Evaluating Escape Room Effectiveness in Medical Toxicology Education - 16462
- One Size Doesn't Fit All: Stratifying Pediatric APP Simulation Training with Varying Learner Experiences - 52766
- Simulation (can also be) Resilience Training - 31870

RESEARCH ORAL PRESENTATIONS

FORMAT FOR RESEARCH ORAL PRESENTATIONS: 10-minute formal presentations followed by a brief question & answer portion. You must stay for all presentations to claim IPCE credit for this session. All presenters will have their abstract or manuscript published following IMSH 2026.

Completed Studies Orals: Virtual Reality & Standardized Patient Innovations - Session 3

4:00pm – 5:00pm (1.0 IPCE)

San Antonio Convention Center 302B

- Enhancing Pediatric Infusion Pump Integration: A Simulation-Based Approach to Safety and Workflow Optimization - 44578
- Mechanical Consequences of Bronchoscopy During Ventilation: A Simulation-Based Study Across Respiratory Patterns - 74562
- Reducing time to rescue medication administration in a pediatric epilepsy monitoring unit through translational simulation - 64827
- Use Of Entrustable Professional Activities (Epas) As A Pedagogical Tool In Clinical Simulations In The Emergency And Urgent Care Module Of The Medical Internship - 63500
- Using Artificial Intelligence for Competence Assessment in Point of Care Ultrasound Simulations - 32245

Completed Studies Orals: Curriculum Design & Instructional Innovation - Session 3

4:00pm – 5:00pm (1.0 IPCE)

San Antonio Convention Center 302C

- Enhancing Pediatric Infusion Pump Integration: A Simulation-Based Approach to Safety and Workflow Optimization - 44578
- Mechanical Consequences of Bronchoscopy During Ventilation: A Simulation-Based Study Across Respiratory Patterns - 74562
- Reducing time to rescue medication administration in a pediatric epilepsy monitoring unit through translational simulation - 64827
- Use Of Entrustable Professional Activities (Epas) As A Pedagogical Tool In Clinical Simulations In The Emergency And Urgent Care Module Of The Medical Internship - 63500
- Using Artificial Intelligence for Competence Assessment in Point of Care Ultrasound Simulations - 32245

Completed Studies Orals: Simulation-Based Clinical Education & Program Effectiveness - Session 5

4:00pm – 5:00pm (1.0 IPCE)

San Antonio Convention Center 303A

- A Mixed-Methods Analysis of Facilitator Activities in Fully Immersive Virtual Reality (VR) Medical Simulation - 24211
- Cataract Surgery Simulation: Insights from a Mastery Learning Approach - 24788
- Comparison Of In-Person And Screen-Based Nursing Simulation - 50156
- Developing Simulation-Based Educators in Northern Ghana: Outcomes from the NYSIM Comprehensive Simulation Education (NYCSE) Course - 69569
- REACHvr: Leveraging Virtual Reality to Prepare Nursing Students for Rural and Underserved Care - 65651
- The Use of Virtual Reality for Periprocedural Anxiety in Dermatology Patients - 76613

Completed Studies Orals: Deliberate Practice & Skills Training - Session 3

4:00pm – 5:00pm (1.0 IPCE)

San Antonio Convention Center 303B

- Advancing Interprofessional Collaboration through Simulation Across the Care Continuum - 81882
- Current challenges in healthcare simulation practice: A nominal group technique - 82078
- Effectiveness of Implementing Gamification into Teaching Sterile Technique - 42127
- Measuring and Making Meaning: A Mixed Methods Investigation of Impostor Phenomenon in Simulation Education - 70738

Completed Studies Orals: Simulation-Based Clinical Education & Program Effectiveness - Session 6

4:00pm – 5:00pm (1.0 IPCE)

San Antonio Convention Center 303C

- Effectiveness Of Cadaver-Based Simulation Education For Teaching Ultrasound-Guided Thoracentesis To Health Care Providers Of Pulmonary And Critical Care Medicine - 12627
- Incorporating stroke response teams: Using Healthcare Failure Mode Effects & Analysis with insitu simulation for process improvement - 77053
- Measuring Simulation Outcomes: Development, Reliability and Validity of the Occupational Therapy Self-Efficacy of Clinical Competence (OT-SECC) Assessment - 84459
- Student Perspectives on IPE Simulation in Diverse Academic Settings: A 10-Year Retrospective Mixed-Methods Analysis - 25365
- The Benefits of Being a Standardized Patient: Changes in Health Knowledge - 97443

5:15 PM – 7:00 PM

SPECIAL EVENT

International Reception and Affiliate Signing Ceremony

San Antonio Convention Center

3rd fl - Prefunction space

#IMSH2026

IMSH™
Society for Simulation in Healthcare

UNBOUND

JANUARY 10–14, 2026
SAN ANTONIO, TX

WEDNESDAY, JANUARY 14

WEDNESDAY

WEDNESDAY

JANUARY 14

Complete session details are in the SSH Events App, available for Apple and Android platforms.

7:00 AM – 8:00 AM

SPECIAL EVENT

IMSH Connections: Wrap Up Session

San Antonio Convention Center
Lila Cockrell Theater

HEAR FROM LIZ

SSH PRESENTS THE CLOSING PLENARY SESSION

8:15 AM - 9:30 AM

We've all heard "It takes a village!" But the vast majority of people are left wondering where exactly to find said village. Is there a number to call or a memo we missed?

Liz Bohannon, a leading workplace connection expert, knows you likely won't "find" your village. But you can build it. She's done it time and time again in both personal and professional

settings and will teach you and your team how to design a life and organization that prioritizes human connection and relationships and unleashes your people and teams to reach their full potential by going faster and further together.

Designing workplaces that elevate connection and authentic community is the fastest path to collaboration, fulfillment and impact, and it is at the heart of The Community Quotient™, a dynamic and refreshing perspective from Liz Bohannon that disrupts conventional thinking on organizational design.

Liz's authenticity in championing workplace cultures of connection and community stems from her profound understanding of the human experience within organizations. Through her background as a Top 1% VC-Backed Female Founder, Internationally Renowned Keynote Speaker, and Bestselling Author, Liz brings a wealth of practical insights and heartfelt passion to her mission.

Liz's dedication to fostering dynamic, authentic and vulnerable partnerships is evident in her international companies, where she has built and fostered community-driven organizations named by B Corp as the Best in the World in Building Community. What sets Liz apart as a transformative voice of authority in this domain is her unwavering commitment to designing organizations that foster and prioritize relationships, empathy, and human connection.

Through her innovative Community Agreements and The Community Quotient™ framework, Liz provides actionable tactics and strategies for cultivating workplaces where every member feels valued, understood, and supported. Her genuine belief in the inherent worth of each individual and the strength of collective collaboration resonates deeply, making Liz Bohannon an unparalleled advocate for authentic connections and thriving communities within organizations.

Named a Forbes Top 20 Public Speaker in the U.S. Liz has been featured in dozens of publications including, Vogue, Redbook, O Magazine, Inc, Fortune and others. Among other notable honors, Liz was named a Top Three Transformation Leader by John Maxwell while Bloomberg Businessweek named her as a top social entrepreneur.

Her Bestselling Book *Beginner's Pluck: Build Your Life of Purpose & Impact Now* has inspired a successful podcast called *Plucking UP*, where Liz delves deeper into authentic and vulnerable conversations that explore how the most successful people turn "Pluck Ups" into opportunity for growth and deeper connection with themselves and others.

PLENARY

9:45 AM – 10:45 AM

PANEL PRESENTATION (60 MINUTES)

A Rising Tide Lifts All Boats: Connecting Simulationists Within a Community of Practice - 58116

San Antonio Convention Center 007C

HANDS-ON WORKSHOP (60 MINS)

Automating Your Simulation Library: Hands-On AI Automation with n8n - 37445

San Antonio Convention Center 303B

HANDS-ON WORKSHOP (60 MINS)

Building a Bias Mitigation Culture in Debriefing: Steps and Strategies - 85928

San Antonio Convention Center 006B

HANDS-ON WORKSHOP (60 MINS)

Chain Reaction: Simulating Real-Time Response Across Public Health Systems - 50011

San Antonio Convention Center 303A

HANDS-ON WORKSHOP (60 MINS)

Challenge Accepted: How Early Collaboration Leads to Limitless Simulated Participant Curriculum Development Opportunities - 91462

San Antonio Convention Center 006A

HANDS-ON WORKSHOP (60 MINS)

Clinical Debriefing: Inclusion of Safety-II for Safety, Quality, and Wellness - 72366

San Antonio Convention Center 302A

HANDS-ON WORKSHOP (60 MINS)

Creating OSCE Stations for practicing Intra- and Inter-Professional De-Escalation Skills - 84685

San Antonio Convention Center 304B

HANDS-ON WORKSHOP (60 MINS)

Engaging Learners in Distance Debriefing: The Good, The Bad, The Ugly - 24199

San Antonio Convention Center 304A

HANDS-ON WORKSHOP (60 MINS)

From Mind to Metaverse: AI Tools for Rapid Case Development of Virtual Reality Simulations - 13996

San Antonio Convention Center 225D

HOT TOPIC PRESENTATIONS

Hot Topics Session 11 - Educator Group 6

San Antonio Convention Center 221A

PANEL PRESENTATION (60 MINUTES)

Integrating Immersive Virtual Reality into Nursing Education: A Strategic Curriculum Approach - 94495

San Antonio Convention Center 007B

HANDS-ON WORKSHOP (60 MINS)

Is it Research or Scholarship? Navigating Pathways From Project To Publication - 53838

San Antonio Convention Center 007A

HANDS-ON WORKSHOP (60 MINS)

Laying the Foundation: Advancing Simulation-Based Assessment for Rehabilitation Professionals - 47316

San Antonio Convention Center 301A

HANDS-ON WORKSHOP (60 MINS)

Mind Games: Transforming Psychiatric Education Through Immersive Simulation - 26239

San Antonio Convention Center 305

HANDS-ON WORKSHOP (60 MINS)

Moulage Matters: Enhancing Realism One Scene at a Time - 24950

San Antonio Convention Center
221C

HANDS-ON WORKSHOP (60 MINS)

One Bite at a Time: Simulation Education Specialists' Practical Mentoring Strategies for Supporting Simulation Facilitators - 97281

San Antonio Convention Center
301C

PANEL PRESENTATION (60 MINUTES)

Parallel Paths to Culture Change - 11583

San Antonio Convention Center
008B

HANDS-ON WORKSHOP (60 MINS)

Prebriefing Strategies for Effective Immersive Interactive Virtual Reality (VR) Simulation - 15744

San Antonio Convention Center
225B

PANEL PRESENTATION (60 MINUTES)

Serious Gaming and Innovation: Collaborating with Academic Innovation Professionals to Promote Student Critical Thinking - 33481

San Antonio Convention Center
007D

HANDS-ON WORKSHOP (60 MINS)

Show Your Work (Because You Nailed It!): Part 1 - A Hands-On Guide to Building a Teaching Portfolio That Speaks for Itself - 11567

San Antonio Convention Center
302C

HANDS-ON WORKSHOP (60 MINS)

SSH Academy – Are you ready to Apply? - 30956

San Antonio Convention Center
006C

PANEL PRESENTATION (60 MINUTES)

SSH Education Committee Presents: Fundamentals in Simulation Series - IMSH Submissions

San Antonio Convention Center
006D

PANEL PRESENTATION (60 MINUTES)

SSH DEI Committee Presents: Advancing Equity Through Simulation: Practical Approaches from DEI-Focused Simulation Leaders - 92084

San Antonio Convention Center
Lila Cockrell Theater

PANEL PRESENTATION (60 MINUTES)

SSH Presents: Healthcare Simulation Dictionary: Version 3.0--and counting! - 52968

San Antonio Convention Center
225C

HANDS-ON WORKSHOP (60 MINS)

The Next Five Years: Harnessing AI to Transform Healthcare Simulation - 38468

San Antonio Convention Center
304C

HANDS-ON WORKSHOP (60 MINS)

Think Inside the Box: Creating Scalable, Shareable Simulation Experiences One Lock at a Time. - 92497

San Antonio Convention Center
225A

HANDS-ON WORKSHOP (60 MINS)

Unbound: Using a Simulation Tool to Enhance Psychological Safety (STEPS) - 24509

San Antonio Convention Center
221D

HANDS-ON WORKSHOP (60 MINS)

You Have Been Summoned! A Medicolegal IPE Jury Simulation on Values and Ethics (Part 1) - 47162

San Antonio Convention Center
302B

HOT TOPIC PRESENTATIONS

FORMAT FOR HOT TOPIC PRESENTATIONS: Every 15-minutes presentations will repeat until the end of the time block. An announcement will be made to rotate to the next station and each presentation will start from the beginning. If the presentation station you hoped to attend was full, please join another station and circle back around.

Hot Topic Presentations for Educators

9:45am – 10:45am (1.0 IPCE)

San Antonio Convention Center 221A

- Matching the Model: A Practical Tool for Model Selection in Skills Training - 53856
- Stroke Smarter, Not Slower: 10 Minutes of Screen-based Simulation Improves Response Time - 85084
- Development and Implementation of an Open Access Repository of Simulation and Interprofessional Education Experiential Learning Activities - 62759
- Creating Customized Virtual Reality Experiences for SLP-Cranial Nerve Exam - 59033
- Experiential Learning: A Procedural Faculty Development Course for Emergency Medicine Clinicians Practicing in Community and Academic Settings - 72040
- ED SPAR: Emergency Department Simulation for Prioritization Assessment of Residents - 99483
- Micro-Credentialing for Simulation Facilitation - 34615
- Reaching out today to the future of tomorrow: Teddy Bear Hospital - 40974
- Simulation based remediation curriculum: One resident's path to success - 24519
- Lessons Learned in Mobile Simulation - 19651

11:00 AM – 12:00 PM

PANEL PRESENTATION (60 MINUTES)
Breaking Boundaries in Simulation: Re-Envisioning the NCSBN Study Through Dose, Demand, and Duration (3D) - 16730

San Antonio Convention Center 007A

HANDS-ON WORKSHOP (60 MINS)
Breaking Down Silos via Integration of a University Based Graduate Nurse Education Program into a Healthcare System Simulation Fellowship - 52932

San Antonio Convention Center 302A

PANEL PRESENTATION (60 MINUTES)
Building Bridges: Community Outreach Through Simulation to Inspire Healthcare and STEM Engagement - 48796

San Antonio Convention Center 008A

PANEL PRESENTATION (60 MINUTES)
Building Simulation Superstars: A Cross-Training Framework for Multi-Site, Multi-Tech Simulation Programs - 33893

San Antonio Convention Center 301A

HANDS-ON WORKSHOP (60 MINS)
End the Silence: Recognizing, De-Escalating, and Preventing Workplace Violence - 31904

San Antonio Convention Center 006A

HANDS-ON WORKSHOP (60 MINS)
Engaging the Learner's Consciousness Through Sensory Fidelity - 57870

San Antonio Convention Center 303A

World's most advanced **virtual reality** simulation platform, **empowering providers** to practice real-world scenarios **safely, collaboratively, and at scale.**

Load, Learn, Repeat.™

HANDS-ON WORKSHOP (60 MINS)

**From Burnout to Balance:
A Wellness Workshop for
Simulationists - 52997**

San Antonio Convention Center
225B

HANDS-ON WORKSHOP (60 MINS)

**From Chaos to Clarity: Building
Agile Workflows to Optimize Your
Simulation Center - 81113**

San Antonio Convention Center
221D

HANDS-ON WORKSHOP (60 MINS)

**From Data to Action: Maximizing
Simulation Impact Through
Targeted Surveys - 94891**

San Antonio Convention Center
304C

HANDS-ON WORKSHOP (60 MINS)

**Get up and MOVE - Creating a
Round Robin Simulation Teaching
Curriculum for Adult learners. -
80992**

San Antonio Convention Center
303C

HANDS-ON WORKSHOP (60 MINS)

**Handling Tricky Situations -
52848**

San Antonio Convention Center
225C

HANDS-ON WORKSHOP (60 MINS)

**Harnessing AI to Transform
In-Situ Simulation Design and
Delivery - 48228**

San Antonio Convention Center
304B

PANEL PRESENTATION (60 MINUTES)

**Harnessing Virtual Reality to
Bridge the Gap in Novice Clinician
Training: A Panel Discussion
Around Lessons Learned at a
Community Teaching Hospital -
87136**

San Antonio Convention Center
301B

PANEL PRESENTATION (60 MINUTES)

**Incorporation of Cognitive Load
Theory and Scaffolding in Clinical
Simulation to Promote Knowledge
Retention and Application to
Practice - 51604**

San Antonio Convention Center
007D

HANDS-ON WORKSHOP (60 MINS)

**Integrating Simulation Principles
into Bioskills Lab Design - 92769**

San Antonio Convention Center
301C

HANDS-ON WORKSHOP (60 MINS)

**Leader of a Simulation Program's
Workshop on the Development
of a Program's Policies and
Procedures - 98826**

San Antonio Convention Center
225A

HANDS-ON WORKSHOP (60 MINS)

**Making the Invisible Visible: Using
Interpersonal Circular Questions
to Explore Team Dynamics -
27569**

San Antonio Convention Center
225D

HANDS-ON WORKSHOP (60 MINS)

**Oh The Places You'll Go... Finding
Your Place in the World of
Simulation & Medicine - 99330**

San Antonio Convention Center
006B

PANEL PRESENTATION (60 MINUTES)

**Ready for the Real World:
Simulation-focused Physician
and Advanced Practice Provider
Onboarding for Clinical and
System Navigation - 55134**

San Antonio Convention Center
221C

PANEL PRESENTATION (60 MINUTES)

**Show Your FANG: Leveraging
Simulation Training to Reduce
Critical Intervention Time - 93327**

San Antonio Convention Center
006C

HANDS-ON WORKSHOP (60 MINS)

Show Your Work (Because You Nailed It!): Part 2: The Glow-Up — Turning Your Teaching Portfolio into an Interactive, Digital Showcase - 63835

San Antonio Convention Center 302C

HANDS-ON WORKSHOP (60 MINS)

SOS! How to hire to retain and develop a comprehensive simulation operations specialist career ladder. - 56464

San Antonio Convention Center 303B

PANEL PRESENTATION (60 MINUTES)

Supporting the Advancement of Simulation Operations within a Simulation Program - 79920

San Antonio Convention Center 007B

PANEL PRESENTATION (60 MINUTES)

Sustainably SAFE: Using Sim to Create a Sustainable Sexual Assault Response - 13882

San Antonio Convention Center 305

PANEL PRESENTATION (60 MINUTES)

Unbound Innovation: The Development and Dissemination of Validated Pediatric Simulation Scenarios, a Collaboration Between the SSH Pediatric Section and Industry Leader iRIS Scenario Design System - 34732

San Antonio Convention Center 008B

HANDS-ON WORKSHOP (60 MINS)

Unbound Legacy: Driving Healthcare Simulation Efficiency with Chat AI - 59452

San Antonio Convention Center 304A

HANDS-ON WORKSHOP (60 MINS)

You Have Been Summoned! A Medicolegal IPE Jury Simulation on Values and Ethics (Part 2) - 82524

San Antonio Convention Center 302B

HOT TOPIC PRESENTATIONS

FORMAT FOR HOT TOPIC PRESENTATIONS: Every 15-minutes presentations will repeat until the end of the time block. An announcement will be made to rotate to the next station and each presentation will start from the beginning. If the presentation station you hoped to attend was full, please join another station and circle back around.

Hot Topic Presentations for Educators, Innovators, & Operations Specialist

11:00am – 12:00pm (1.0 IPCE)

San Antonio Convention Center 221A

- Building an AI-Driven Knowledge Base for Simulation Center Operations - 22500
- Surviving In Situ - From the Simulation Technician's Perspective - 90129
- Lean Management Methods in Healthcare Simulation Centers: A Kanban-Inspired Approach to Task Organization and Collaboration - 44510
- Using a standardized Binder and Simulation Boxes to simplify the Setup, Turnover, and Tear-down of Simulation Activities - 42615
- Making Room in Escape Rooms for On-the-fly Complex Learning and Application - 82958
- Managing DKA for Med Students: An Experiential Learning Activity for Medical Students in their Clinical Years - 75710
- Simulating Reality: Equipping Healthcare Students for Future Emergencies - 71661
- Medication Safety and Teaming with Pharmacists: Enhancing IPE in Hospital- and University-Based Simulation Programs - 72924
- Decreasing the Stress of Simulation by Incorporating a Mindful Activity into the Pre-Brief - 43650

What's New in Sim Showcase?

The **What's New in Sim Showcase** will highlight 7 companies over 3 different sessions. Each company participating in the What's New in Sim Showcase will introduce and demonstrate a product or technology to the public for the first time! Join us in the Exhibit Hall Theatre to get an exclusive "first-look" at the newest innovations in Simulation in Healthcare!

WNISS SESSION #1 - SUNDAY 2:00pm - 2:50pm		
2:00 - 2:20	Tellyes Scientific	Wukong-Multifunction Patient Simulator
2:30 - 2:50	University of Miami Gordon Center for Simulation and Innovation in Medical Simulation	Harvey® Premier
WNISS SESSION #2 - MONDAY 12:10pm - 1:30pm		
12:10 - 12:30	Simulab	NEW! Simulab Ultrasound Pericardiocentesis Module for TraumaMan
12:40 - 1:00	Education Management Solutions	AI Enhanced Automated Learner Scoring
1:10 - 1:30	Elevate	Evo AuRA
WNISS SESSION #3 -TUESDAY 12:10pm - 1:00pm		
12:10 - 12:30	SimConverse	This is AI Simulation: SimConverse
12:40 - 1:00	eTrainETC	eTrainETC's Micro-VR Simulations with AI Self-Authoring and Library of Over 100 Topics

Corporate Roundtable Product & Technology Showcase

Debuting at IMSH 2026, members of the SSH Corporate Roundtable will host rapid-fire demonstrations LIVE on the IMSH Press Box stage highlighting their latest technologies. Happening over 4 sessions Sunday through Tuesday, kick back and relax in the Press Box for this first-year offering!

PRESS BOX SESSION #1 - SUNDAY 3:55pm - 5:00pm		
3:55 - 4:25	University of Miami Gordon Center for Simulation and Innovation in Medical Simulation	ASLS and ESLS: Innovative Stroke Education Programs Leveraging AI-driven Mastery and Adaptive Learning and Virtual Simulations"
4:30 - 5:00	VRPatients	The VIP in The Room- A.I. NPCs in Sim
PRESS BOX SESSION #2 - MONDAY 10:00am - 11:40am		
10:00 - 10:30	TacMed Solutions	Mixed Reality Trainer Assessing Procedural and Cognitive Skills
10:35 - 11:05	SimX	What's Next in XR: A Look Ahead with SimX
11:10 - 11:40	PCS.AI	Advancing Clinical Communication with AI: Patient Communication Simulators (PCS.ai) in Action
PRESS BOX SESSION #3 - MONDAY 2:15pm - 4:30pm		
2:15 - 2:45	SimuLab Corporation	Elevate your Intravenous Access Training with Simulab's IV Arm
2:50 - 3:20	SonoSim, Inc	"Integrating Ultrasound into Simulation Scenarios: Enhancing Realism, Preparedness, and Clinical Decision-Making"
3:25 - 3:55	SimConverse	This is AI Simulation: SimConverse
4:00 - 4:30	3B Scientific	3B Scientific: Advancing Medical Education Through Innovation and Collaboration
PRESS BOX SESSION #4 -TUESDAY 10:00am - 11:40am		
10:00 - 10:30	SimServeRx	SimServeRx: Real-World Medication Dispensing & Administration Solutions
10:35 - 11:05	Education Management Solutions	Simulation Management Solution Modularity
11:10 - 11:40	Laerdal	Sim to Improve - Accelerating System Improvement Through Translational Simulation and AI

#IMSH2026

IMSH™
Society for Simulation in Healthcare

UNBOUND

JANUARY 10–14, 2026
SAN ANTONIO, TX

EXHIBIT HALL

EXHIBIT
HALL

IMSH EXPO

Welcome to the world's largest exhibition for healthcare simulation professionals – IMSH 2026 EXPO!

This is your opportunity to explore the latest innovations in healthcare simulation. Many exhibitors offer hands-on demonstrations, so you experience, first-hand, what's new in the industry. More than 130+ exhibitors from around the WORLD are expecting you. And, complimentary lunch is provided in the hall on Sunday, Monday and Tuesday.

Enhance your learning by attending one or more of the Learning Labs. Offered on Sunday through Tuesday and hosted by exhibiting members of the SSH Corporate Roundtable, this added educational opportunity showcases products and services to you, the leaders in the field of healthcare simulation.

NEW THIS YEAR in the Exhibit Hall! **LIVE** on the Press Box stage - The Product & Technology Showcase hosted by members of the SSH Corporate Roundtable! Stop by the Press Box to get a first-hand look at the rapid fire demonstrations of the latest innovations emerging in our field!

Returning for its second year, the What's New in Sim Showcase, happening in the Exhibit Hall Theatre, showcases 7 **BRAND NEW** technologies and innovations revealed to the public for the **FIRST TIME** at IMSH 2026. Don't miss out on this exclusive opportunity to be one of the first to lay eyes on the latest innovations in healthcare simulation!

SUNDAY

Experience the opening day as the IMSH EXPO comes alive with energy. Be one of the first inside following the Ribbon Cutting Ceremony at 12:30pm. Then, stay for the Second Annual IMSH Cornhole Tournament benefiting the SSH Fund. Explore the latest innovations in Simulation by attending the What's New in Sim Showcase, and the Corporate Roundtable Product & Technology Showcase LIVE on the Press Box Stage.

MONDAY

Monday's EXPO schedule offers 8.5 hours of face-to-face time with exhibitors. Stop by from 4:30-6:00pm for the Happy Hour with Exhibitors!

TUESDAY

This is the final day of the EXPO. Make your last rounds and visit with the experts in simulation. Exhibits close at 3:00pm.

EXPO HOURS		
SUN JAN 11	12:30 PM – 2:00 PM	Lunch in Hall
	12:30 PM – 6:00 PM	Grand Opening
	2:00 PM – 3:00 PM	What's New in Sim Showcase
	2:00 PM – 6:00 PM	IMSH 2026 Cornhole Tournament
	3:55 PM – 5:00 PM	Corporate Roundtable Product & Technology Showcase on the Press Box Stage
	4:00 PM – 5:30 PM	What's New in Sim Showcase
MON JAN 12	9:30 AM – 6:00 PM	EXPO Open
	10:00 AM – 11:40 AM	Corporate Roundtable Product & Technology Showcase on the Press Box Stage
	11:30 AM – 1:30 PM	Lunch in Hall
	11:30 AM – 1:30 PM	What's New in Sim Showcase
	2:15 PM – 4:30 PM	Corporate Roundtable Product & Technology Showcase on the Press Box Stage
	4:30 PM – 6:00 PM	Happy Hour in the Exhibit Hall
TUES JAN 13	9:30 AM – 3:00 PM	EXPO Open
	10:00 AM – 11:40 AM	Corporate Roundtable Product & Technology Showcase on the Press Box Stage
	11:30 AM – 1:30 PM	Lunch in Hall
	12:10 PM – 1:00 PM	What's New in Sim Showcase
	3:00 PM	Hall Closes

EXHIBITORS

(ALPHABETICAL)

3-D Med

255 Industrial Drive
 Franklin, OH 45005
<https://3-DMed.com>
sales@3-DMed.com

3-D Med manufactures minimally invasive training stations for multiple applications and their related accessories. We distribute Kyoto Kagaku task trainers and ultrasound phantoms. We also carry high fidelity wet and dry organ models for practicing open and minimally invasive skills. We can customize our products or prototype and manufacture yours.

#136

AIBODY

2-4 Sampson St
 Wapping, London
 E1W 1NA, United Kingdom
<https://www.aibody.io>
heather.tuttle@aibody.io

AIBODY is a cutting-edge digital platform that offers real-time simulations of human physiology. Designed to improve education with AI-generated interactive content, AIBODY enables educators and clinicians to visualize complex processes, enhance learning outcomes, and connect theory with clinical practice, bringing the learning experience to life.

#114

3B Scientific Group: 3B Scientific, Cardionics, iSimulate, Wallcur, Lifecast, IngMar, Innoging, ECHO Healthcare, VSI

2189 Flintstone Dr, Suite O
 Tucker, GA 30084
<https://www.3bscientific.com/sales@a3bs.com>

3B Scientific was founded in 1948, Germany and has grown to be one of the world's leading manufacturers of Science, Medical, and Simulation Education solutions. The mission of 3B Scientific is to advance medical and healthcare delivery through the quality, breadth and global reach of relevant educational and simulation products.

#510

American Academy of Pediatrics Simulation Program

345 Park Blvd
 Itasca, IL 60143
<https://www.aap.org/en/pedialink/simulation-program/simulation@aap.org>

The mission of the American Academy of Pediatrics is to attain optimal physical, mental, and social health and well-being for all infants, children, adolescents and young adults. To accomplish this, AAP shall support the professional needs of its members.

#545

3T Competence

5900 Balcones Drive, Suite 100
 Austin, TX 78713
<https://www.3tcompetence.com>
customerservice@3tcompetence.com

At 3T Competence, we believe that nursing simulation should be scalable, affordable and accessible. With our flagship trainer, mySim, you get a solution that fits your curriculum, enhances student learning, and ensures the best return on your investment. Designed and manufactured in Texas, USA

#1146

AMFITRACK

Jens Groens Vej 2
 Vejle 7100, Denmark
<https://www.amfitrack.com/sales@amfitrack.com>

AMFITRACK™ is an embedded stand-alone, high precision, low-cost electromagnetic tracking system. The AMFITRACK™ system positions an object in 3D, outputting the absolute position (XYZ) and orientation (pitch/yaw/roll) of the system components relative to each other, making it a true (6DOF) electromagnetic tracking system

#846

Adam,Rouilly

Castle Road
 Eurolink Business Park
 Sittingbourne ME103AG, United Kingdom
<http://www.adam-rouilly.co.uk>
tariq.shahab@adam-rouilly.co.uk

Since 1918 Adam,Rouilly has supplied the very best in clinical skills simulators, anatomical models and charts to hospitals, medical schools, universities and nursing schools worldwide. We will be showing some exciting new models on our stand at IMSH 2026 and look forward to welcoming you at our stand.

#837

Anatomage, Inc.

3350 Thomas Rd, Suite 150
 Santa Clara, CA 95054
<https://anatomage.com/info@anatomage.com>

Anatomage transforms standard anatomy learning through an ecosystem of 3D anatomy hardware and software by allowing users to visualize anatomy at the highest level of accuracy.

#229

EXHIBIT HALL

Anatomy Warehouse

#534

8047 Monticello Ave
Skokie, IL 60076
[https://anatomywarehouse.com/
marketing@anatomywarehouse.com](https://anatomywarehouse.com/marketing@anatomywarehouse.com)

Anatomy Warehouse, the leading supplier of hands-on healthcare education products. Our comprehensive range includes human anatomical models, educational charts, and advanced healthcare simulation tools like patient simulators, task trainers, and simulated medication for every stage of a student's journey. We believe hands-on learning is key to delivering successful healthcare outcomes.

Anchor Simulation

#119

3250 Old Farm Lane Ste 8
Walled Lake, MI 48390
<http://www.AnchorSimulation.com>
hello@anchorsimulation.com

Anchor Simulation provides equipment, supplies, and furnishings for healthcare training environments, including hospital beds, headwalls, crash carts, simulated medications, medication dispensing systems, manikins, trainers, and more! We help schools and medical facilities create realistic, functional simulation spaces that enhance hands-on learning and prepare students for real-world healthcare settings.

ATI Nursing Education

#242

11161 Overbrook Rd.
Leawood, KS 66211
[https://atinursing.com/
atcommunications@atitesting.com](https://atinursing.com/atcommunications@atitesting.com)

ATI Nursing Education is the leading provider of online instruction, remediation, analytics, and consulting solutions that deliver superior learning outcomes, enhance faculty effectiveness, and support the growth of nursing programs across the country.

Avkin

#1229

103 S. James Street
Wilmington, DE 19804
<http://www.avkin.com>
info@avkin.com

Avkin merges the technology of a manikin with the authenticity of a live person, creating research-backed wearable simulators proven to enhance empathy, communication, and clinical competence. Visit booth #1229 at IMSH 2026 for live demos and experience how Avkin's human-centered innovation is redefining realism and outcomes in healthcare simulation.

AVT Simulation

#1311

4715 Data Court, 300
Orlando, FL 32817
[https://www.avtsim.com/
info@avtsim.com](https://www.avtsim.com/info@avtsim.com)

AVT Simulation specializes in developing cutting-edge simulation and training solutions for military and defense applications. With a focus on innovation, teamwork, and supporting the Warfighter, AVT delivers custom simulators, system integration, and engineering services, enhancing mission readiness and operational effectiveness for U.S. and allied forces worldwide.

Biomed Simulation

#1037

9939 Via Pasar
San Diego, CA 92126
[https://www.biomedsimulation.com/
marketing@biomedsimulation.com](https://www.biomedsimulation.com/marketing@biomedsimulation.com)

Biomed Simulation develops advanced simulation technologies that elevate clinical training and enhance patient safety. Our CALIFIA® Family of Products provides high-fidelity, physiology-based training solutions that replicate the complexity of cardiac surgery and life support. We're committed to advancing simulation technology and fostering cross-disciplinary collaboration to improve patient outcomes.

BJB Enterprises

#947

14791 Franklin Avenue
Tustin, CA 92780
<https://bjbenterprises.com>
tpeterson@bjbenterprises.com

BJB Enterprises formulates and manufactures advanced polyurethane, silicone, and epoxy systems—supported by a world-class Technical Support Team. From materials to dispensing and vacuum equipment, our experts provide trusted guidance to ensure reliable, high-performance solutions across industries.

Body Interact - Virtual Patients

#921

60 Broad Street, STE3502
New York, NY 10004
[https://bodyinteract.com/
TTW_finance@takethewind.com](https://bodyinteract.com/TTW_finance@takethewind.com)

Body Interact is a clinical system adopted around the world to train learners in decision-making and critical thinking, with lifelike virtual patients, in hundreds of clinical scenarios. Body Interact enables both medical professionals and students to accelerate learning, develop clinical skills and achieve excellence in their performance.

BT Inc.
#111

A-313 Samsung Techno-valley
 140, Tongil-ro, Goyang 10594
 Korea, South
<https://btinc.co.kr>
bt@btinc.co.kr

To be a leading company to respect human life and improve the quality of life, BT Inc. was established to develop and supply the high-quality medical training simulators. BT stands for Best Technology, which reflects our aspiration to create a 'Better Tomorrow' by leading the field of medical engineering technology.

BVS Trade FZC (BE.MED.SKILLED)
#1137

Executive Office - B1 - 550 (f)
 Ajman Free Zone, Ajman, 8010
 United Arab Emirates
<https://bemedskilled.com/coo@bvstrade.ae>

BE.MED.SKILLED develops next-generation hybrid simulators for medical and dental education. Our flagship solutions—XR-Body and DENT.PRO—combine physical realism with extended reality to deliver immersive, hands-on training. We empower educators and students worldwide to master clinical skills through deliberate practice, data-driven feedback, and true-to-life simulation.

Cedars-Sinai Health System #144

8700 Beverly Blvd Los Angeles
 Los Angeles, CA 90048
<https://www.cedars-sinai.edu/education/simulation.html>
russell.metcalfe@csmc.edu

Center for Medical Simulation, Inc. (CMS) #445

100 1st Ave, Suite 400
 Boston, MA 02129
<https://harvardmedsim.org/info@harvardmedsim.org>

The Center for Medical Simulation (CMS) offers innovative courses and consulting services utilizing simulation for clinicians, educators, administrators, and managers that help improve learning, performance, teamwork, communication and collaboration skills and assist in making measurable improvements in safety, quality and education in their institutions and healthcare in general.

Coursey Enterprises #246

1259 Lynn Lane
 Idabel, OK 74745
<https://www.courseyenterprises.com>
sales@courseyenterprises.com

Coursey Enterprises is an industry leader with 38 years of providing Custom Nurse Skills Kits and Medical Supplies. We supply and offer service in 48 states and in over 700 facilities! We offer high quality products while striving to save your program money!

DDx by Sketchy
#844

2261 Market Street #4698
 San Francisco, CA 94114
<https://www.sketchy.com/ddx>
victoria.siton@sketchy.com

DDx by Sketchy is an AI-enabled educational platform that transforms traditional static case studies into interactive clinical simulations. Developed by academic faculty across various specialties, DDx offers a diverse range of cases, including both common complaints and rare diagnoses that students may not encounter during rotations.

DiaMedical
#18

31440 Northwestern Highway, Suite 110
 Farmington Hills MI 48334
<https://www.diamedicalusa.com/info@diamedicalusa.com>

Since 2009, DiaMedical has been a recognized leader in improving healthcare training through innovative simulation solutions. We support medical education and training programs with equipment and supplies for simulation and skills labs across Nursing, EMS, Respiratory Therapy, Physical & Occupational Therapy, Pharmacy, and Allied Health.

Dimedus, Inc
#1143

177 Maple st
 Needham, MA 02492
<https://dimedus.com/info@dimedus.com>

DIMEDUS is a digital medical education system that delivers an immersive and interactive learning environment for medical professionals and students of Medicine. Our educational solution combines the latest advancements in virtual reality (VR), simulation and online learning, creating an engaging and effective educational experience

Dynasthetics
#642

3487 W. 2100 S. #300
 Salt Lake City, UT 84119
<https://www.dynasthetics.com/sblackwell@dynasthetics.com>

A medical device company with an array of innovative products.

Education Management Solutions

#400

1300 Morris Drive, Lower Level
Wayne, PA 19087
<https://ems-works.com>
info@ems-works.com

Education Management Solutions is a leading provider of healthcare simulation and competency management solutions. As a hardware and software-agnostic provider, EMS platforms feature seamless integrations, the flexibility of both on-premises and cloud solutions, and superior support that furthers their mission to elevate the discipline of healthcare simulation anytime, anywhere.

EHR Go

#102

3300 N Triumph Blvd, Suite 100
Lehi, UT 84043
<https://ehrgo.com/>
support@archetypeinnovations.zendesk.com

EHR Go is an educational electronic health record that builds clinical judgment, critical thinking, and professional skills through real-world learning. With diverse patients and customizable activities, it supports applied, interprofessional, and competency-based education across nursing, medicine, pharmacy, allied health, and health information management programs.

Elevate Healthcare

#308

6300 Edgelake Drive
Sarasota, FL 34240
<https://elevatehealth.net>
communications@elevatehealth.net

Elevate Healthcare enhances patient safety and clinical performance through innovative education and cutting-edge simulation technology. Our expert-driven solutions empower healthcare professionals to deliver superior care, ensuring the highest quality outcomes. Our mission is to revolutionize healthcare education and build a safer, healthier future for all.

Elm Park Labs

#447

150 Vester Ave, Suite 316
Ferndale, MI 48220
<https://www.elmparklabs.com>
contact@elmparklabs.com

Elm Park Labs offers innovative XR-educational products designed to enhance simulation, clinical education, and digital procedure guidance. The suite includes: MentorXR high-risk medical scenarios in a low-risk virtual environment. CompanionXR patient and caregiver education condition-specific guidance, care routines, and device instructions. NxtStepXR 3D procedural guidance for clinical onboarding skill advancement.

Erler-Zimmer GmbH & Co.KG #743

Hauptstrasse 27
Lauf, 77886, Germany
<https://erler-zimmer.de/>
info@erler-zimmer.de

Erler-Zimmer is a leading manufacturer, providing products for medical education and simulation. We're standing for innovative solutions for healthcare since 1950. Specializing in high-quality anatomical models, simulators, medical task trainers and debriefing systems, Erler-Zimmer is committed to advancing medical education and improving patient care.

eTrainETC

#1244

PO Box 51858
Sarasota, FL 34232
<http://www.etrainetc.com>
contactus@etrainetc.com

AI-infused, self-authoring platform creates and edits interactive virtual microsimulations in minutes. Build engaging modules with immersive VR, 3D or 2D environments with content, pictures, videos and interactions for use on any device, and leverage a sim library. Learners apply knowledge and self-assess confidence, while receiving AI remediation and data analytics.

Exonicus, Inc.

#104

4000 NE Mason Rd, Suite 300
Seattle, WA 98195
<http://www.exonicus.com>
sandis.kondrats@exonicus.com

Exonicus provides advanced XR trauma training that prepares military, medical, and emergency personnel for high-stress emergencies. Through physiologically driven, immersive simulations with MilExTS®, we build critical decision-making and procedural readiness. Scalable and cost-effective, our platform empowers responders to act quickly and confidently to help reduce preventable deaths.

F.A. Davis Company

#446

1915 Arch Street
Philadelphia, PA 19103
<http://www.fadavis.com>
cs@fadavis.com

F.A. Davis is an independent, family-owned publisher of educational solutions for the Nursing and Health Science professions. Based in Philadelphia since 1879, Davis is dedicated to developing teaching and learning solutions that meet the needs of today's students and educators.

Gaumard Scientific #700
 14700 SW 136th Street
 Miami, FL 33196
<https://www.gaumard.com>
sales@gaumard.com

Gaumard designs, manufactures, and delivers industry-leading simulation-based training solutions for healthcare workforces in hospitals, universities, emergency medical services, and military organizations worldwide.

Gener8 USA LLC #1319
 101B Greenbriar Street
 Belton, TX 76513
<https://g8spaces.com/>
kris.ward@g8spaces.com

Gener8 delivers immersive simulation technology that transforms medical education and training. Our interactive environments enable healthcare professionals to practice critical skills in lifelike scenarios, enhancing retention, precision, and confidence. Through blended learning and advanced visualization, Gener8 bridges theory and practice, preparing clinicians for real-world challenges with unparalleled engagement and efficacy.

GeneVision #1211
 1-22-16 Ehara-cho, Nakano-ku, Tokyo
 Tokyo, 165-0023, Japan
<https://genevision.co.jp>
internationalsales@genevision.co.jp

GeneVision was founded in 2024, we are a comprehensive enterprise that utilizes innovative research and development in the field of new technologies. We focus on the research and development and manufacturing of medical education equipment, simulation medical training, medical academic exchanges, and consulting.

Genius Academy #346
 11848 Jefferson Blvd
 Los Angeles, CA 90230
<http://www.experiencegeniusacademy.com>
finance@experiencegeniusacademy.com

Genius Academy blends AI, cinematic immersion, and technology to revolutionize skills development, empowering the next generation of healthcare professionals. Assess competency and align with accreditation standards using the power of immersive, real-world simulations.

GT Simulators #1036
 10388 W State Rd 84, Ste 111
 Davie, FL 33324
<https://www.gtsimulators.com>
info@gtsimulators.com

GTSimulators is a U.S. company supplying medical simulators, anatomy models, CPR manikins, and other health education tools. Representing 40+ leading brands, including Nasco, Gaumard, Elevate, 3B Scientific, Kyoto Kagaku, TacMed,

MedVision, SafeGuard, Adam-Rouilly, Vata, Erler-Zimmer, Innosonion, MedicFX, Medical-X, BTinc, BeMedSkilled, and many more, offering a catalog of 4,000+ products.

Health Scholars (UpSkillAI) #444
 5150 Mae Anne Ave, Suite 405 PMB 1197
 Reno, NV 89523
<https://upskillai.com/>
info@upskillai.com

Health Scholars (UpSkillAI) equips Hospital, EMS, Pharma, Higher Ed and Defense agencies with turnkey VR training—preloaded headsets, smart onboarding, and realistic, AI-driven scenarios built for critical thinking under pressure. Teams train anytime, anywhere, with content custom-mapped to your local protocols, driving faster onboarding and sharper performance when every second counts.

HealthySimulation.com #1043
 7181 N HUALAPAI WAY STE 130 #36
 LAS VEGAS, NV 89166
<https://www.healthysimulation.com>
lance@healthysimulation.com

HealthySimulation.com is the world's leading healthcare simulation resource website providing daily how-to guides, research highlights, CE/CME webinars and online instant-access courses, expert interviews, comprehensive vendor directories, community discussion groups, conference and job listings, expert interviews and more! Join thousands of peers engaging with the most helpful clinical simulation content daily!

HVS SYSTEMS #110
 1 PLACE PAUL VERLAINE
 BOULOGNE BILLANCOURT, 92100, France
<http://www.hvs-systems.com>
david.decourt@hvs-systems.com

Healthcare Video Systems is a company specializing in audio-video debriefing and simulation center management. Our solutions enable the management of student curricula, simulation rooms, debriefing rooms, and OSCE management. We also offer ultra-mobile solutions at the best prices on the market.

i-Human Patients by Kaplan #146
 1515 West Cypress Creek Road
 Ft. Lauderdale, FL 33309
<https://www.i-human.com>
mark.ratliff@kaplan.com

With cutting-edge virtual simulation, your students will develop the critical skills they need to excel—from licensure to clinical practice. Bridge the gap between theory and practice using our premium cases for undergraduate and graduate nursing, MD, DO, and PA programs. Measure confidence and competence for your students' clinical preparedness.

Innosonian America LLC #1204

5760 NC 96 Hwy W
Youngsville, NC 27596
<http://www.innosonian.global>
hello@innosonian.us

There are many methods of teaching CPR, confidence and competence in the simple basics of CPR delivery are key to survival outcomes. Our Brayden CPR manikins have been designed with a keen focus to make teaching and learning CPR simple & effective for all would-be life-savers!

Intelligent Video Solutions #710

N53W24747 S. Corporate Circle
Sussex, WI 53089
<https://ipivs.com>
sales@ipivs.com

Intelligent Video Solutions develops video observation and recording systems for healthcare simulation. Its flagship product, VALT delivers secure video streams while enabling users to manage their own database. VALT users can initiate a session tagged with important data, stream live, and search recordings with a simple intuitive browser interface.

Interact Solution #118

6350 Lake Oconee Parkway
Suite 110 PMB 15
Greensboro, GA 30642
<https://interactsolution.com>
Info@interactsolution.com

Interact Solution provides an innovative software management training platform for healthcare simulation. Using emerging technologies and AI enhanced analytics, our objective is to modernize simulation training, and provide healthcare organizations the tools to increase learner competency and improved outcomes. We Build Coliseums for Tomorrow's Healthcare Gladiators.

Intulect #1111

7413 Windy Meadow Drive
Aubrey, TX 76227
<https://intulect.com/>
info@intulect.com

Intulect delivers AI-facilitated VR and PC-based nursing simulations that give students realistic, on-demand clinical experiences without requiring live facilitation. Our platform scales simulation opportunities, reduces educator workload, and provides detailed competency analytics—helping nursing programs improve readiness while lowering training costs.

KbPort LLC #1009

882 Butler St.
Pittsburgh, PA 15223
<http://www.kbport.com>
orders@kbport.com

KbPort™ is a software and hardware development company, with specialization in medical education. Designing recording, debriefing and simulation-based solutions since 1994, KbPort™ has developed teaching tools which are realistic, fully-integrated and functional. Simplicity™ enables institutions to achieve a more positive educational outcome through the use of technology.

KOKEN CO., LTD. #847

1-4-14 Koraku Bunkyo-ku
Tokyo
112-0004, Japan
<https://www.kokenmpc.co.jp/english/index.html>
customer@kokenmpc.co.jp

In the fields of medicine, nursing and emergency care, the training of qualified professionals requires the use of educational medical models and other simulators developed by Koken. These models are individually handcrafted using Koken's original technology, giving them an amazingly realistic look and feel.

Kyoto Kagaku Co.,Ltd. #828

15 Kitanechoya-cho, Fushimi-ku
Kyoto
612-8388, Japan
<https://www.kyotokagaku.com/en/rw-kyoto@kyotokagaku.co.jp>

Kyoto Kagaku is a leading Japanese manufacturer with over 75 years of experience developing medical simulators that provide realistic clinical training. We design simulators, anatomical models, and ultrasound phantoms to help the next generation of healthcare professionals acquire skills safely and effectively.

Laerdal Medical #401

167 Myers Corners Road, Suite 201
Wappingers Falls, NY 12590
<https://www.laerdal.com>
customerservice@laerdal.com

Laerdal Medical is a world leader in healthcare education and resuscitation training. By using immersive technologies and data-centric insights we can help to increase survival, and improve healthcare quality. We empower lifesavers, and healthcare workers, to help them save more lives. Learn more: www.laerdal.com

Lavallee Brensinger Architects #1238

155 Dow St. Suite 400
 Manchester, NH 3101
<https://lbpa.com/marketing@lbpa.com>

Lavallee Brensinger Architects is a firm of architects, designers, and process specialists. For over 40 years, they've delivered innovative planning and design for healthcare, higher education, and medical education, including clinical simulation environments that customize learning and prepare a new generation of healthcare professionals.

Lecat's VentriloSCOPE #137

7440 Hudson Rd.
 Kent, OH 44240
<https://www.ventriloSCOPE.com>
admin@ventriloSCOPE.com

Created by a physician for clinicians, the VentriloSCOPE® stethoscope allows users to incorporate high-quality live recordings of abnormal patient pathologies and Korotkoff sounds into any teaching scenario, including group learning, Standardized Patient Assessments, O.S.C.E.s, and more.

LifeTec Group #1047

Kennedyplein 10
 Eindhoven
 5611ZS, Netherlands
<https://www.lifetecgroup.com>
info@lifetecgroup.com

LifeTec Group - a Resolution Medical company - provides ex-vivo BioSimulation models to support medical device innovation and training. Making use of real cardiac/vascular tissue, the concept is to re-create a testing and clinical training environment that is as close as possible to in-vivo. We provide both services and equipment.

Limbs & Things #910

12127 Apache Ave
 Savannah, GA 31419
<http://www.limbsandthings.com>
customerservice@limbsandthings.com

Limbs & Things produce intuitive training tools that build medical mastery from first skills to clinical complexity. Collaborating with healthcare professionals from design through to production, the company engineers evidence-backed simulation that work seamlessly to instill confidence in every hand.

Lumeto #718

793 Pharmacy Ave
 Scarborough, ON M1L 3K2
 Canada
<https://lumeto.com/>
contact@lumeto.com

Lumeto empowers healthcare educators with its next-gen XR simulation platform,

InvolveXR, designed for scalable, customizable training with AI-driven realistic characters and assessments. Offering all modes of training and competency tracking, InvolveXR enables data-driven simulation across the healthcare continuum. Experience the most adaptable AI-enabled Sim Lab at Lumeto's booth.

Lumis #336

5001 Baum Blvd., Suite 434
 Pittsburgh, PA 15213
<https://lumiscorp.com/>
contact@lumiscorp.com

Lumis aims to disrupt the traditional healthcare training experience through our unique simulation platform that blends the best of AR/VR with traditional modalities of training to cater to the new generation of visual learners. Our products serve Nursing, Medical Schools, EMTs, Military, Allied Health, and much more.

Luna Labs Medical Simulation#1042

706 Forest St, Suite A
 Charlottesville, VA 22902
<http://www.lunalabs.us/products/>
brad.day@lunalabs.us

Luna Labs manufactures TrueClot Bleeding Control Training Products and the Dislotech line of Joint Reduction Trainers. Visit us at TrueClot.com or Dislotech.com.

Magic Ultrasound #737

3F, B21, Huachuang Animation Industry Park,
 No. 9 Huateng Road, Shiqi Town,
 Panyu District
 Guangzhou
 511400, China
<http://www.magicultrasound.com>
rachel.chen@magicultrasound.com

As a global innovator and manufacturer of ultrasound simulation training solutions, Magic Ultrasound is committed to advancing educators, empowering trainees' ultrasound skills, and enhancing healthcare. Our ultrasound models integrate high-quality imaging, realistic anatomy, and flexible real-world modules to boost precision and confidence—ultimately improving patient care accuracy and efficiency.

Med One Group #546

10172 South 1300 East
 Sandy, UT 84094
<https://www.medonegroup.com/>
info@medonegroup.com

Med One is one of the largest independent medical equipment leasing and rental companies in the healthcare industry. Med One has served the nation's acute care hospitals and many other healthcare facilities with leasing, rental, sales and service solutions. We make medical equipment available with simple processes and dedicated service.

MedAffinity Corp #443

1400 Village Square BLVD, Suite 3, #509

Tallahassee, FL 32312

<http://www.medaffinity.com>

wwatson1@medaffinity.com

MedAffinity harnesses the full capability of data-driven computing to deliver powerful data capture and speed the documentation process, with the needs of education in mind. MedAffinity software is designed to make the documentation process as natural as possible, with an interface that looks, and acts like a real document.

MedAscend #1045

7e Abbotsford Street

Dundee

DD2 1DE, United Kingdom

<https://med-ascend.com>

hana@medascend.ai

MedAscend is an AI-powered platform that brings patient encounters to life, enabling healthcare students to practise realistic clinical conversations and reasoning with lifelike virtual patients. It provides feedback after each session and helps universities and institutions scale consistent, curriculum-aligned clinical training that builds confidence and prepares learners for real-world practice.

Medical Shipment #128

8060 Saint Louis Ave

Skokie, IL 60076

<https://www.medicalshipment.com/>

info@medicalshipment.com

Medical Shipment is a one stop shop for medical supplies, equipment, custom student kits, and the Pyxis MedStation.

Medical Simulations #42

133 West Market St., #160

Indianapolis, IN 46204

<https://www.medicalsimulations.com>

paul@medicalsimulations.com

ECMO Simulation and Simulation Scheduling Software made by Sim Ops for Sim Ops

Medical X #1017

Hazenkamp 50

Arnhem

6836 BA, Netherlands

<https://medical-x.com>

info@medical-x.com

Medical-X is a leading developer of medical simulation tools, committed to enhancing healthcare education and training. The company specializes in creating high-fidelity simulators that empower healthcare professionals with the skills and confidence to perform in critical situations.

MEDICFX #243

10 Collins Street

Morningside, Auckland

1025, New Zealand

<http://www.medicfx.com>

info@medicfx.com

MEDIC-FX specialises in high-quality, anatomically accurate silicone models designed to enhance realism in healthcare simulation, supporting improved clinical education and patient safety. The company offers a diverse range of products, including facial overlays, trauma training models, obstetric and gynaecological simulators, clinical skills trainers, and custom product development.

MediView XR, Inc. #745

10000 Cedar Ave. Suite GCIC2-153

Cleveland, OH 44106

<http://www.mediview.com>

info@mediview.com

MediView is a med-tech company working to advance human health through its digital augmented reality ecosystem. MediView's intuitive augmented reality visualization platform aims to unlock the full potential of 3D data to transform image-guided medical procedures with intuitive 3D X-ray vision visualization, seamless remote collaboration, and evidence-based data insights.

MedVision #929

14300 Carlson Circle

Tampa, FL 33626

<https://www.medvisionsim.com/>

sales@medvisiongroup.com

"MedVision is an innovative and fast-growing company specialized in designing and manufacturing high-fidelity medical simulators and having more than nine years of history in the development of medical simulation equipment."

MedVR Education #143

3750 Market St

Philadelphia, PA 19104-3102

<https://medvr.education/>

support@medvr.education

MedVR Education provides immersive VR healthcare training with AI powered patients, allowing learners to practice clinical skills, procedures, assessments, and communication skills in realistic, risk-free environments. Our simulations build competence, confidence, and readiness for real-world healthcare challenges.

MGH Institute of Health Professions

#145

36 1st Ave
 Boston, MA 2129
<https://www.mghihp.edu/>
hpmed@mghihp.edu

We offer a tested and proven approach to health professions education—grounded in a commitment to health equity, defined by collaboration, and backed by Mass General Brigham. As the only degree-granting member of this world-class health system, we provide students with unparalleled access to clinical sites, research opportunities, and mentorship.

MicroHealth LLC

#138

8229 Boone Blvd 75te 500
 Vienna, VA 22182
<https://www.microhealthllc.com/>
media@microhealthllc.com

At MicroHealth, we're a small business making a big impact in the federal IT space. We specialize in delivering comprehensive IT solutions that span agile project management, cybersecurity, innovative software development, IT infrastructure, advanced data analytics, and specialized healthcare IT services. Our expertise ensure integration, compliance, and operational efficiency across industries.

Mock Medical

#342

Box 565
 Milford, IA 51351
<http://www.mockmedical.com>
info@mockmedical.com

SIMULATED SURGICAL INSTRUMENTS, "Like Sterile" Wrapped Surgical Drapes, Surgical Mankin System. Complete Simulation Lab Set Up; Equipment, Supplies, Laparoscopic and more!

MST

#536

Miechowska 5b/4
 Krakow
 30-055, Poland
<https://www.mst.eu>
office@mst.eu

MST is a company that focuses on advanced medical simulation technologies for interventional cardiology. Our products are designed to educate doctors in the field of echocardiography and structural heart procedures. Our customer portfolio includes entities such as: Columbia University, Harvard Medical School, InCore Hospital São Paulo, and many others.

Nasco Healthcare

#518

16 Simulaids Drive
 PO Box 1289
 Saugerties, NY 12477
<https://shop.nascohealthcare.com>
customerarc@nascohealthcare.com

At Nasco Healthcare, our mission is to prepare frontline healthcare workers to Be READY to deliver optimal patient outcomes, whenever and wherever they are called. We deliver life-like, reliable, affordable simulation solutions that enable our everyday heroes to be at their best, the moment they are called upon.

National Training & Simulation Association (NTSA)

#747

2101 Wilson Blvd, Suite 700
 Arlington, VA 22201-3061
<http://www.nts.org>
sburch@nts.org

Organizations and individuals in the Modeling & Simulation and Training industries are represented through membership in the National Training & Simulation Association (NTSA), affiliate of (NDIA). NTSA provides the training, simulation, support systems, and training services industries a formal organization to represent and promote their business interests in the market place.

neosim AG

#217

Tardisstrasse 225
 Zizers
 7205, Switzerland
<http://www.neosim.ch>
office@neosim.ch

neosim is a Swiss company with the mission to bring autonomous patient simulators to the training community. LuSi and TestChest are for training and education of clinicians, especially respiratory and intensive care professionals. LuSi (neonatology) and TestChest (pediatric, adult patients). Both simulators create realistic breathing in health and disease and create outcome variables.

North American Rescue

#542

35 Tedwall Court
 Greer, SC 29650
<http://www.narescue.com>
info@narescue.com

A premier innovator of medical/rescue equipment designed to save lives in the prehospital environment, North American Rescue leads the way by increasing survivability through tailored, mission-enabling healthcare solutions that counter the rapidly evolving threats of the 21st century. We are Products with a Mission®!

Northwestern University, Northwestern Simulation #345

240 E Huron, Suite 1-200
Chicago, IL 60611
<https://www.feinberg.northwestern.edu/sites/simulation/index.html>
d-irvin@northwestern.edu

Since 2010, Northwestern Simulation has provided state-of-the-art surgical and medical training for all learner levels. Its realistic environments support clinical training, device and human factors testing, peer/sales training, and research. Renowned faculty and strong industry partnerships drive innovation in simulation-based education and healthcare collaboration.

OMS (Oxford Medical Simulation) #1119

240 Elm St, Ste 226
Somerville, MA 01144
<https://oxfordmedicalsimaltion.com>
info@oxfordmedicalsimaltion.com

OMS (Oxford Medical Simulation) brings clinical expertise to immersive simulations that elevate learners, empower educators, and transform health outcomes. With unmatched support, dynamic technology, and AI at our core, we build partnerships that advance training, deliver measurable improvement, and take on healthcare's new reality.

Operative Experience #1029

1007 Old Philadelphia Road, Suite 300
Aberdeen, MD 21001
<http://www.operativeexperience.com>
info@operativeexperience.com

Operative Experience (OEI) is a leading manufacturer of high-fidelity human patient simulators for medical training, including PCCS and TCCS Pro - ultra-realistic, fully modular trauma care simulators; RealMom, a hyper-real birthing simulator with lifelike skin and tissue; and C-Celia—a suite of fully-operative simulators for training emergency obstetrics procedures.

OrchestrateXR #843

4 Weems Ln, #120
Winchester, VA 22601
<https://orchestratexr.com>
rmoore@orchestratexr.com

OrchestrateXR delivers a web-based, no-code healthcare training platform that is immersive, customizable, and AI-enabled. We empower organizations to adopt and scale impactful, affordable, and accessible immersive learning with expert leadership and innovation.

PANCKOO INC. #129

Yuanjia Life Science and Technology Industrial Park, Building 1, 603 Jiushui East Road, Laoshan District, Shandong Province Qingdao 266101, China
<http://www.epanckoo.com>
toni.wang@panckoo.com

Panckoo Inc., where innovation & services meet dedication in healthcare simulation. From products to turn-key solutions, our core competencies have been continuously expanding through the years from task trainers to high-fidelity patient simulators, "Brown Phantom" ultrasound trainers, surgical simulators and combat casualty care trainers.

Paradigm Medical Systems #343

PO Box 80007
Portland, OR 97280-1007
<https://www.paradigmmedicalsyste.ms.com/info@parmedsim.com>

Specialists in realistic OB/GYN and child-birth simulation. Constructed using unique materials and designed for clinical fidelity to drive development of functional muscle memory. Bring remarkable tactile realism to common procedures alongside low-volume high-risk emergencies, improving outcomes for educators and patients alike. Experience the gold-standard in women's healthcare simulation for yourself!

Patient Ready Inc. #547

450 Design Ave
Winston Salem, NC 27101
<https://www.patientready.net/>
ryan@patientready.net

Patient Ready transforms nursing education with a Patient AI conversation engine, enabling students to build critical thinking and problem-solving skills by speaking with virtual patients. Designed in response to the nursing shortage and Next-Gen NCLEX standards, our immersive AI simulations strengthen clinical judgment in safe, interactive, real-world training environments.

PCS.AI #337

Zártkert utca 1388/22
Felsőörs
8227, Hungary
<http://www.pcs.ai>
info@pcs.ai

PCS.AI is the leading innovator at the intersection of AI and healthcare simulation—pioneering AI-driven communication, feedback, and performance analytics since 2016. Our technology transforms manikins, task trainers, and virtual patients into intelligent partners for learning and assessment, helping educators bring realism, reflection, and measurable growth to every learning encounter.

Pocket Nurse

#911

610 Frankfort Road
Monaca, PA 15061
<https://www.pocketnurse.com/>
info@pocketnurse.com

Nurse-owned since 1992, Pocket Nurse® offers over 5,300 products for simulation-based learning from trusted industry brands. Curated by our team of Registered Nurses, Pocket Nurse® products serve the needs of many healthcare curricula and specialties such as nursing, EMS, CPR training, pharm tech, physical therapy, allied healthcare, and more.

Polhemus

#643

40 Hercules Dr
Colchester, VT 5446
[https://polhemus.com/](https://polhemus.com/sales@polhemus.com)
sales@polhemus.com

Polhemus is a global leader in 3D motion tracking, offering high quality tracking systems, the latest in 3D digitizing, and various motion tracking solutions. We have serviced the medical, military, and research industries among many others.

Polytek Development Corp

#842

55 Hilton Street
Easton, PA 18042
[https://www.polytek.com](https://www.polytek.com/sales@polytek.com)
sales@polytek.com

Polytek delivers high quality products that enable you to manufacture clinically accurate, durable medical models and body parts. We partner with you during your specification process to help you select from standard products or develop custom formulas that meet your requirements such as hardness, cure speed, feel, tack, rebound, resistance.

Preclinic Medtech (Shanghai) Co., Ltd

#139

2F, Building 3, No.950, Songhua Road, Shanghai, China 201706.
SHANGHAI
201706, China
<http://www.preclinic-sim.com>
emmazhang@preclinic-sim.com

Shanghai Preclinic Medtech Co., Ltd. was established by medical experts and engineers with abundant experience in theory and practice of combination of medicine and engineering. It is a high-tech enterprise specialized in the design, development and manufacture of high-simulation models, surgery training simulators and other devices.

RadSim

#742

311 23rd Street Ext Suite 200
Pittsburgh, PA 15215
[https://www.rad-sim.com/](https://www.rad-sim.com/sales@pstnet.com)
sales@pstnet.com

RadSim's Encore Mock MRI Scanner provides a full-size, realistic simulation experience for enhanced training in simulation centers. It features laser positioning, precise table movements, squeeze ball, and emergency stop. The touchscreen control panel allows adjustments for table, lights, fans, and scanner sounds, offering comprehensive, safe, and realistic procedural practice.

Realflesh masks

#946

1025 Marco Polo
Ste Catherine
J5c1y8, Canada
[https://www.realfleshmasks.com/](https://www.realfleshmasks.com/realfleshmask@hotmail.com)
realfleshmask@hotmail.com

Manufacturer of realistic silicone masks overlay transforming actors or manikin into hyper realistic patient for all simulation scenarios roleplay and extreme realism since 2010

Realityworks, Inc.

#1046

2709 Mondovi Road
Eau Claire, WI 54701
[https://www.realityworks.com/](https://www.realityworks.com/information@realityworks.com)
information@realityworks.com

Realityworks, Inc. offers educational products that use interactive, hands-on learning experiences and realistic learning aids to help health occupations students learn targeted, career-specific skills. Products and programs address nursing training, patient care, sports medicine, geriatric sensitivity and elder care, soft skill development, career exploration and more.

Reynolds Advanced Materials#1237

13700 Diplomat Drive
Farmers Branch, TX 75234
[https://www.reynoldsam.com/](https://www.reynoldsam.com/Dallas@reynoldsam.com)
Dallas@reynoldsam.com

Reynolds Advanced Materials offers comprehensive solutions for medical simulation, including skill trainers, biological tissue models, prosthetics, moulage, mass casualty simulations, and training devices. Our materials specialists provide free expert guidance to educators, students, fabricators, and health-care trainers to achieve hyper-realistic results, ensuring the most effective asset creation and training outcomes.

RIB

Unit 15 Mead Lane
Lydney Industrial Estate
Lydney
GL15 5DA, United Kingdom
<https://www.ribtechnologies.info/>
Accounts@ribproductions.co.uk

Rib Productions is an innovator in the medical simulation field. We create realistic medical simulation manikins for a diverse range of body type and size to increase empathy and greater understanding in the training of medical professionals.

Safeguard Medical

13359 REESE BLVD EAST
HUNTERSVILLE, NC 28078
<http://www.safeguardmedical.com>
info@safeguardmedical.com

Safeguard Medical is home to the world's leading and trusted brands for emergency medical product technologies and skills training. Safeguard Medical aims to solve not only the emergency medical needs of today but prepare for the demands of tomorrow.

Sawbones

10221 SW 188th Street
Vashon, WA 98070
<https://www.sawbones.com/>
info@sawbones.com

Sawbones creates realistic medical procedure simulation models for hands-on training in orthopedics, nursing, and more. For 50 years, we've helped medical professionals refine skills and support medical device demonstrations. With global operations, we set the standard for innovation and excellence—because practice builds confidence, and confidence saves lives.

SHANDONG DIGIHUMAN TECHNOLOGY CO.,INC

NO.1188,Tianchen Road,High-tech Zone,
Jinan,Shandong Province,China
Jinan
250101, China
<http://www.digihuman.net>
digihuman2017@163.com

Established in 2002, Digihuman Technology is deeply engaged in the field of medical education products, especially the Digihuman Anatomy System, Digihuman Anatomy Table, which have been affirmed by customers in more than 40 countries. Digihuman serves precision medicine for the benefit of human health.

[https://www.simconverse.com/#/
will@simconverse.com](https://www.simconverse.com/#/will@simconverse.com)

SimConverse delivers scalable AI-powered communication, clinical reasoning, and simulation training across hospitals, universities and governments. Learners engage with lifelike AI characters, receive personalised feedback, and access thousands of customisable scenarios across all health disciplines. Trusted worldwide, SimConverse is the definitive leader in AI simulation training: www.simconverse.com

SimKit

#247

10 Birch Ln
Scarborough, ME 4074
<https://simkit.co/>
info@simkit.co

Medical simulation-based training delivered directly to the Emergency Medicine physician to maintain the critical skills needed to save lives.

SimServeRx® by 3AM Technologies

#1236

5551 Highway US-41 ALT
Joelton, TN 37080
<http://www.SimServeRx.com>
sales@3amtechnologies.com

Why pretend? SimServeRx® is an affordable, customizable medication dispensing and administration solution with no monthly subscriptions and unlimited users and patients. Our software allows students to fully engage in lifelike medication dispensing scenarios. Real-world SimServeRx cabinets and carts come with unmatched service and support for the first year.

SIMStation Inc.

#209

2155 Chenault Dr, Suite 503
Carrollton, TX 75006
<https://www.simstation.com>
office@simstation.com

SIMStation, a global leader in premium AV and exam solutions, empowers institutions with innovative, user-friendly systems for simulation, training, and OSCE management. Since 2012, our flexible, fully connected platforms have enhanced collaboration, reliability, and digital efficiency—trusted worldwide for live control, recording, and immersive debriefing.

Simuhealth

#147

777 Hornby street, Suite 1500
Vancouver BC
V6Z 1S4, Canada
<https://www.simu.health/>
inquiry@simu.health

Simuhealth is the healthcare simulation industry's first purpose-built Operations System and ERP. Simuhealth streamlines and automates every aspect of a healthcare simulation training program's day-to-day operations, including equipment and facilities management, scheduling, logistics, reporting and analytics.

Simulab Corporation

#100

13001 48th Ave S
Seattle, WA 98168
<https://www.simulab.com/>
info@simulab.com

By collaborating with leading educators worldwide, leveraging its years of experience, and bringing a specialized knowledge of materials and manufacturing processes to the medical industry, Simulab has become the market leader in developing realistic and affordable trainers for various educational needs.

SimVS

#1142

909 Helderberg Trail
East Berne, NY 12059
<https://www.simvs.com/>
greg@simvs.com

SimVS develops innovative simulators that can be used in a wide variety of settings for scenarios involving patient assessment, treatment and communication skills. Our best-selling product SimVS-IV has rapidly transformed how medication administration is being taught leading to improved learning outcomes and learner confidence.

SimX VR

#316

548 Market St #87927
San Francisco, CA 94104
<http://www.simxar.com>
Contact@simxar.com

SimX didn't just introduce VR simulation training to the healthcare market; we created it. As the inventors of XR technology for simulation training, we have fundamentally revolutionized the entire field. Our innovative platform delivers highly realistic and customizable training scenarios, significantly improving clinical readiness and patient outcomes.

SKILLQUBE GmbH

#1243

Im Singeisenhof 9, Riehen
4125, Switzerland
<https://en.skillqube.com/>
info@skillqube.com

SKILLQUBE GmbH pursues its Mission360 with the pillars training, simulation and technology and develops holistic solutions for simulation and training in clinical and preclinical care. The qubeSERIES includes their own ECG patient simulation systems, ventilation simulators and audio-video debriefing systems, which support education and training in the healthcare sector worldwide.

SonoSim, Inc.

#637

606 Venice Blvd., #B1100
Venice, CA 90291
<https://www.sonosim.com>
sales@sonosim.com

SonoSim's ultrasound training ecosystem combines virtual learning, scanning, and performance tracking to prepare learners before simulation. SonoSim LiveScan® enhances realism by transforming manikins or standardized patients into cases with real pathology and dynamic vital signs. Together, they standardize ultrasound education, scale training, and accelerate learner proficiency across clinical disciplines.

Stealth Simulation

#937

PO BOX 824863
Pembroke Pines, FL 33082
<https://stealthsimulation.com>
info@stealthsimulation.com

Stealth Simulation® develops technology-driven innovative solutions to increase the fidelity of standardized patient simulations without disturbing their realism. Visit our booth to experience the DxBAT® auscultation trainer, which automatically tracks a real stethoscope delivering simulated auscultatory findings onto it. Broadcast in real-time to remote learners on the DxCAST platform too!

Stratasys

#1245

1 Holtzman St. Science Park, P.O. Box 2496
Rehovot, 7612401, Israel
<https://www.stratasys.com/en/industries-and-applications/3d-printing-industries/medical/>
medical@stratasys.com

Stratasys is leading the global shift to additive manufacturing with innovative 3D printing solutions. Through smart and connected 3D printers, polymer materials, a software ecosystem, and parts on demand, Stratasys solutions deliver competitive advantages at every stage in the product value chain.

SurgeonsLab Inc.

#537

4500 Bluestem Drive, 4107
Dallas, TX 75078
<https://surgeonslab.com>
info@surgeonslab.com

SurgeonsLab is a MedTech company specializing in high-fidelity surgical simulation for surgery and endovascular procedures. Its flagship products — SurgTrain and CathTrain — combine physical realism with mixed-reality technology for patient-specific and risk-free practice. The company's mission is to transform surgical education and device validation through lifelike and data-driven simulation solutions

Surgical Science

#729

811 First Ave
Seattle, WA 98104
<http://www.surgiscience.com>
info@surgiscience.com

Surgical Science is a medical simulation company by heart, run by humans dedicating their actions and passions for people, medicine and technology to enhance patient safety and healthcare outcomes worldwide.

SurgiReal Products, Inc.

#543

995 N. Wilson Ave.
Loveland, CO 80537
<https://www.surgireal.com>
sales@surgireal.com

Engineered, designed, and manufactured by a surgeon in Loveland, Colorado, SurgiReal Products, Inc. delivers the most realistic, superior-quality task trainers to help today's healthcare students become competent, confident and skilled medical professionals, ultimately leading to better patient outcomes.

SurgMate Co., Ltd.

#945

Rm. 7, 7F., No. 99, Sec. 1, Xintai 5th Rd.
Xizhi Dist., New Taipei City
221416, Taiwan
<https://www.surgmate.com/>
service@surgmate.com

SurgMate is a Taiwan-based company specializing in hands-on medical skills training platforms and customization services. We focus on MIS and ultrasound-guided procedures, with two main product lines: tumor treatment and cardiovascular procedures. Our solutions are designed to provide immersive training experiences, built on modular designs, and offered at affordable costs.

SynDaver

#236

8506 Benjamin Road
 Tampa, FL 33634
<http://www.syndaver.com>
inquiries@syndaver.com

SynDaver manufactures the world's most sophisticated synthetic human and animal models. Our SynDavers can bleed and breathe, and employ hundreds of replaceable muscles, organs and vessels that are made from materials that mimic the properties of living tissues, and is used to replace animals, cadavers and patients in simulation settings.

TacMed Simulation

#918

1250 Harris Bridge Road
 Anderson, SC 29621
<https://tacmedsolutions.com/simulation@tacmedsolutions.com>

TacMed Simulation™ delivers advanced training with high-fidelity Human and K-9 trauma manikins through its acquisition of TraumaFX®. Designed for military and first responders, these life-like simulators replicate real injuries and autonomous responses, providing immersive, stress-based training that builds confidence, skill, and readiness across the continuum of tactical and clinical care.

Tellyes Scientific Inc.

#900

3RE FLOOR WEST 6TH BUILDING
 18 WEST HAITAI ROAD, TIANJIN, CHINA
 TIANJIN, 300384, China
<http://www.tellyes.com>
info@tellyes.com

Tellyes is a premier high-tech enterprise at the forefront of medical simulation innovation. We develop an extensive portfolio of advanced training systems, from task trainers to high-fidelity simulators. By delivering realistic, immersive training solutions, Tellyes empowers medical professionals globally, turning every session into a "Virtually Real" experience.

The Apprentice Doctor

#744

1100 Military Road
 Kenmore, NY 14217
<http://www.kits.theapprenticedoctor.com>
judy@theapprenticedoctor.com

The Apprentice Doctor manufactures medical simulation training kits with online coursework for students on a path for careers in medical related fields.

The Chamberlain Group

#213

934 Main Street
 Great Barrington, MA 1230
<http://www.thecgroup.com>
bill@thecgroup.com

The Chamberlain Group is a Massachusetts-based studio specializing in the design and manufacture of high-fidelity anatomical models for surgical and interventional training.

The University of Alabama at Birmingham

#644

1716 9th Avenue South
 Birmingham, AL 35233
<https://www.uab.edu/home/juanitra@uab.edu>

The University of Alabama at Birmingham's Healthcare Simulation graduate programs equips professionals with the leadership and quality improvement skills needed to enhance patient safety, teamwork, and communication. Graduates gain the expertise to use simulation as an innovative tool to improve patient outcomes and advance healthcare delivery.

TheraMed Equipment

#106

2875 S Ocean Blvd
 Palm Beach, FL 33480
<https://www.theramedequipment.com/Lauren@theramedequipment.com>

TheraMed Equipment provides innovative medical and simulation technologies that enhance clinical training and patient safety. With expertise in laser-based systems and advanced simulation solutions, TheraMed Equipment partners with healthcare institutions to create realistic learning environments that improve precision, performance, and outcomes, bridging the gap between training and real-world clinical practice.

Tobii

#142

Karlsrovägen 2D
 182 53 Danderyd
 Sweden
<https://www.tobii.com/sales.us@tobii.com>

Tobii is the global leader in eye tracking, helping researchers, educators, and simulation experts understand human attention and behavior. Our technology powers breakthroughs in training, healthcare, and behavioral research—enabling safer, smarter, and more human-centered solutions. Tobii is headquartered in Sweden and trusted by thousands worldwide.

Toltech

#237

12635 E. Montview Blvd. Suite 350
 Aurora, CO 80045
<https://www.toltech.net>
Greg.Spitzer@toltech.net

Toltech virtual anatomy solutions make education more impactful, accessible, and successful. Enable learner comprehension of complex structural relationships through an immersive learning environment with true-to-life visualizations. Get started quickly with prebuilt curricular components with the flexibility to customize as you grow backed by industry leading expert-level support.

TouchPoint Medica

#746

2200 TouchPoint Drive
Odessa, FL 33556
<https://www.touchpointmed.com/>
mkeyser@touchpointmed.com

For nursing schools and simulation labs, TouchPoint Medical delivers medical and IT solutions that replicate real-world clinical environments. Our medication dispensing cabinets and workstations help train future healthcare professionals in accuracy, efficiency, and safety—preparing them for success across every care setting.

TranslateLive, LLC

#46

6531 Central Avenue
St. Petersburg, FL 33710
<https://www.translatelive.com>
jennifer.quigley@translatelive.com

TranslateLive's Instant Language Assistant (ILA) provides instant, real-time translation in over 200 languages and dialects. Fully secure and HIPAA compliant, the ILA can be customized with glossaries, medical terminology, and business process, such as registration questions. The ILA also has the ability to bring on a live interpreter, including ASL.

UbiSim

#437

2800-630 boul.
Rene-Levesque West, Montreal, QC
H3B 1S6, Canada
<https://www.ubisimvr.com/>
marketing@labster.com

UbiSim is the first immersive VR simulation platform designed by nurses for nurses. It's a safe environment where nurses learn to develop clinical judgment and build teamwork and communication skills so they can be confident, competent, and patient-ready from day one on the job.

United Tissue Network, Inc

#244

3620 E Wier Ave
Phoenix, AZ 85040
<http://www.unitedtissue.org>
Clientinfo@unitedtissue.org

We are a Non Profit 501(c)(3), AATB accredited whole body donation company. Mission is to: To empower people who want to make a difference through whole-body donation by uniting them with professionals dedicated to the advancement of medical technology, training and education.

University of Miami Gordon Center

#428

1120 N.W. 14th St., 1st Flr.
Miami, FL 33136
<http://www.gordoncenter.miami.edu>
bissenbe@med.miami.edu

The Gordon Center for Simulation and Innovation in Medical Education advances healthcare training through pioneering simulation-based education. Building on 50+ years of excellence, the Center develops transformative programs including the Harvey® Premier cardiopulmonary patient simulator, innovative stroke education with Advanced and Essential Stroke Life Support®, and the UMedic e-learning series.

University of South Alabama College of Nursing

#1315

5721 USA DRIVE NORTH
HAHN Suite 3068
MOBILE, AL 36688-0001
<http://www.southalabama.edu>

The College of Nursing provides quality, innovative educational programs to a diverse student body and participates in research and scholarly activities. This is accomplished this by providing a caring, engaging environment for the empowerment of student learning potential, the professional development of faculty, and the promotion of the nursing profession.

University of Washington, Division of Healthcare Simulation Science

#245

1959 NE Pacific Street, Box 356410
Seattle, WA 98195
<https://www.healthcare-simulation-masters.uw.edu/>
sherm@uw.edu

The Division of Healthcare Simulation Science is the first of its kind in the Pacific Northwest, and combines the research and educational delivery expertise of two programs at the University of Washington: The Center for Research Education and Simulation Technologies (CREST) and the WWAMI Institute for Simulation in Healthcare (WISH).

Vantari VR

#1313

2019 Boren Ave, Apt # 2909
The Ivey on Boren
Seattle, WA 98121
<https://www.vantarivr.com/>
info@vantarivr.com

Vantari is a globally leading health technology which helps doctors and nurses practice procedures in a safe, scalable Virtual Reality environment prior to performing them on real patients in order to eliminate medical error and improve patient outcomes.

VATA Inc

#943

308 S. Sequoia Parkway
Canby, OR 97013
<http://www.vatainc.com>
info@vatainc.com

At VATA, we are committed to providing our customers with the most realistic and highest quality health care models. We believe that by staying true to life, and implementing feedback from trusted clinicians, we can truly provide a better educational experience that ultimately improves patient care.

Vcom3D

#1219

3501 Quadrangle Blvd., Suite 250
Orlando, FL 32817
<https://www.vcom3d.com/>
MedSim@vcom3d.com

Vcom3D, Inc., an Orlando-based, woman-owned small business, provides immersive medical simulation and training systems based on plug-and-play architectures with interoperable manikin, virtual patient, and treatment modules.

VirtaMed

#535

16144 Churchview Dr
Lithia, FL 33547
<https://www.virtamed.com/en/carrie.hardyman@virtamed.com>

VirtaMed creates customized simulators for medical device companies and medical associations using original instruments and anatomic modules for realistic tactile feedback. VirtaMed is the world leader in high-fidelity virtual reality simulation for training of minimally invasive diagnostic and therapeutic interventions in various medical disciplines.

VRpatients

#1136

70 Weil Way
Wilmington, OH 45177
<http://www.vrpatients.com>
contact@vrpatients.com

VRpatients® is a no-code platform for creating immersive, AI-driven VR, MR, and web-based patient simulations—available anytime, anywhere. Its flexible authoring tool and 24/7 access let schools, hospitals, and healthcare workforce learners seamlessly integrate realistic, on-demand training that elevates clinical education and professional development.

WISER

#344

230 McKee Place, Ste 300
Pittsburgh, PA 15213
<http://www.wisersimulation.org>
wiserhelp@upmc.edu

WISER is a world class multidisciplinary training, development, and research facility. In addition to being a critical part of the infrastructure for the University of Pittsburgh and UPMC Health System, WISER also offers training to healthcare simulation professionals worldwide. WISER is accredited by SSH in all areas.

Wolters Kluwer

#1200

Two Commerce Sq
2001 Market Street
Philadelphia, PA 19103
<http://wolterskluwer.com/en/customerservice@lww.com>

Wolters Kluwer provides trusted clinical technology and evidence-based solutions that engage clinicians, patients, researchers, and the next generation of healthcare providers. Lead a nursing transformation and empower nursing staff with evidence-based solutions that help to drive clinical excellence, deliver quality patient care and improve staff engagement.

Xiamen cube magic 3D technology co.Ltd

#347

The 6th Floor, Building 23-1, Wanghai Road,
Software Park
Siming District, Xiamen City, Fujian Prov
Xiamen, 361008, China
<http://www.cubemagicvr.com>
sales@watercube3d.com

Xiamen Cube Magic 3D is a leading innovator in medical VR and hybrid simulation technologies. We integrate virtual reality, AI, and intelligent sensing to create immersive training systems that advance medical education and digital healthcare worldwide.

Your Design Medical

#942

272 Sea Cliff Ave
Sea Cliff, NY 11579
<https://WWW.YOURDESIGNMEDICAL.COM>
justin@yourdesignmedical.com

We design and build fully customizable medical simulation equipment. From suture pads to advanced ultrasound phantoms. We 3d print, CNC, cast mold and everything in between to make durable and affordable medical simulation gear. Owned and operated by an emergency physician.
